President's Welcome Message

Greetings! Shri Vile Parle Kelavani Mandal founded Narsee Monjee College of Commerce & Economics in 1964 with a focused vision and untrammelled thirst to nurture the society. The foundation of this educational institution is to continually strive for excellence in education and holistic development. It is one of the premier colleges in Mumbai which has acted as a catalyst in imparting quality education. Narsee Monjee College of Commerce & Economics offers multifarious programmes like B.Com, B.Com (Hons), BMS, BAF, BFM, B.Sc.IT and M.Com in faculty of Commerce & Economics. In addition to these programmes, the institution also provides certificate courses on contemporary topics like Content Marketing, Behavioural Economics, Data Analytics & Business Intelligence, Academic Writing, Entrepreneurship etc. which gives learners an edge over their peers in the job market by improving their communication, technical and allied soft skills.

Narsee Monjee College has always had a reputation of being the most sought-after college globally. I sincerely believe that our students will be able to sculpt a harmonious blend of curricular, co-curricular and extra-curricular activities through their journey in this temple of learning. It will sharpen their skills and help them to cope and overcome the harsh realities of life. Our social outreach programs by NSS, RCNM, DLLE, Enactus etc. along with special focus on sustainability will sensitize the students towards the pressing needs of the society and help them become responsible citizens of the country.

The biggest asset of our college is its dedicated teaching and non-teaching staff under the mentorship of our Principal & Vice-Principals. Their contribution in the growth of NM College is immense. With this strong background and the perseverance to develop the student fraternity, I look forward to enthusiastic students in our institution.

I wish all of you the best for achieving greater success and scaling new heights in your education and career ahead. With its newly adorned crown of Autonomous status, I am sure that NM College will leave no stone unturned to build a vibrant and inclusive learning community in a culture of excellence sustained by a sound value system that promotes responsible citizenship and effects social change. My warm wishes to all the new entrants to our NM PARIVAR.

Shri. Amrish R. Patel
(President,SVKM)

Message from the Mentor, NM College

Education is the ability to meet life situations. Resistance and diligence laced with knowledge and intellect can make one soar to any desired extent. The thrust of education at NM College (Autonomous) is not limited to mentor rank holders but to also create dynamic young cohorts with holistic personality who can make productive contribution in the field of education. Our vision for this institution is to impart quality education in all core disciplines of knowledge to develop skilled and civilized global leaders. The world-class infrastructure, access to latest technology and exposure to diverse technical skills, offered by the institution equips learners to stride with competitive fervour. NM is an amalgamation of highly qualified teachers, enthusiastic non-teaching staff and dynamic SVKM management who constantly channelize their energies in taking NM to greater heights.

I as mentor of NM College (Autonomous) earnestly endeavour to help you in realizing your dreams and make you better human beings. As an alumnus and as part of the management of SVKM it has been my privilege to have both – studied in this College and be associated with the College as the representative of SVKM Management. I am sure that we shall not rest with the glories attained in the past but shall continuously seek to redefine ourselves in the light of changing environment around us. I hope that our inexhaustive list of distinguished alumni who are serving judiciary, administration, education, corporate, politics etc. continues and that we passionately steer the youth towards the upliftment of the society.

All the best wishes for a fruitful college life at NM.

Shri Shalin S. Divatia

(Mentor, N.M. College)

From Principal's Desk

Warm Greetings! It is with profound sense of humility and privilege that I reach out to all of you as the Principal of this prestigious institute. SVKM's Narsee Monjee College of Commerce and Economics had its inception in the year 1964. It is undoubtedly the most sought-after college nationally offering a multitude of courses and opportunities. NM's mission has always been to provide an overall educational experience, in academics and character development of students by creating life-long learners in a learner-centered environment.

The academic year 2021-22, witnessed a progressive implementation of autonomy amidst the unprecedented pandemic. With an efficient use of technology and with the constant support of our management, NM could make the best of the situation despite this pandemic. Autonomy has helped us with upward mobility of NMCCE because we are able to keep pace with the dynamic environment, increase the skill & ability of students, ensure that community engagement is possible through innovative curricular, co-curricular & extracurricular activities, and move positively towards achieving our vision. Despite the challenges, we at NM have always made every effort to reach out to the students, and equipped them with 21st century skills of critical thinking, creativity, communication, and collaboration.

We have been upgrading the curriculum significantly and are trying to bring it in par with level of Professional exams. Also, we have introduced Innovative new programs like B.Com [Hons] & B.com [Statistics] in the first 2 years of autonomy and few more programs like M.Com [Business Analytics], B.Com [Economics & Analytics] to be introduced from AY 22-23. Around 6/7 new 30 hours certificate courses were also completed successfully in first two years of autonomy. We have increased the number of credits for all UG programs from 120 to 132 & for Hons program to 148 credits according to UGC norms.

To ensure quality of lectures, it is ensured that the teachers who are recruited are either Professionals

like CA/MBA or PhDs.

There is a complete focus on application based and experiential learning with questions testing the students' comprehension, analysis and creation ability. We have an extremely dedicated staff who are ready to go that extra mile to ensure that true value addition takes place in teaching-learning process and we are successful in maximizing the potential of our students who can assimilate higher order learning quickly. Academia Industry linkage was further strengthened through signing an MOU with Bombay Industry Association (BIA) having 1200 companies under its umbrella in providing internships to our students.

The institution trains the students to rise from being "Dependent" to becoming "Dependable". The rich alumni in diverse fields like Chartered Accountancy, Administration, Politics, Entertainment and Sports are a testimony to this. The corporate and industry interactions where our alumni are actively involved not only provide hands-on experience but also help in placement of our students. A Vibrant Training and Placement cell, which provides soft skill training of around 100 hours over and above the existing curriculum, ensured that top companies visited the campus even during pandemic. The inputs received from the placement officers were conveyed back to the teachers. The teachers then incorporated those changes in the curriculum thereby increasing the employability quotient of our students.

We are extremely elated and are motivated to keep on improving in future! As a student, you can definitely expect to have an enriching experience that propels you to make the best of the opportunities available since NM college is guided by the conviction that, "Intelligence is not a privilege but a gift to be used for the good of Humanity".

INTERNATIONAL AWARD

Shiv Ashish Razdan and Priyam Saraff, students of SYBMS-B were one of the 8 finalists at the Harvard Graduate Business Club's (HGBC) Virtual Pitch Competition. HGBC is an internal club of Harvard University which organised start-up pitch competition. Most of the finalists were either postdoctoral candidates or early entrepreneurs from various countries, mainly USA. Shiv Razdan & Priyam Saraff's team was the only team present there who were undergraduate students and perhaps the youngest and the only team from India.

Extra-Curricular/ Co-Curricular Initiatives

NM's mission has always been to provide an overall educational experience, in both academic and character development, that focuses on maximizing learning, developing global awareness and creating life-long learners in a student-centered learning environment. The pandemic did not deter the learners and the faculties in equipping our students with 21st century skills of critical thinking, creativity, communication, and collaboration. Persistent efforts were made by faculty members to upgrade the curriculum and pursue their own interests in research and co-curricular development.

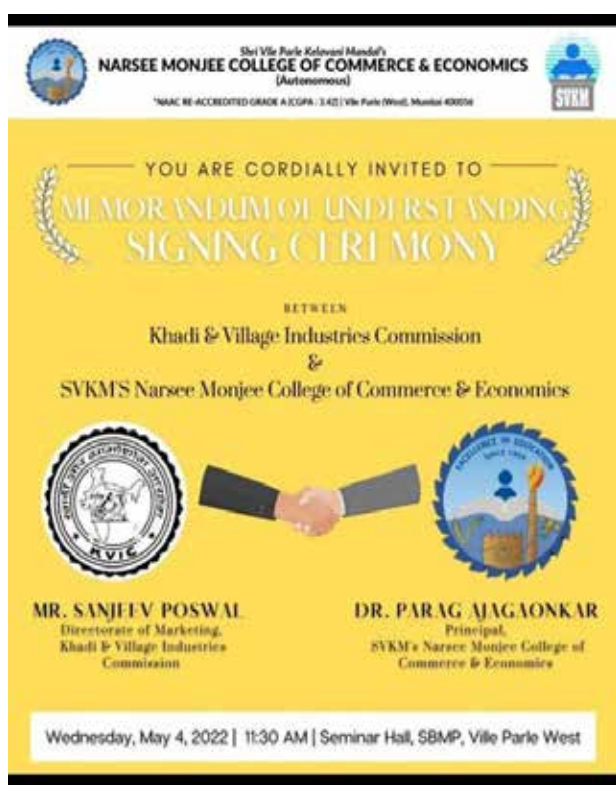

Associations and Collaborations:

- **Narsee Monjee College of Commerce and Economics (Autonomous) and Bombay Industries Association (BIA) continued an MoU** of collaboration which was signed on 28th November 2020 to strengthen Academia industry linkage. This collaboration will be carried out in, but not necessarily limited to Internship opportunities for our students, BIA participation in college events, Industrial visits for students, Consultancy and Research projects that can be carried out by our faculty members for BIA

and Guest Lectures and Seminars that BIA members can participate in as are in the pipeline. BIA also announced that they are establishing the BIA Academia, Mr. Radhakrishnan Pillai to coordinate with with NM on internships and other projects on behalf of BIA.

- ▶ **WWF-India** is one of the India's leading organisations with programs and projects spread across the country. Letter of Understanding (LOU) was signed between **WWF-India and Narsee Monjee College of Commerce and Economics (Autonomous) (Department of Environmental studies)** for its ECHO project which provides a platform and harnessing the Student's energy and intent by working closely with youth by giving them direction, knowledge, know-how skills, freedom to decide what they wish to do and how they wish to do. (photos to be taken from Vaishali kurekhar)
- ▶ **Narsee Monjee College of Commerce and Economics (Autonomous) signed an MOU with Khadi and Village Industries Commission (KVIC), Ministry of Micro, Small and Medium Enterprises, Government of India on 4th May 2022**, for common interest and objectives of student development. The budding graduates play a key role in technological upgradation, innovation and competitiveness of the industry and both parties believe that close cooperation between the two would benefit the Student community to enhance their skills and knowledge by means of Industrial training, Internships, Skill development programs etc.

Centres for Excellence:

I. Centre of Excellence in Cultural and Extra-Curricular Activities

Cultural events help to develop the skills of cooperation and communication. They give the opportunity to express emotions and to enrich one's own social experiences that is the precondition of the formation of the deserving citizens. Extracurricular activities aim at greater character development, especially in the areas of time-management and leadership skills, more positive social development, and greater interest in community involvement.

Annual Day Programme:

The 57th Annual Day Programme of Narsee Monjee College of Commerce and Economics (AUTONOMOUS) conducted for the Academic Year 2021-22 was an occasion of grandeur and a celebration of talent, culture and achievement. It was a moment of pride for winners of academic and extracurricular awards as well as the budding dancers, singers, artists and performers of our college. The Annual Day Programme commenced with the lighting of the lamp by our Principal, Vice Principals (Degree College and Junior College) and the Best Student Awardees of Degree and Junior College with a tribute to Maa Saraswathi in the form of a Prayer. This was followed by the College Anthem. The audience was then addressed with truly touching speech by our Principal Dr. Parag Ajagaonkar which was not just inspiring but also shed light on the importance of participating in extracurricular while also focussing on academics. This speech then made way for the Prize Distribution Ceremony. Award winners were showered with thunderous applause as they beamed on receiving their trophies and plaques. The moment everyone awaited was the speech by Mr. Vineet Kejriwal, the Best Student of Degree College for the academic year 2021 – 22 followed by that of Ms. Brinda Gada, Best Student of Junior College.

College Annual Day celebration

College Annual Day celebration

After the award distribution ceremony came the most entertaining segment of the day which was none other than the Cultural performances that began with the Hosts enthusiastically welcoming the audience and giving a zappy introduction of themselves. They later called upon all the performers to display their marvellous acts and performances. These performances that were loaded with vibrance, energy and talent in various fields ranging from Dance, Drama, Music, Literary Arts, Fashion Show and lot more were put up by none other than the students who worked hard to develop their talent throughout the year and brought laurels to the college by winning Podiums in various Inter-Collegiate Festivals. To conclude the Cultural Programme, the College Band came up with their Award-Winning Performance and enchanted the audience. At the end, the hosts thanked the audience for their time that they spent in encouraging the students who came up with amazing performances to entertain them all and called upon Prof. Heena Bhuvra who then took over to propose the Vote of Thanks wherein she expressed deep gratitude for all those who worked tirelessly and extended their help and support to make this day a grand success and marked the end of the 57th Annual Day Programme.

The main goals of our outreach program are to improve learning, promoting civic engagement, and strengthening communities through addressing their societal needs.

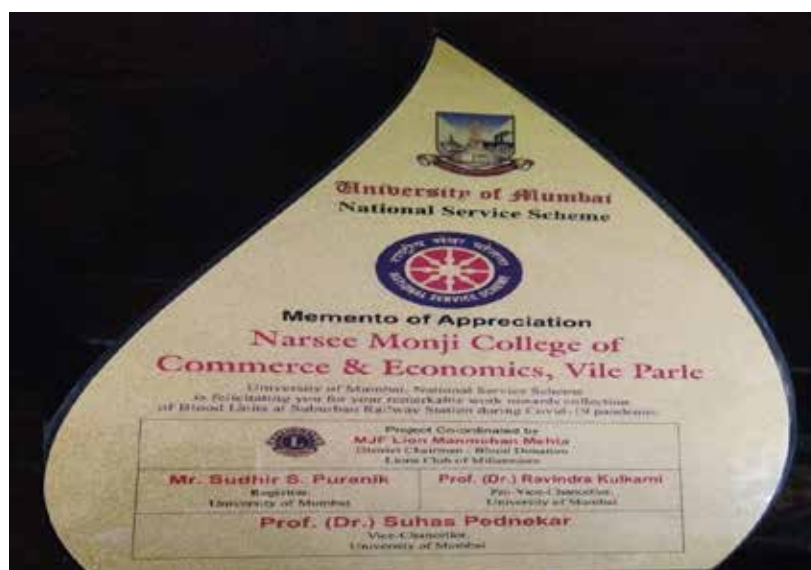

RCNM:

The Rotaract Club of Narsee Monjee College (RCNM) **ranked first at the Rotaract District 3141 in the R.I.Year 2020-21 among 120+ peer clubs.** A feat that the club had never seen in the past 25 years. All of us were hit by the pandemic, for an organization whose existence was rooted in physical events, this was a 360 degree shift, our team ensured that we made the most out of it. It challenged our years old practices and methods, the opinions that were ingrained in our identity. A year where empathy was our core pillar of operation, and we led by example, creating a learning culture and making it a place where people drive the system and not the other way round. When everything around was collapsing, our team found a way by being an example of '*you are what you do, not what you say, not what you believe, but what you spend your time on*'. We managed to supply more than 3000 kilos of food grains and other essential supplies, spread awareness about the proliferation of fake news, promoted hygiene, conducted events to develop understanding of various cultures and lifestyles across the globe and to encourage understanding of stock market and cryptocurrencies amongst many other activities and events. A year that redefined our purpose, where 400+ students chose to spend their time on acts for the greater good, a place where the movement began with them.

NSS: During the pandemic period, the NSS unit of our college has contributed extraordinarily and participated in a blood donation awareness drive.

Under the guidance of NSS Cell of University of Mumbai, our volunteers helped in conducting intercollegiate blood donation drive at railway stations. The efforts of the volunteers were well appreciated by the Honorable Vice Chancellor of the University of Mumbai and he felicitated the unit with a trophy.

NSS Cell of N.M. College has been appreciated by the Honorable Vice Chancellor of the University of Mumbai with the trophy

IV. Centre of Excellence in Language Development

**Event name, 22nd April, 2022**

The Narsee Monjee College of Commerce and Economics has participated in the National level competition -ECHO- “Building a cadre of Green Entrepreneurs” organized by WWF. The project has been started since the month October 2021 and will continue till July 2022.

Under this project, the team has decided to make and sell Eco-friendly Stationery under the project title, “**Eco-friendly schooling through eco-friendly stationery**”. All the stages of Entrepreneurship- production from the waste, branding, marketing and sales, sale of these products, spreading awareness about the relevance of eco-friendly products to the young students by holding holding workshops, etc

The main objective of this entire project is to spread awareness about the importance of environment and instill the habit of using ecofriendly products among the school going children right from their young age esp the students from lower strata of the society.

Currently, 5 products are produced by the Echo volunteers viz. Ecofriendly pens, pencils, diaries, folders and paper bags. Everything is made out of the discarded papers which is collected within the college premises from students, teachers and other college staff and residences of the volunteers.

The events organized under the ECHO are as follows:

1. Newspaper collection Drives: Collection Drive for Old Newspaper, Used Gift Paper, Unused Paper and Empty Small Sanitizer Bottle Collection Drive on 25rd Feb., 2022 and 26th Feb., 2022 as well as from 3rd to 5th of March, 2022 on the from students in the class rooms, teaching and non teaching staff rom staff rooms, office, library during the college hours.

The discarded newspapers, unused papers and small sanitise bottle thus collected were being used by in preparing ecofriendly stationary products like pens, pencils, gum, Diaries etc.

2. **Webinar on “Upcycling waste- Innovative ideas for waste management” dated 16th February, 2022.**

The Guest speaker Ms. Rashmi Joshi, an environment consultant gave many good ideas for managing waste effectively. She displayed some articles made up of the waste and encouraged the attendees to use the waste in an effective manner. The students showed a great interest in the webinar which was evident by the interaction between them and the guest speaker. This event benefitted the students by encouraging them to use their daily waste effectively thus protecting the environment. Nearly 100 students, teachers and office staff attended this webinar.

3. **Eco-friendly stall-sale of ‘Echotionery’ products in the NM college premises on 28th February, 2022.**

The above mentioned products under the brand name were sold in the college premises by setting up a stall placed on the 5th floor of the college premises, which was decorated in an innovative manner using newspaper flowers and the process of making of Eco-friendly stationary products was demonstrated using the charts. The products were sold at affordable rates and the students and other college staff showed a great curiosity in knowing and buying about the products. They showed a positive response by purchasing the products and demanding even more for the future use. The sale was inaugurated by the Principal followed by the teachers and the students. Overall, this activity was a huge success which earned the makers the reasonable profits.

4 Webinar on “Reinventing entrepreneurship through green entrepreneurship” dated 18th April, 2022

Organized by the team, this webinar was attended by the students, teachers, principal and the vice-principal. The guest speaker Mr. Shishir Joshi gave a good insight about green entrepreneurship with the help of interesting and very relatable examples along with his jovial speech which made the session light and cheerful. The idea of changing oneself to bring a change in the world was focussed on.

5 WORKSHOPS

A training cum workshop was organised by Echo leaders at Pupils Academy High School, Navalkarwadi, Jogeshwari East, Mumbai-60 on 27th April, 2022. The objective was to inculcate the importance of Eco friendly stationery in the young minds at the schools and encourage them to use stationery like pens and pencils made from the waste paper, thereby using the waste products into useful school stationery, avoiding the use of plastic and encouraging the students to use these products so as to protect the environment.

Celebrating the journey of Umang over the last 21 years, we look back to commemorate how far we have come and how beautifully we have grown. Amidst the ongoing pandemic, with a resilient spirit and a workforce of 100 students, we decided to conduct the Umang 2021 festival online. Umang believes in one team with one ambition working towards honouring the legacy. The core team with utmost faith and passion set out to conduct the entire cultural festival online with a vision to take them to greater heights. Thus, aptly naming the theme this year: 'Reminiscing the legacy'.

This year, Umang was organized from 11th to 14th November 2021, which brought in memories and filled hearts with excitement and joy. Workshops, speaker sessions, and other events organized during the fest offered a great fun-learning experience for everyone.

Over 120 colleges participated in the amazing 35 cultural events organised by the team Umang. The grand success of the event was marked by the presence of Mr. Vinayak Sapre for the launch of the magazine, Sans Frontieres. Renowned artist Shilpa Lalit launched the Fine Arts Exhibit. Team Umang did not let the online aspect of the festival hinder the exuberance and experience that the festival had to offer.

SOCIAL CAUSE WING - PARVAAH

Umang offers numerous opportunities for students who aspire to make the society a better place for everyone. Thanks to Parvaah, the social cause wing of Umang, through which numerous projects were initiated with resounding success. The first one was 'A Cause for the Paws'. On account of World Animal Day, Team Umang collaborated with 'The Utkarsh Global Foundation' for an initiative to feed stray dogs. Under this initiative, nearly 3000 stray dogs were fed in the suburb of Mulund in Mumbai.

The next event, "Fantasy Killer" was in collaboration with the Lions Club of Juhu, wherein the Team Umang had arranged a live session to spread awareness regarding drug abuse among college students. This cause was selected because of its raging severity among today's youth. The event was hosted by Divya Rathi from the Editorials Department of Umang. After the commencement, the President of Lions Club of Juhu, Mr. Ashish Sheth addressed the audience and spoke about the fruitful collaboration with Umang and Anatta Humanversity. After a gracious introduction of the speakers, the session began. The esteemed speakers were Vandana Hiranandani - founder and director of Family Therapist and Sujata Nair - Physician counsellor and director at Anatta Humanversity Pvt. Ltd. The event was quite interactive, the speakers and audience participated and shared valuable insights throughout the event. The presentation was followed by a question and answer round. The inquisitive and highly attentive audience asked thought-provoking questions which were tactfully answered by the speakers. The next event was called 'Project red dot' and it was carried out on a very auspicious day of Dussehra and International Rural Women's Day. 'Geolife Youth Club', 'MAD Foundation', 'Keshav Srushti Foundation' and Umang collaborated to organize an event to distribute sanitary napkins among the tribal women in Palghar and educated them about the crucial aspects of menstrual hygiene.

Through the “Colours of Life” – an initiative under Parvaah, team Umang had organised an art workshop for underprivileged children to complement their young minds and untapped potential. Team Umang in collaboration with Little Angel Asharam (situated in Madh) and Lions Club of Juhu had arranged an Art Workshop for the beloved children of the Ashram. We had Mrs. Meenal Doshi, a very talented teacher, who tutored the children in a festive reusable Rangoli. The workshop concluded with smears of paint, gleams of successful art creation, flowers and leaves adding essence to the wonderful sight. To add comfort to the lives of the elders in our society, Team Umang collaborated with the Lions Club of Juhu to donate wheelchairs. It is overwhelming to see a multitude of changes in people’s lives and Parvah plans to continue to do the same. Umang made it all happen with the right initiative and necessary projects needed in society and perfect execution even in such challenging times of Covid-19 pandemic. Parvah has proved to be worthy of its name.

PRE-ON DAYS:

Speaker Sessions: To lighten up the spirits and free up the hectic minds, Umang’s workforce had the pleasure of interacting with the incredibly famous and well-known cast of Clutch, India’s first-ever web series based on Esports and gaming on the 12th of October, 2021. Our honorable guests Ahsaas Channa, Tirth Joshier, Saurabh Ghadge, Vishal Vashishtha, and Prateek Pachor graced the occasion with their presence. It was an enthralling, insightful and refreshing event, hosted by Danish Husain. Umang conducted an interactive session with the 23-time world champion Indian billiards and snooker player Pankaj Advani on the 17th Nov 2021. The workforce interacted with the sportsman as he shared his journey of sportsmanship and success, it was a fun learning experience for everyone in the attendance.

ON DAYS:

1. 11th November 2021

Umang 2021 began on a sensational note. With the entire festival being held online for the second time, further avenues were discovered and previous avenues were mastered. With the aspirations of many in tow, the festival also held several surprises.

Events, such as Management maestro, Mr. & Ms. Umang, Let The Story Sync, iMaster selling via Instagram workshop, and the thoroughly informative panel discussion were all a delight for over 800 students. Final round of “Management Maestro”, took place on Townscript and commenced Day 2 of Umang at 8 am. This round challenged participants to pitch their products and respective start-ups to the judge, Mr. Ketan Palan. Participants were provided with 6 products/businesses. The participants had to carefully study and choose one product and then make their own start-up for that product. The first day was brought to a perfect end with a surpassing hilarious comedy fest enjoyed by all. Mr. and Mrs. Umang, the highly awaited event organized by the iNFORMALS department of Umang, witnessed a wide array of talents, all the participants went above and beyond. Their talents were showcased in the videos sent in by the participants, followed by the Q&A.

2. 12th November 2021

The second day brought along more excitement and vigour. Save the Day, the Podcast 101 workshop and a soulful Sufi music event among other events were certainly entertaining, engaging and wonderfully executed. Shotgun was yet another master streak event wherein the participants' (shooters) focus was almost entirely on the defeat of the character's enemies using the weapons given to them. The game tested the player's spatial awareness, reflexes, and speed. Umang witnessed over 500 participants in these events from all over India and presented a platform to showcase their talents. Adding magic to an already exciting day, Just A Minute (JAM) was an enthusiastic and interactive event that had everyone on the edge of their seats. In podcast 101 workshop, Nilesh Murali started explaining the basics of podcasting. From production to marketing, everything was covered. It was a beginner's guide to podcasting! The speaker had some interesting insights to share on the world of podcasting! A Q&A session was conducted after the presentation. All the questions were answered satisfactorily.

4. 14th November 2021

The 4th and final day of Umang 2021 saw the launch of the SF Magazine by the author of Dohanonomics, Mr. Vinayak Sapre. Followed by the Launch of the Fine Arts Exhibit themed Elysium by an art enthusiast and entrepreneur Shilpa Lalit. Apart from that, Business Tycoon, Illustrative cover!, Cinemagraph and War of DJs were all events that saw massive success and were thoroughly enjoyed by everyone in attendance. "Business Tycoon" was an event that thoroughly tested the participants' business acumen and creativity. We were all impressed by the submissions that displayed true talent and acumen. War of DJs, one of the major events of Umang, witnessed yet another successful year with amazing participation. The end of Umang 2021, left everyone wanting for more. The festival was an ode to its legacy and everyone was left overwhelmed and nostalgic.

Lensation – The Photomedia Club of NMCCE

Office Bearers:

Teacher In Charge: Dr. Deepa Chitnis

Secretary: Haily Shah

Joint Secretary: Tushaar Dugar

Treasurer: Mayank Makharia

This year, along with the Secretary, Joint Secretary and Treasurer, we had a team of 27 members spread across various courses and years. Despite most of the year being online, the enthusiasm was high. Events and workshops were conducted on the online platform. These were open to all photography enthusiasts and we saw participants from various colleges of our country. Some specific workshops were also organised just for our team members to help them improve their skills.

Lensation was active on various social media platforms and used it to stay connected with its audience. On Instagram, other than the occasional event related posts, we stayed consistent with our numerous initiatives – Tuesday Tutorial, Thursday Tips and Friday Feature. LinkedIn helped us in connecting with professionals and roping in judges, as well as sponsors. WhatsApp and Telegram was used extensively in order to spread word about our events and initiatives. This year, we started our Twitter page which received a great response. Regular content was uploaded on Twitter that our audience could relate to.

Event Report - Checkmate

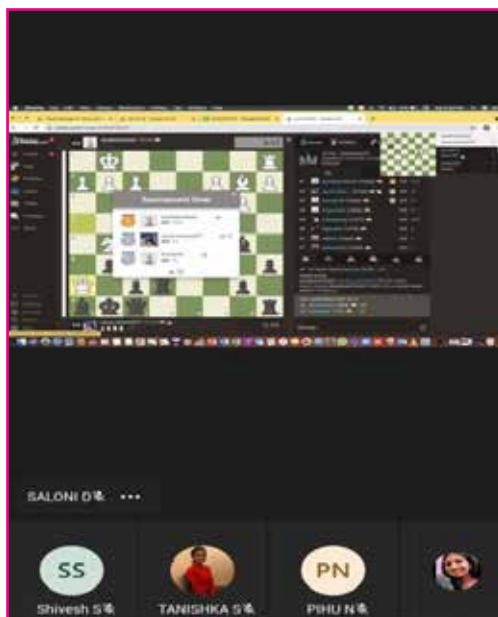

Topic: Checkmate 2.0

Date: 24 July, 2021

Our very first event as the Gymkhana committee was conducting online chess tournament for the students. Due to covid-19 situation, no offline events were allowed so we came up with an event that would not put students at any risk and at the same time help them in such hard times. It was our duty to make sure the students get to experience some kind of sporting activities even if it was online. Checkmate received over 40 entries from junior as well as Degree College. It was a one-day tournament conducted on chess.com where the players competed one another and we got the result of top 3 players. We distributed the certificates to the winners as well as to the participants. The agenda of this event was to motivate and help students during the pandemic period. Sports helps in releasing stress and thus we as a committee took that as our goal and bring sports closer to the students as much as possible.

The winners of the event were:

- 1) **Shubham Ved**
- 2) **Varun Sharma**
- 3) **Suneeth Kejriwal**

Event Report - Emotions of the Mind

Topic: Mental Health

Date: 9th & 10th August, 2021

Time: 3:00 PM – 4:00 PM

Resource Person: Dr. Sheetal Lakhani

The objective of the event was to help the students get in check with their mental health in such difficult times of covid-19, to give the students a platform where they can voice out their thoughts and emotions in an unashamed conversation and get solution for the same.

The agenda for the 1st day was FOMO i.e. fear of missing out which is highly prevalent especially among teenagers. The esteemed guest host Dr. Sheetal Lakhani not provided solutions to all the problem raised but also shared her personal experiences which helped the students relate and connect.

The agenda for the 2nd day was the mental state during the covid-19 pandemic, how everyone managed to cope up during such difficult times, what sort of issues the students had and the best possible solution given. It was totally refreshing experience for everyone present. The event totally justified the title as it was truly a talk of Emotions of the Mind

The event saw a footfall of total 25 to 30 participants including the dignitaries present. NM Gymkhana, teachers in charge and the Guest Host received a ton of positive comments and request to conduct similar educational webinars down the road.

Event Report - Steps and Styles

Topic: Fitness Workshop (Zumba & Yoga)

Date: 23 December, 2021

Resource person: Dr. Bidya Roy

NM Gymkhana was grateful to have on board Dr. Bidya Roy who has done a PHD in physical education and is a gold medalist in state championship. The workshop was conducted on MS Teams platform and included both zumba as well as yoga. The goal of this event was to encourage the students to get out of their comfort zones and work on their physical fitness. It does not only help in physical health but also in mental health. Acts as a stress reducer and increases the endorphins in the body.

Report:

The year started with a bang with the selection of the core team, the backbone of the committee, who with all their efforts have helped make WNC a committee worth being a part of. Next the members were selected. They played an important role in building up this committee by helping organize wonderful events as well as writing blogs, posts and much more. Right from the first event of the year, Trouvaille” to “The magical strokes” to “Nitty gritties of sustainability” to “Greencity escape”, the team worked to make it a success. A post series called “Herbarium” was started which received wonderful reviews from the college students and this inspired the committee to work further to create the reel series “Endangered 101.” Along with these the team also wrote blogs covering various topics of sustainability, shifting to organic things, green festivals, people inspired by nature, etc.

Even though this year was online, the team didn't lose hope. They did their best to organize the events so it would be fun for all as well as informative and an interesting experience. They showed their teamwork and co-ordination in every event and every post, blog, reel. Right from deciding the event or creating content, to creating a buzz for it in college, to actually implementing the event, everything was performed brilliantly.

The year ended on a happy note with the signing off posts of the secretary and joint secretary which were filled love, joy and heartfelt thanks to all and a hope to see each other soon.

Hobby centre of NM college was introduced in the year 2020, it is a platform full of fun, events based on various hobbies, workshops, competitions and art workshops taken by well-known experts to advance skills.

This year HC had Riya Agrawal as Secretary, Vrushti Shah and Dhriti Jain as joint secretaries, heading 6 various departments. Charvi and Preyanshi were the HOD of Admin and HR, Shaina and Mitra were the HOD of Events and Marketing, Jessica and Harsh were HOD of technicals, Saloni and Palak were HOD of Public relations, Delisha and Ayushi were HOD of SMM and Isha was HOD of Digitals.

The recruitment of members of started in September, 2021. Overall, it became a family of about 30 people.

Soon Hobby Centre came with its first event, “The Magical Strokes”, a collaboration of Wildlife and Nature Club with Hobby Centre. It was an event for all the art enthusiasts, an opportunity for them to grab their brushes and make it a magic wand and showcase their hobby and their love for the nature. It was conducted on 2 October, 2021 The judge for the event was MRS. Tejaswini Prabhakar, an educator at Sanskriti Arts.

Then came the time of festival full of fun and colours and dance and much more, the festival of Goddess Durga, Navratri. Hobby Centre came up with a Garba workshop, “Raas Rang”, held by none other than “The Filmy D 11 October, 2021. It was conducted online on Microsoft Teams.

During Navratri, another event called, “Navrang Avtar”, a dressing competition, was organised. The results were declared on 14 October, 2021.

The fourth event by Hobby Centre was, “Resume Building Workshop” which was conducted by Dr. Shivani, a renowned Instagram personality, on 25th November. It was based on how to write an effective resume. It was a helpful seminar for all those who attended.

The fifth event was a musical event, “The Melody Metro” on 6th December, 2021. It was an event of exciting rapid fires, trivia quiz and showcasing extraordinary music skills.

The sixth event conducted was “Spectangular”, organised on 13 February, 2021 with the host as Ms. Muskan Jain. Spirograph triangles were introduced to the participants; the workshop guided everyone to the process of calming oneself and finding peace through art.

Then, in the month of March, 2022 Hobby Centre’s annual fest, Hobby Fusion Fest was organised. A fest full of fun events based on hobbies, pop-cult references and what not and workshops by well-known people to upskill knowledge were a part. In the year 2022, it was held with the same ardour and charm to make it a huge success. The theme for the year was “One with all the sitcoms”.

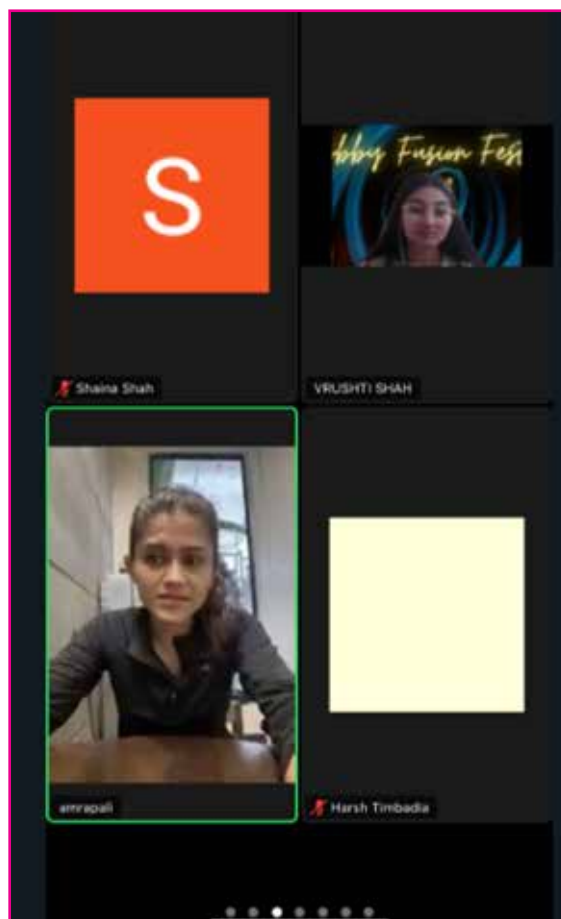

HFF started recruiting Head of Departments and members on 30th December 2021 in various departments like PR, Social Media Marketing, HR and Admin, Events, Marketing, Hospitality, etc. HFF got amazing responses through some quirky and entertaining Instagram posts. And finally, the team announced its series of events which took on place on 1st, 2nd and 3rd of March.

The Day 1 started with an Inauguration Ceremony at 9:00 am. It marked the presence of our respected Principal sir, teachers and the team HC. It was followed by a fun and entertaining event, “The Screen Affair” related to bollywood movies. The next event organised was Family Feud, where a group of four people could participate for the event. This event was thought for some hardcore Binge-watcher of series full of thrillers, romcoms and comedies. Moving towards at 3.30pm, the workshop “Digital Marketing 101” was conducted on Microsoft Teams. It gave insights on how to be a better content creator and how digital marketing wins over a big marketing budget.

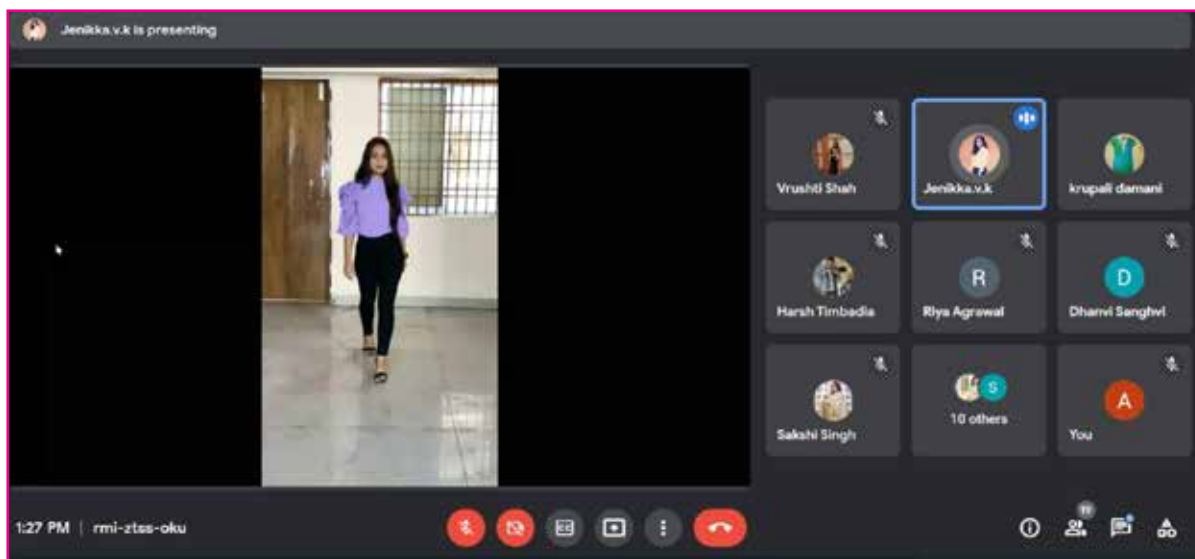

The last event for the day was Shake It Up a Bollywood Dance Workshop by two of the amazing choreographers who introduced The Dance Cell.

Day 2 began with the very enthusiastic event Ready Set Go! and the judge for the event was Amrapali Patil, she is a renowned fitness influencer and blogger.

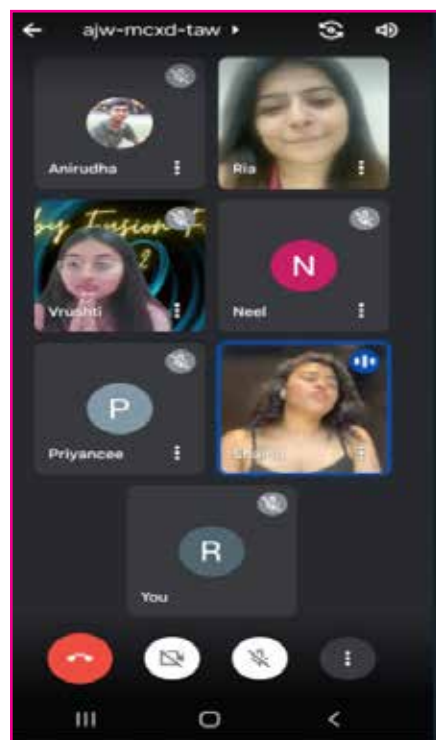

The next event that took place was Look Book, it was judged by Sakshi Singh who is an Instagram Influencer for Fashion and Lifestyle and Krupali Damani who has a special interest in arts and handicrafts. And then the event decided was Tambola which was followed by Mr. And Miss HFF round 2.

The very last day of HFF started with “Endorphin Rush”, a gym workshop by a A++ trainer from WG Institute. She has received Gold in many Championships. It was followed by Stockalizer O'clock, Stock Analysis Workshop by Venkata Sri Harsha, CEO, MD and founder of Shine Projects, India's leading online education platform. There were two fun events arranged called Trivia Quest and Scavenger Hunt. And the last was round 3 of Mr. And Miss HFF.

It was a great fest and a great year with so many exciting workshops and activities conducted. Hoping large number of participants and more fun events in the next year, the team did its closing ceremony.

Goodbyes are indeed overwhelming and so was the end of HFF for everybody associated with the team.

INSIGHT 2022

(24th February- 27th February 2022)

Names of Teacher in-charge: Mr. Smitin Belchada(Convenor). Mr. Prathamesh Tawade, Ms. Pratiksha Jain.

Chairperson: Larish Sharma and Umang Khandelwal

Managing directors: Sidharth Manot, Priyanshi Kamdar, Koushik Goel and Gaurav Agarwal

Treasurer: Tushaar Dugar

Insight, The Annual Business, Finance and Economic Meet of Narsee Monjee College of Commerce and Economics, was ideated with the main motive of constructing a bridge between classroom learning and the practical applicability in the real world by offering competitive events, speaker sessions and networking opportunities. Our objective is to deliver such prowess by designing and developing events that shall be reviewed and assessed by great professionals from their respective fields. This year, to give an exhilarating experience to the youth and to choose the road less travelled, Insight'22 held from 24th of February 2022 to 27th of February 2022, introduced its theme as **“Explore the Uncharted”**. We once again worked towards addressing topics and issues that the youth is concerned with, including metaverse, mental health and a climate sustainable future.

Every year, various challenging events are conducted with the aim that students can apply their knowledge into competitive simulations. Insight 2022 conducted its contingent Leaders' meet on 8th of February 2022 with more than 70+ colleges on board. **For top college podiums, HR College of Commerce and Economics, Mumbai was the prime frontrunner who finished first and Salesian College, Siliguri was witnessed as the first runner-up along with NM College of Commerce and Economics, Mumbai securing the second runner-up position.**

The opening ceremony was conducted on 24th February, 2022 where the entire team of Insight received words of motivation from the principal, Dr. Parag Ajagaonkar, Vice Principal- Dr. Nirmala Chavan and Convenor- Mr. Smitin Belchada. The Chairpersons, Mr. Umang Khandelwal and Ms. Larish Sharma concluded the opening ceremony by expressing their gratitude to the principal and management for their constant support and guidance.

The Annual Business Plan Competition of Insight, Planet-B was conducted wherein creative minds showcase their disruptive ideas which can write the course of history and also receive the opportunity to obtain on-the-spot seed funding. Here more than 150+ teams registered. Following that three thrilling speaker sessions were organised under the umbrella of *Insight Business Conclave (IBC)*, A platform where prodigious personalities from diversified fields address current topics and share their views and accounts; and seven competitive events

took place with capacity exceeding the required participants which reflected the amazing response we received.

Second day, i.e. 25th of February 2022 was again packed by Insight business conclave and final rounds of 4 major competitive events such as House of Cards, Corporate Colossal, The Enigmatic Revenge and Bureau of Brigades. After the amazing end to day two, day three witnessed the beginning of *The Global Youth Economic Summit (GYES)* - a live interactive session between speakers and the participants wherein they not only get a gist of the real world but also grasp quintessential learnings from our range of honourable speakers. One of the most anticipated Flagship Event- Periculum was scaled a level up as more than 150 stock market enthusiasts received the opportunity to be a part of it.

We have scaled tremendously over the years. The credit for the same partly goes to our astounding range of speakers who have blessed us. This year we had Dr Kiran Bedi (The First Female IPS Officer), Mr Kiran Thomas (President, Reliance Industries Ltd.), Ms Megha Tata (MD, Discovery Communications) and Mr Yashish Dahiya (Chairman & CEO, PolicyBazaar Fintech Ltd.) among many others to speak on agendas focusing on a visionary future. The two agendas we had this year for the GYES were “Unearthing the Web 3.0” and “Green Economy and A Path Towards Sustainability.” Furthermore, we had 9 speakers for IBC which was conducted on 24th and 25th February, 2022 and 11 speakers for GYES which was held on 26th and 27th February, 2022. It was a matter of great pride for us to have continued the trend of hosting a full house of 300 participants for our IBC sessions which were hosted by numerous dignitaries, all professionals in their fields.

Innovation has become the niche of Insight and the team never fails to set higher benchmarks for its successors. Day four, 27th of February 2022 witnessed the start of The Insight Innovation Expo (IIE) where burgeoning start-ups were invited to present themselves on a 3D, virtual platform which was attended by recognized industrialists and notable businesspeople. Talk about an online start-up shower where 25 full-fledged start-ups exhibited themselves under one virtual roof!

Insight collaborates with various businesses, companies and firms. This year, Insight was presented by CoinDCX in association with BSE Investors' Protection Fund, Powered by SBIFoundation and co-powered by TimesPrime. Insight also collaborated with various other companies and growing businesses. On top of that, we had Business Insider India as our official Media Partner and Indian Express as our official English Newspaper Partner amongst many others.

It is our duty and a matter of pride to envision the welfare of the participants and society, to contribute to the social problems around us and to “ideate” on numerous initiatives which can elevate the future of our country. This is what *Kartavya*-our social initiative believes in, we rise by lifting others. Moreover, keeping in mind the importance of promotion of talent and upliftment of team spirit, Insight has *Dare 2 Dream*- the informal segment of our corporate fest. Nevertheless, we even “aim” for the stars even on a cloudy night! Insight is known for creating such a legacy of go-getters who “achieve” the unprecedented in the real world by circumventing and navigating through multiple obstacles.

We shall return soon to carry on the extraordinary legacy which it has established for itself.

Ideate. Aim. Achieve.

Summary

N.M. college is known to be the best in every aspect of college culture and has been spectacular at organizing festivals and events. Arthashastra piloted the wave of organizing the best and most insightful events even in the middle of a pandemic. NM Arthashastra is the annual finance based inter-collegiate festival of Narsee Monjee College of Commerce and Economics.

The festival commenced on 18th February with all members arriving early in the morning and making final preparations for the four events that were to be held online that day. The first event 'Bear the bull' organized by the corporate events department, was conducted smoothly with participants from all over the country (Delhi University, IIM Bangalore, IIT Madras to name a few). It was followed by three events: Speak Out Confidence, Inheritance Cycle and Treasure Hunt. All of them were conducted gracefully by their respective department without any major issues. The day didn't seem to end for Arthashastra and its members, as they danced and sang celebrating the immense success of Day 1.

Day 2 at Arthashastra kicked off with heightened spirits and excitement among members as the festival caught pace, having 5 events lined up for the day. This day saw some of the most exciting and much awaited events of the festival. Arthashastra hosted an MUN with-a-twist, based on the much-loved Netflix show Money Heist for the very first time. Another much loved event of the day was JAM (Just A Minute!) hosted by renowned JAM master Hormuz Ragina, which was streamed live on YouTube. Other events of the day were Diverzify and Takeoff Organized by Consultancy events department and Accent Improv by Informals department where participants performed sketches and impressed the judges by their humorous one liners.

Day 3 was abuzz with activity since the very beginning. Members and HODs alike worked laboriously to ensure co ordination and smooth running of all 8 events that were held that day. The day begun with Pareto, organized by consultancy department followed by the good trade, Talent Hunt, Green Gambit, Pitch Me, Bollywood Unplugged and murder mystery. Pitch Me was the very first event of the newly created Advertising department, which was a huge success. Emotions were at an all time high as everyone geared up for the last day of Arthashastra.

The last day at Arthashastra was by far the greatest one. The flagship event of NM Arthashastra Cryptoverse 2.0 kicked off with participation that was never seen in any event of NM college. 1300+ participants from all over the country participated in the event hosted on the mobile app of event sponsor Rainmaker. This was accompanied by events such as Pictionary, Vision, Budget it Up and Arthashastra's very own Who Wants to Be A Millionaire? When the day came to end Public Relations Department Head Miloni Chitalia announced the prize winners to an excited audience. Chairperson Akshat Arora and all Vice Chairpersons shared their

experiences of working at Arthashastra and felicitated HoDs and distinguished members for their notable contributions. In this way, Arthashastra concluded its bigger than ever 3rd edition with a bang.

~A Cognitive Expedition~

The Management & Strategy Festival

Narsee Monjee College Of Commerce & Economics (Autonomous)

Teachers in-charge- Mrs. Geetha Menon & Mr. Sunil Kadam

Chairperson: Shalin Bhansali

Vice Chairpersons: Rohak Shah, Krish Shah, Jash Pattni, Shiv Razdan

Social Media Handles: Instagram - @nmarithmos, LinkedIn - NM Arithmós

Heads of Departments: Supriya Yadav, Vidhi Chheda, Dehit Bhardva, Prishita Agarwal, Tejas Shah, Aditi Gandhi, Raghav Maheshwari, Naveli Parekh, Khushi Pabari, Dhruv Shah, Taanishka Panjwani, Omi Saboo, Drishti Shah, Drishti Makhija, Nishi Darji, Mahek Shah, Brinda Gada, Rushil Masalia, Nikki Modi

Arithmós - the Annual Intercollegiate Management and Strategy festival of Narsee Monjee College of Commerce and Economics (Autonomous), was founded in the year 2019 with a vision to challenge the minds of those who want to explore arenas beyond classroom theories and textbooks.

In its 3rd edition in 2022, Arithmós grew in quality as well as scale with its innovative range of events, speaker sessions and social initiatives.

The activities of Arithmós'22 were solit into the major parts:

A. Pre-Fest Activities (October 2021 to January 2022)

a. Financial Markets Knowledge Quest in association with NSE

Arithmós'22 organised a national level finance quiz named Financial Markets Knowledge Quests in association with the National Stock Exchange (NSE) that had a total prize fund of Rs. 25,000. The competition tested the knowledge of the participants on finance, investing, industry trends and financial analyses.

b. Genesis'21 – a 3-day summit

In pursuance of our policy to constantly upgrade one's outlook and skills, Arithmós'22 conducted a 3-day summit named '**Genesis'21**' in November 2021, consisting of workshops and interactive sessions. We had 1-on-1 sessions with some of the top new-age entrepreneurs of the country (such as Anubhav Dubey, founder of Chaisutta Bar and Pranjal Mehta, founder of eplane.ai) and workshops on in-demand skills like financial modelling and valuation.

c. **Mumbai Start-up Summit**

In order to recognise the wave of start-ups prevailing in India, Arithmós'22 conducted the '**Mumbai Start-up Summit**' in January 2022, where we hosted top entrepreneurs of upcoming start-ups who shared their insights and advice relating to the start-up ecosystem. Our speakers included Mr. Raj Das (founder and CEO of Hirect India), Mr. Amit Kumar Agarwal (founder and CEO of Nobroker.com), Mr. Akash Gupta (founder and CEO of Zypp Electric) among others.

d. **Social Activities**

Giving impetus to our belief of being socially and environmentally aware, we constituted a Socials Committee within Arithmós'22 which organised social activities such as a beach clean-up drive, and a mental health awareness workshop titled 'Dream it to Achieve it.'

e. **Member Development and Bonding**

Apart from the external activities, Arithmós'22 also ensured that Team Arithmós grew along with the fest. So, in order to upskill the team, there were skill-based sessions conducted just for the team and it helped them learn essential skills beyond their own departments such as LinkedIn usage, MS Excel skills, email marketing, etc.

We also ensured heightened member bonding for which we constituted the **Human Resource Development (HRD)** department. We had many activities conducted by the HRD department such as online games, offline meet ups, informal sessions, bonding sessions and the giving of personalised Arithmós merchandise to every member of Arithmós'22.

All of the above activities resulted in the fulfilment of our 3-fold objective of skill development of the team, networking opportunities as well as healthy intermingling within the team which led to fruitful results.

B. **Fest Days (20th to 23rd January, 2022)**

On the days of Arithmós'22, we conducted 14 competitive events ranging across 5 main domains: **Business Strategy Events, Analytical Events, Innovations, Quantitative Events, and Informals.**

The sub-domains of our events included business consulting, investment banking, mergers and acquisitions, supply chain management, digital marketing, algorithmic trading, political strategy, quantitative analysis, number crunching, mock stock markets, resource allocation, money management, treasure hunts and informal events. The events were conducted by leveraging the Dare2Compete (now called 'Unstop') platform as well as videoconferencing platforms.

All in all, Arithmós'22 saw participation from 10,000+ teams and 5,000+ workshop attendees across 200+ colleges (including IITs, IIMs, ISB, etc.) from 50+ cities across India. We rewarded the winners with exciting prizes containing a combination of cash as well as kind for which we had a prize pool of Rs. 6,00,000+ for all our winners.

‘Not me, but you’

Our motto describes in depth the ethics that our volunteers at NSS hold, which is to prioritize the needs of others above their own. Even in a year where in-person contact was not possible, the student volunteers tried their best to bring some form of warmth to the underprivileged and bring about a radical change in the society by conducting various events and webinars. As we go through this Pandemic our Volunteers showed courage and generosity in every possible way.

PROJECTS:

Edify:

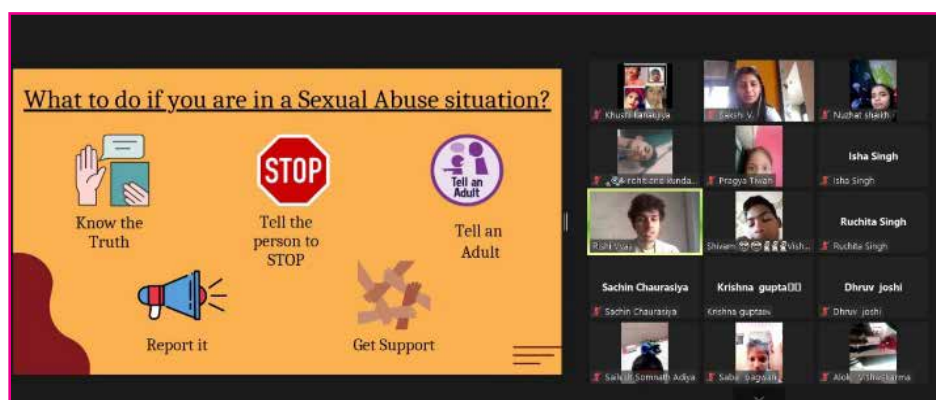

Edify is a project dedicated to teaching. Edify means to instruct or improve someone morally and intellectually. Project Edify focuses on creating a stronger foundation of Maths and English in the students as well as instilling moral values in them. We focus on overall holistic development of the students. For the same purpose, we have adopted a school in Vile Parle i.e., Dixit School and have been associated with them for a few years now. Remedial teaching is identifying slow learners and providing them with the necessary help, guidance and motivation. Initially we used to take remedial lectures of standards 6th and 7th. But this year we have taken under standard 8th as well. The curriculum was modified in a way that the kids could adapt to it easily. We had a total of 40 kids under Edify.

**Volunteers engage in an online lecture
with students from Dixit School.**

Pragati:

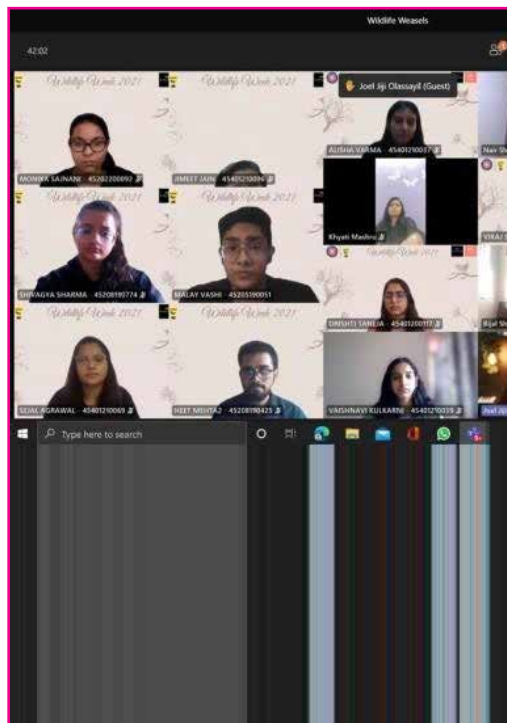

Project Pragati, a social empowerment initiative of NMNSS, aims at encouraging and inspiring various sections of society to voice their opinions against the preconceived notions and prejudices prevalent in society. This year, we addressed topics such as LGBTQIA+ inclusivity, menstrual hygiene, mental health, sexual bullying and women empowerment, with a purpose to form a more inclusive community.

A still from the Sexual Bullying Awareness Session conducted with the students of BMC Dixit School, Vile Parle (East)

Sparv:

Project Sparv has the motive to work for the betterment of the economically underprivileged sections of our society. It aims to eradicate poverty. This year we improvised the situation by increasing our area work and trying to help lives in the peak times of covid. We have distributed masks & sanitizers to underprivileged people. Along with taking initiative to spread awareness about vaccines, government schemes, role and youth and much more.

Pictures from various activities undertaken by Project Sparv

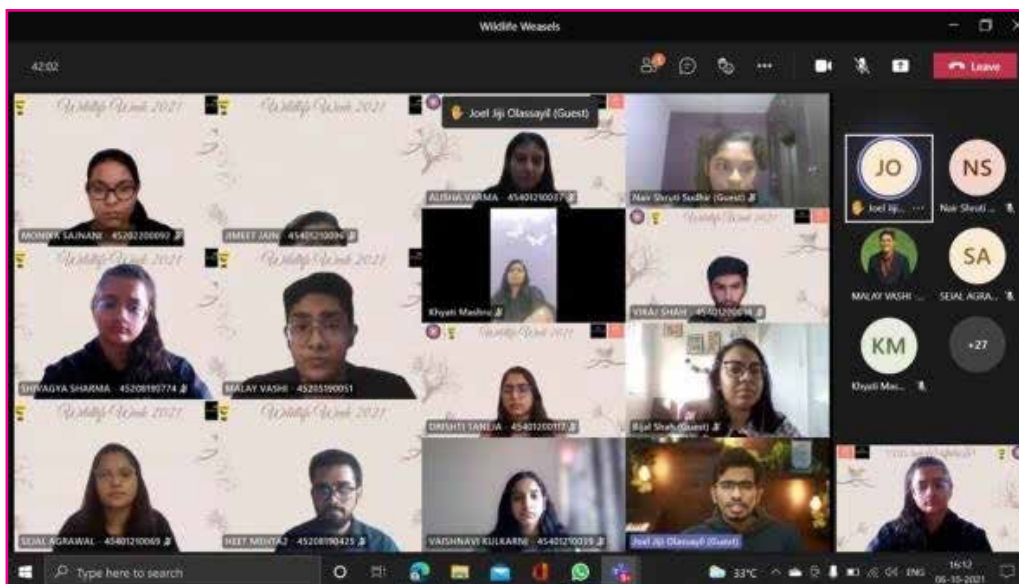

Kadam:

Project Kadam is all about spreading awareness and taking steps towards a cleaner, healthier, greener and sustainable environment. Initiatives promoting animal welfare and an eco-friendly environment are covered under project Kadam. The project includes activities ranging from how to manage your e-waste to feeding stray animals.

Wildlife Week:

Wildlife Week took place from 2nd October – 8th October consisting of events based on the themes of wildlife and environment conservation. Interactive Events like Bingo, Jeopardy and debates were organized to create a healthy discussion among participants. The week ended with the Social Entrepreneurship Model event wherein participants submit basic ideas of social entrepreneurship models revolving around the theme of wildlife and animal conservation. **The Learning Outcome** was awareness spread about the importance of protecting our forest cover, and also about the immoral treatment animals get when they are tested on and used for experiments as well as find practical models to implement solutions.

Advitiya '22 :

Competitions promote ideas and innovation among students. Advitiya '22, organized on the 26th and 27th of February had the objective of putting aflame this very innovation among the NSS volunteers via events based on social causes. It was a display of competition with greater societal interests at heart. With close to 100 registrations across 7 events, Advitya touched upon the concepts of women empowerment, the issues of poverty as well as the novel concept of recycling and up-cycling. The **learning outcome** was that competitions when directed in a correct manner can lead to Innovations that serve the greater societal good and at the end of the day is more about the society than just a single winner.

Aashayein'22:

A cultural event where the volunteers learn to interact with visually impaired people and encourage them to showcase their talent. The festival believes in imparting the motto of “nothing is impossible” in its participants and gives a platform for them to grow and be more confident in themselves. Aashayein spanned over two days, 5th and 6th March 2022. It was conducted online through Zoom Meeting App. The **learning outcome** was that made our volunteers understand the working of various aspects of management and learn to be compassionate and empathetic towards differently abled people in our society.

Blood Donation Camp:

A blood donation camp was organized by the University of Mumbai along with Babu Jagjivan Ram Hospital on the Andheri Railway Station on the 25th and 26th November, 2021. The motive of the camp was to pay tribute for the martyrs' of 26/11 attacks and raise awareness among the masses about the importance of blood donation. All covid related safety precautions were given utmost importance. The camp was able to collect 249 units of blood in 2 days. As a **learning outcome**, the volunteers themselves understood the need for blood donation especially in a time where we are facing the challenge of on-going global pandemic.

HANDFUL OF GRAINS

Avenue - Community Service

Handful of Grains is a legacy project of The Rotaract Club of N.M. College, going on for the past eight years with increasing prevalence every year. It is an initiative where the team donates grains and other supplies to the underprivileged. This year on the 12th of December 2021, the team visited villages in Palghar district and donated 123 kits. Each kit consisted of 2 kg rice, 5 kg wheat flour, 1 kg salt, 1 kg sugar, 1 kg dal, 100 grams of tea, 1 liter oil, 5 kg potatoes, 2 kg onion and 2 bars of soap which were handed over to total 123 families. Along with that, the team also assisted 175 school going children from all the villages with stationery kits, each consisting of 2 pens, 2 pencils, 1 sharpener, an eraser, a ruler, and a long notebook. The intention was to motivate them to continue their education. In addition to the ration and stationery kits, the team also decided to provide vitamin C Tablets for the people of all three villages from a trusted sponsor in order to boost their immunity and help them fight the pandemic. The team also distributed chocolates to all 175 children as a sweet gesture for the lovely kids. Finally, the team marked the end of their legacy project, wherein the team distributed a total of more than 4000 kg (about half the weight of a school bus) of donations and raised a total of Rs. 67,000, thus making its mark in the history of Handful of Grains. The team also got successful in getting the achievements through this project published on 'The Representative', a news and media platform with an overall reach of 1 million+ readers as well as on Google News. BAGPACK HEROES

Avenue - Community Service

The Community Service avenue of the Rotaract Club of Narsee Monjee College had undertaken a year-long initiative- Backpack Heroes, a project that aims to provide education by organizing tutoring sessions for underprivileged kids via WhatsApp. In addition to this, the team wanted to prepare them in the art of public speaking, creative writing, and speaking fluently in English. These sessions were conducted on WhatsApp video calls since the app is accessible to everyone. We are now teaching four children from the NGO Vivekananda Youth Forum: Alfiya Shaikh, Nikita Sharma, Jyoti Shah, and Faiz Khan, who are nine, thirteen, and twelve years old, respectively. As a result of the team's unwavering motivation and commitment to make a difference in the lives of these novices, we have successfully completed more than *95 sessions* with the children and aspires to increase the number in the coming months!

PROJECT ENLIGHTEN - KNOWLEDGE BEYOND BOOKS

Avenue - Community Service

Keeping in mind the current situation of a pandemic where access to education has become more difficult, RCNM in collaboration with Rotaract Club of Loyola College, Tamil Nadu has undertaken “Project Enlighten-Knowledge Beyond Books” a year-long initiative that aims to educate unprivileged individuals from NGOs with training in practical courses such as Basic English Speaking, Basic Computer Skills, and Art and Craft by enlisting the help of volunteers from all over the world.

Our team has collaborated with Rescue Foundation, Trishul Foundation, Amcha Ghar and Women Care Foundation from Mumbai and Gram Vikas Trust from Gujarat and Kutumb Ngo from Varanasi for this initiative. The volunteers are teaching various courses to the people of their NGO as per the requirements. The students range from age groups of 10-40 years. The Rotaract Club of Loyola College conducts sessions with the children of Pullukattu Valasai Government Hr. Sec. School and have promised to teach them throughout the year. With the continuous efforts and determination from both the clubs as well as 50+ volunteers, a total number of 490+ sessions have been conducted, influencing more than 90 peoples' lives. We have also been successful in getting our achievements through this project published on ‘The Representative’, a news and media platform with an overall reach of 1 million+ readers as well as on Google News. ROTOFEST'21

Avenue - Club Service

Rotofest is a socio-cultural fest organized by the Club collectively. It is a flagship legacy project which has carried on since last 5 years. This year, owing to the current COVID – 19 scenarios, the fest was conducted online. It was held on the 17th, 18th, and 19th of December 2021 with an organizing committee of 250+ members and 30+ events executed online. Day 1 was joyously kickstarted with the inauguration ceremony of Rotofest'21. Along with that, 8 exciting events of various fields were lined up for the day. The highlight being the event “Bookmarked” of Literary Arts Department which included a quote writing competition about self-love and a Book Launch. Highlight of Day 2 included the flagship event “Esoteric Mystery” of Informals Department which included suspense, intriguing plots and clues and the participants had to solve the mysterious murder plot of a movie set. The highlight of Day 3 was our flagship event, “Mr. and Ms. Rotofest” of Performing Arts Department, wherein the participants competed against each other by showcasing their talent and skills to win the title. The approximate reach of the fest across all online platforms surpassed the number of *20,500 people* and the total number of participants of the fest crossed *800*. We had 15 college contingents participating in the events. Every event had a sponsor for their podium prizes. With excellent support from our institution, staff, organizing committee, and sponsors like FrontRow, TheNextGig, Eatopia and more, the festival was indeed a success and left a mark of being ‘With Everyone, For Everyone.’

CONNEKT 2.0

Avenue - Club Service

As Tom Ford rightly said, “The most important things in life are the connections you make with others.” Thus, keeping this in mind, the team decided to innovate and create an event influenced by the past year, ‘Connekt 2.0’. The event was conducted in sessions from 22nd to 26th December 2021. Five sessions were conducted, one for each vertical, and each consisting of two rounds with one bonus round to add up some twists and spice things up. The first half in the game had the contestants into teams, and they had fun playing reverse charades. This game gave significance to ‘Unity is Strength.’ The second half had them bringing their creative side by using an object to describe themselves. This helped them be confident in being their true selves and got to know that each of them is unique in their own way.

THE CONCLAVE

Avenue- Professional Development

The Conclave was an initiative that was an amalgamation of a chain of events conducted from 22nd to 27th November 2021. It gathered numerous audiences as instead of organizing it as one individual event, it was made a concoction of various speaker sessions along with competitive events. The event, “Finsolved Mysteries” was the first phase of the project “The Conclave”. In this event, the participants were divided into teams of three or four where they would work together to analyze, calculate, and deconstruct the challenging case studies related to the accounting field. In the second competitive event, the participants were instructed to find discrepancies and mistakes in provided financial records and rectify those frauds. Next, in the speaker sessions, our guest speaker Mr. Akshar Panchamia talked about several types of taxes and laid out a neatly curated illustrative PowerPoint presentation where he explained everything in depth. The second speaker session was with Mr. Dalpat Jain, who spoke at length about the obstacles faced by students in pursuing accountancy as a career choice and delivered frank opinions and observations to the audience and presented a true image of the field.

CONGLOMERATE INTEGRATION

Avenue- Professional Development

Conglomerate Integration was an initiative that put an innovative spin on mergers and acquisitions and helped the attendees gain an insight into all the spadework that goes up amid the integration of two (or more) companies into a joint one. It was a three-day-long event organized from 29th October to 31st October 2021, and was split into two rounds; Round 1 – Presentations and Round 2 – Interviews. With the help of this simulation, participants saw themselves as big industry tycoons, capable of turning tides in the planning and development of venture integration.

ONE WORLD EXCHANGE

Avenue - International Services

One World Exchange was a quarter-long initiative aimed to harmonize and embrace the flourishing cultures and traditions thriving across the globe. The event focused on four main cultural aspects: Dance and Music, Language and Literature, Costumes and Traditions, and Food. The event was conducted through social media reels as well as virtual sessions via Zoom Meetings with different Rotaract clubs focusing on distinct cultural aspects. Overall, considering all the aspects, we connected with 14+ Rotaract Clubs, and 50+ Rotaractors and reached 5000+ Instagram accounts over a span of three months. Moreover, the cultural exchange brought people from all over the world together ranging from the Bahamas to India, facilitating a fruitful exchange. It was a worthwhile experience of sharing ideas and collaboration with Rotaractors globally, serving the very purpose of the International Services Avenue.

WORLD ROTARACT WEEK

Avenue - International Services

World Rotaract Week is celebrated worldwide in March as the first Rotaract Club was chartered that same week. Throughout this week-long event, we had collaborated with a total of 4 International Rotaract Clubs such as the Rotaract Club of Tiyende, Rotaract Club of Tunis Alpha, Rotaract Club of Rabat Agdal, Morocco, and Rotaract Club of Scheveningen wherein we organized one exciting event with an International club every day. Owing to the high spirits and enthusiasm of the team, the participation was a total of 31 home club members and 26 international members. The participants were engaged in interesting events based on knowledge, games, and activities which lay in the common interests of all, making this event a huge success. Through this event, we provided an opportunity for the Rotaractors to connect and communicate globally.

IMPRENDITORIA

Avenue - Entrepreneurship Development

Project Imprenditoria was a quarter-long initiative, which was aimed at instilling an entrepreneurship drive among today's youth. We covered four important aspects in this project, namely, *Mentorship*, *Networking*, *Panel Discussions*, and *Speaker Sessions*. For the networking aspect, we conducted a one-day-long competitive event, where participants had to network and negotiate with other participants to get the requisite material for their business. We conducted 2 panel discussions on topics, 'Myths and Magics of Unicorn' & 'Women in Business'. For the final aspect, we had 2 speaker sessions by **Mr. M Mahadevan** and **Mr. Yashasvi Juyal**, both covered different aspects of entrepreneurship. The team successfully conducted 10 one on one mentoring sessions, 1 networking event, 2 panel discussions, and 2 speaker sessions in one quarter. The speaker sessions witnessed 130+ and 80+ audiences, and the panel discussions had 75+ participants. Furthermore, the project involved collaboration with 15 established entrepreneurs in total. Considering all the phases, we were successful in reaching 300+ individuals throughout the entire event.

ELEVATED ENTREPRENEURSHIP

Avenue - Entrepreneurship Development

The Elevated Entrepreneurship was divided into two phases: a competitive event and a speaker session on comparable topics. The first phase was the speaker session on the topic of 'Entrepreneurship in a Data-driven world' where the speaker overall signified how data is relevant to each and every entrepreneur in the current market. The second phase, a two-day competition, consisted of three rounds, the first of which was the most inventive, in which players had to pitch their business idea in under a minute and persuade other participants who would pose as investors to invest in their startup. The second round was designed to assess participants' critical thinking skills as well as their capacity to respond spontaneously to any problem. On the third and final day, the teams were given an opportunity to engage with other teams and expand their network, as well as to prepare a full presentation regarding their business ideas in terms of feasibility, target market, rivals, financial aspects, and marketing strategy, and other factors. Overall, the event provided a fruitful experience for the participants by giving them knowledge as well as experience in different facets of entrepreneurship.

EMUNA

Avenue - Partners in Service

Continuing the legacy of EMUNA 2020-21, our club in collaboration with the Rotary Club of Bombay West and other Rotaract Clubs, excitedly hosted the second Edition of EMUNA. EMUNA 2021 was organized to establish bonds across countries whilst all of us were and still are Fighting through a pandemic and trying to move back into our normal lives. It served as an opportunity for Rotaractors not only in India but across the world to come together and share their perspectives on the real-world issues that countries are facing. The key area of discussion for EMUNA 2021 was "Cryptocurrency with its special emphasis on the increasing danger of terrorism." This was aimed to help the participants and everyone who was a part of this event to get Knowledge about the raging topic of Cryptocurrency along with all its aspects and how it affects each country differently.

HOONAR

Avenue - Partners in Service

Carrying forward the legacy of Hoonar - Interact's Got Talent held in 2020, RCNM in collaboration with the Rotary Club of Bombay West and several other Rotaract Clubs held "Hoonar 2.0 - Interact's Got Talent" in 2021 for students of various Interact Clubs of different schools starting from 20th September 2021. Our goal was to encourage every student to find their innate and hidden talent, that unique ability that we can help them uncover, nurture, and develop. This year over 390 entries were received from 25+ Interact Clubs leading it to be a huge success. It aided students in the development of their creativity and skillsets, as well as conveying the message - 'Confidence is the Key to Overcome Fear'. A closing ceremony – 'Jashn - e - Hoonar' was held on 2nd October 2021 to mark the end of the event and announce the winners.

Participants engaged in different activities like music and dance for the event

NOVA'21

Avenue - Digital Communications

NOVA'21 is the legacy project which has been carried out for a few years. This techno-digital fest was planned based on covering new and trendy technological aspects with a wide range of events. Year after year, we aim at exploring new and innovative aspects of the technological world, and this year we focused on important ones like Game Development, Programming, Cybersecurity, 3D Modelling, and Virtual Reality, among others. This year, NOVA was held for a period of three days, which comprised of three events named: *"Big Bang Tech"*, *"Encrypted"* and *"404: Not Found"* followed by two informative and enriching workshops on *Game Development and Cyber Security*. This year, the highlight of the project was the **"Virtual Tech Exhibition"** curated by the team which was available for all three days of NOVA'21 and was embedded on the club website, <https://www.rotaractclubofnmcollege.com/virtual-tech-exhibition>. All these aspects made a remarkable contributed to the success of the fest by attracting a total of 210+ participants and guests cumulatively.

~A DIGITAL COMMUNICATIONS INITIATIVE

MOZAIC

Avenue - Digital Communications

Mozaic has been another legacy project for a very long time now, and every year it has always been an upward slope with respect to the variety, quality, and topics covered in this extravaganza. It is RCNM's very own Digital Student's Magazine. The beauty of this magazine lies in the fact that it does not resemble an actual magazine, but is a creation of our own team; which makes it more than a magazine for us. It is a year-long initiative and we publish the magazine every three months. The team collects pieces of artwork, poems, articles, photographers, and illustrations among other things, and curates a magazine out of the same.

The theme for the first edition, published in September 2021 was Neon and the theme for the second edition, published in December 2021 was 3-Dimensional Neon, hence incorporating the theme of the first edition in the second.

NON-FICTION DECODED

Avenue - Editorials

This event focused on bringing non-fiction writing into the mainstream. The event comprised four phases. The first phase, Literary journalism was a workshop with two journalists who talked about ways to build one's career in this field, the obstacles expected along the path of becoming a literary journalist, as well as its importance. The second phase, Open Letters was a writing contest where the participants were required to write open letters to their favorite antagonists. In the third phase, Travelogues explored travel entries and saw a collaboration with a travel enthusiast. This phase also urged the participants to write a travel diary entry on the place they visited that stuck in their hearts. In the fourth phase of content publishing, the articles that had been written by the audiences were published on various platforms to gain more reach.

COSMOPOETICA

Avenue - Editorials

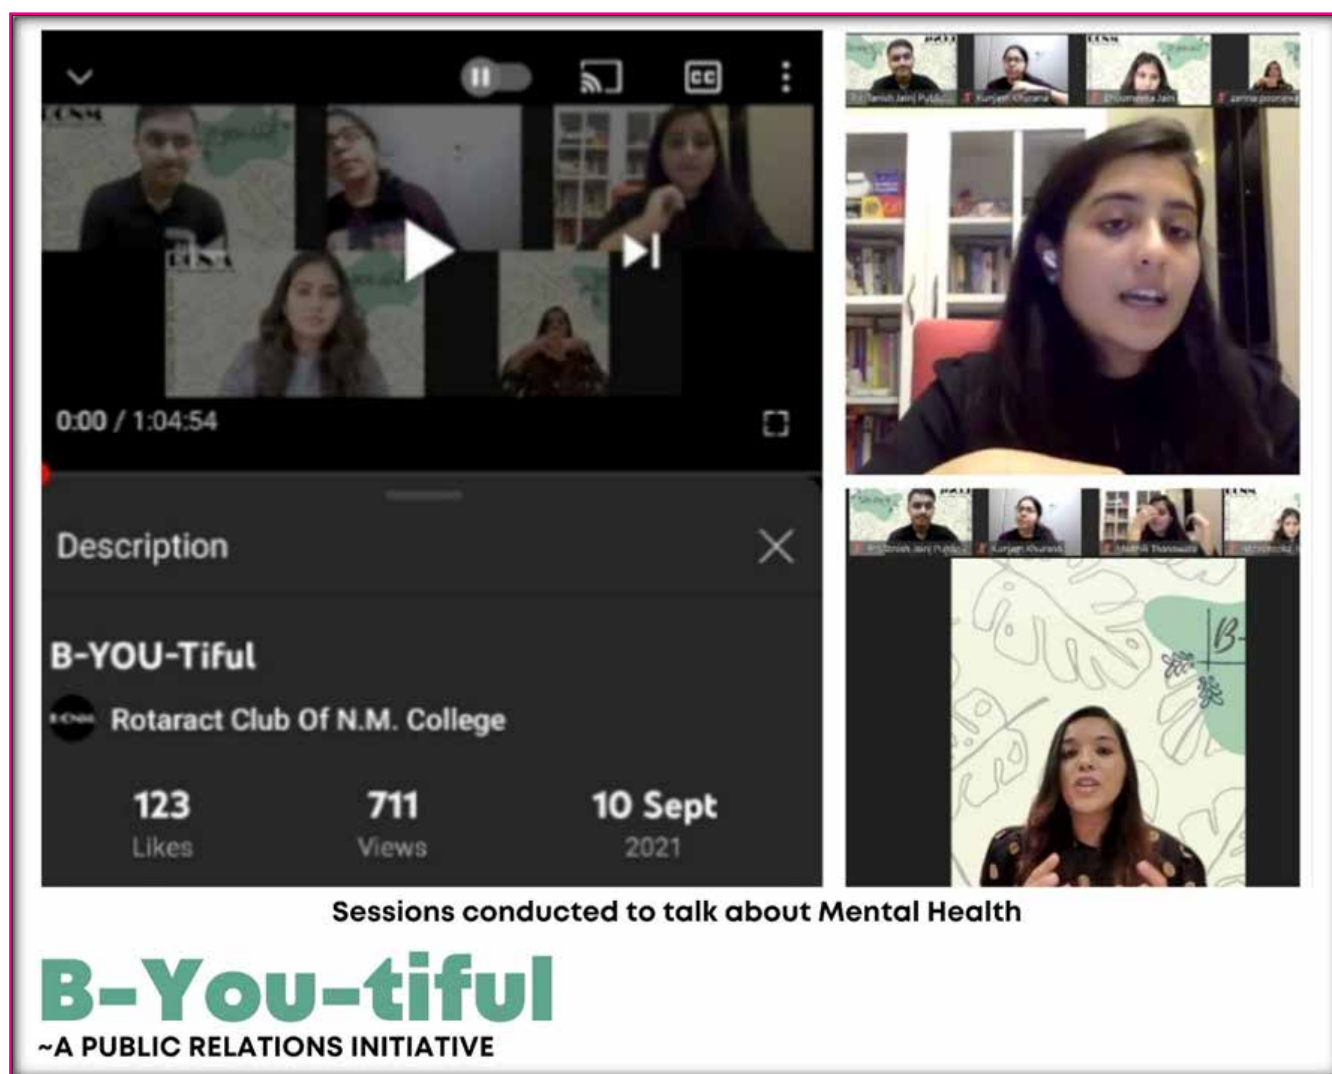

This event was centralized around poetry writing. There were two phases of this event. The first phase consisted of a poetry competition. We used Google Forms to ask participants to create a poem about themselves from the perspective of an inanimate object in this phase. The second phase was Poet's Canvas. This was a series of Instagram lives spread across three days with three contemporary and skilled poets. These live sessions conducted helped to enlighten budding poets and shed light on the lives of poets, their style of writing, issues they faced, and their expectations. The end of these sessions saw a Question-and-answer segment. Over the span of three days these live streams reached 800+ Instagram accounts.

B-YOU-TIFUL

Avenue - Public Relations

There has always been a stigma about seeking help from a therapist and in order to destigmatize it, the team organized “B-YOU-tiful” wherein we had organized a panel discussion with therapists on World Suicide Prevention Day. Four therapists were brought on board for this initiative. They spoke about how the life of students and teenagers is not as easy as people think due to everything being online. We recorded the panel discussion and for people to view it in future times we uploaded it on our YouTube platform. We received over 700 views on the session. We also asked individuals to share their stories in which they shared with us how they were once in a slump and a dark space, but they fought the urge to hurt themselves. We made sure that this was done anonymously to make people more comfortable in sharing their experiences. Furthermore, we collected the experiences and posted them as stories on our Instagram handle so that it could inspire people who might be going through the same and tell people that they are not alone. The stories impacted over 3,000 viewers.

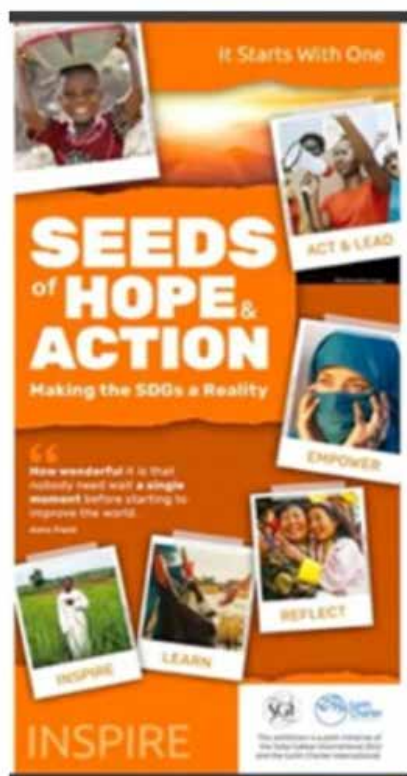

SEEDS OF HOPE AND ACTION (SOHA)

Avenue - Public Relations

SOHA was an initiative which helped to create awareness about sustainability and future planning for the same. The event was in collaboration with SGI (Soka Gakkai International) which is an international organization conducting activities for cultural peace and accredited as an NGO on the 23rd of February 2022. Whilst having discussions with them as to how and why this initiative is essential, the audience realized that Sustainability is the future and went ahead with the collaboration and worked towards making it impactful to a large audience. The event started with the SGI committee giving the opening remarks, and it was followed by cultural performances by two RCNMites and thereafter began with the exhibition of 5 SDGs (Sustainable Development Goals) by the SGI team. To have better clarity, we had a Q&A session wherein the students asked about doubts they had pertaining to the agenda. The closing remarks were then given by Ms. Vaishali Kurhekar, who is an Environment Studies teacher at N.M. College.

DEPARTMENT OF LIFELONG LEARNING AND EXTENSION (NM-DLLE)

Teacher In charge: Dr Rekha Katheeth (Convener), Mr. Darshan Panchal (Co-convener), Ms. Loveena Atwal.

Student Manager: Ms Khushi Agrawal, Mr Rahil Mehta

The Department of Lifelong Learning and Extension is a statutory department established under the Mumbai University. The college has undertaken six projects – “Survey of Women’s Status and Population Education Club (Teacher-In-Charge: Dr. Rekha Katheeth), Industry Orientation Project and National Institute of Open Schooling (Teacher-In-Charge: Mr. Darshan Panchal), Career Project and Anna Poorna Yojana (Teacher-In-Charge: Ms. Loveena Atwal)”. A total of 56 students have enrolled for the projects for the academic year 2021-2022.

To facilitate the sensitization of the student to the socio-cultural realities; the Department offers for the student’s extension work projects encompassing social issues. Not only this builds a spirit of compassion and solicitude towards the society but also enhances their employability skills and contributes towards their holistic development.

Despite the hurdles posed by the pandemic, NM DLLE did not relay it is functioning and out do itself by being a host of various events which included:

4th September 2021: Orientation

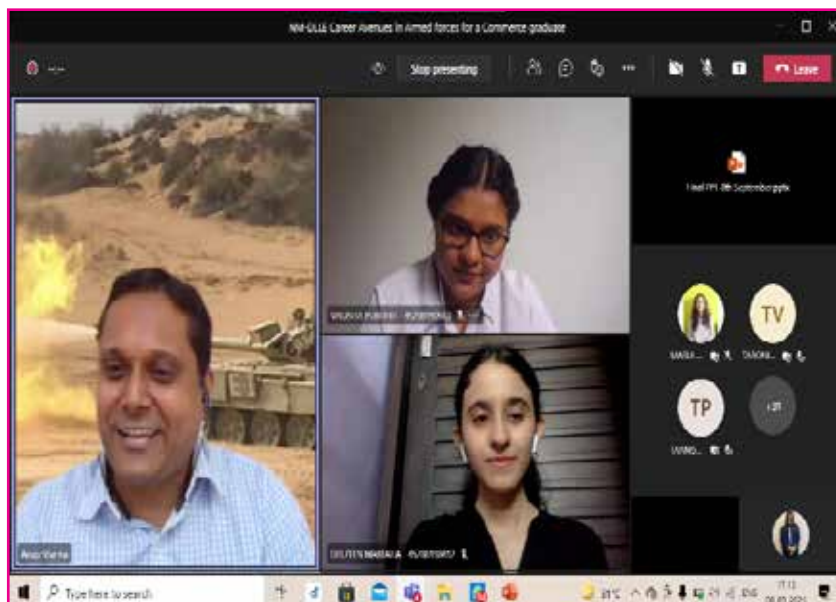

The purpose of this event was to commencement the journey for the year 2021– 22, to introduce DLLE and the six projects to the students. The students were briefed about DLLE and its objectives i.e., ‘**reach the unreached.**’ They were informed about the rules and regulations of DLLE and how important is their participation in the assignments and activities. A small video was played that showcased the beautiful journey of DLLE at Narsee Monjee College.

8th September 2021: Career Avenue for Commerce Graduates in Indian Armed Forces

Our Pride, our Army is not a very popular career choice amongst youngsters. Be it the lack of information or lack of motivation, this event aimed to communicate the various avenues available for commerce graduates in armed forces and to provide them information about joining the army. The speaker also aimed at sensitising the youth towards the Indian Army and motivating them to look at it as a career path in the future.

The audience were addressed by **Captain Anup Sharma** who showcased a glimpse of what the Indian armed forces do to protect the country. The video showcased the valiant soldiers of the country fighting in tough conditions. He spoke about his experiences in the army and how missions use to excite him to fight for the country. As a retired army man, he also spoke about how his training from army has helped him to ace his career in the corporate word.

1st October 2021: Gandhi Jayanti Celebration

The aim of this event was to mark the birth anniversary of Gandhi Ji and to promote the Gandhian Spirit amongst the students. Since the event was a competition, it gave participants an opportunity to channelise their thoughts on Gandhian Spirit through their posters and learn the great ideologies of Gandhi Ji. As we celebrated Gandhi Ji's 152nd Birth Anniversary, the event would have been incomplete without the soulful '**Vaishnav Janto**' Song.

7th October 2021: Webinar on Operation Management

The aim of this event was to understand processes involved in managing a business unit. The webinar was conducted by Mr Rahul Vinod Podaar, Managing Director, Shakti Plastic Industry. Taking the session forward he explained us about the various processes involved in recycling plastic, its importance, comparing calorific values and briefing us about his plant at Palgarh and various other locations, who through his experience can explain the students the various challenges and difficulties involved in this job. A question-and-answer round was also kept clearing any queries that a student may have regarding this.

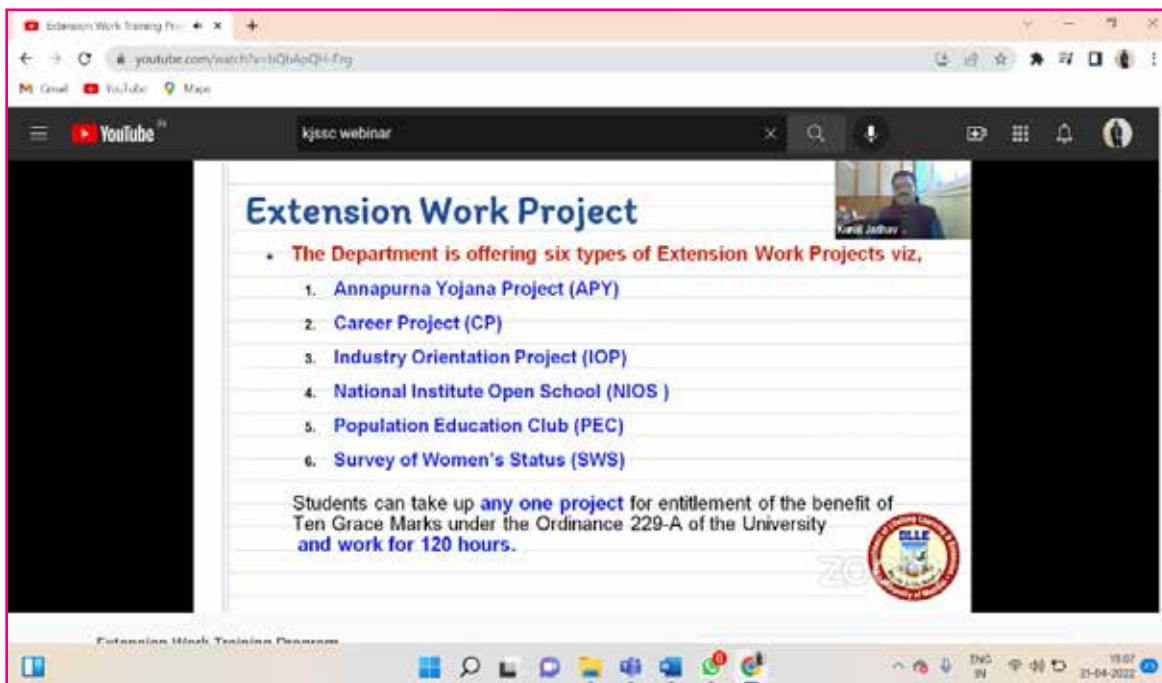

26th November 2021: Resume Building Workshop

An excellent resume is non-negotiable tool to seek job in this competitive world. With the aim to prepare our learners for all the future challenges, the workshop was arranged for all the DLLE learners so that they can prepare themselves for the corporate race. The event was graced by Mr Atul Sathe, Assistant Prof.- HR College of Commerce & Economics. He began the workshop by differentiating the most interchangeable used words, resume and Curriculum Vitae. He also described what a biodata and profile was and the occasions where these 4 things are used. As part of the workshop, students were also explained all the essential elements of the resume and how they can make a modern resume.

10th January 2022: University Orientation

The university of Mumbai organises an annual orientation programme for all the stakeholders of DLLE including faculty-in-charge, student managers & student learners. The orientation is organised to provide the students and the teachers the information about universities expectations from the colleges and their detailed plan on how DLLE should be taken up in the respective year.

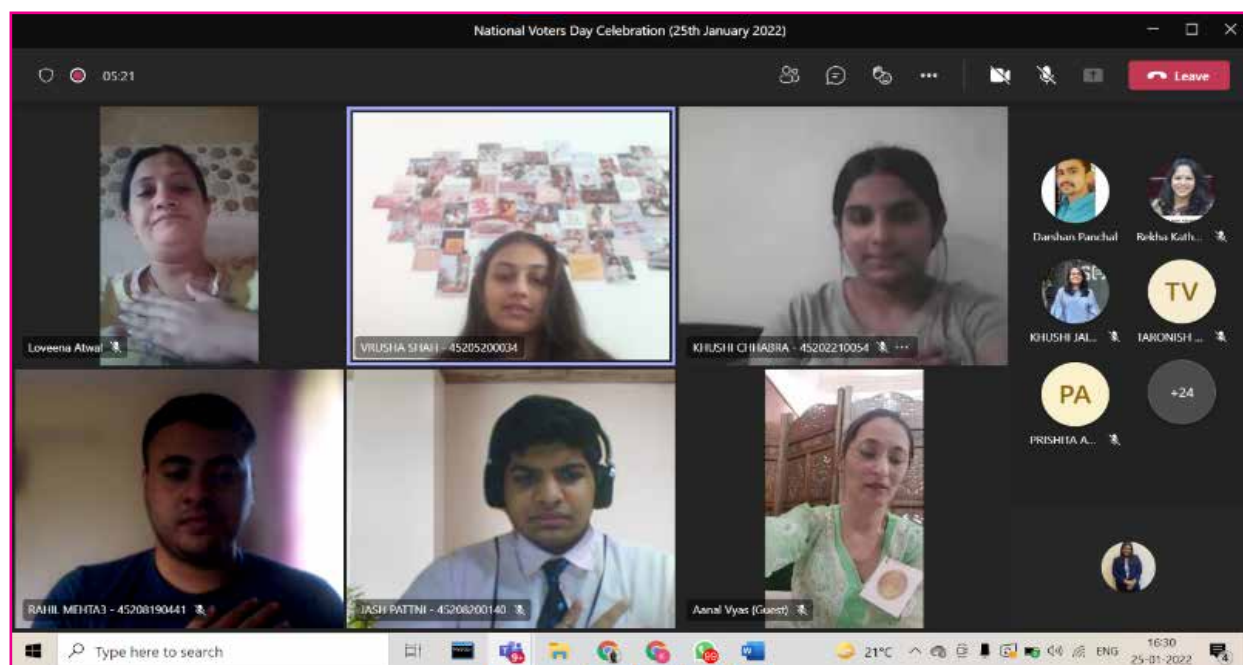

18th January 2022: MOGAMBO KHUSH HUA

Makar Sankranti is a celebration dedicated to thanking nature for its rich resources, and it occurs at an auspicious time for farmers, since it signifies the start of the harvest season. For us at NMDLLE, the aim of celebrating Makar Sankranti was to mark the pious nature of the festival and to communicate to the students, the motive behind celebrating this festival.

25th January 2022: National Voter's Day Celebration

India is one of the biggest democracies in the world and election is an integral part of any democracy. On January 25, National Voters Day is observed to encourage young people to engage in the electoral process by voting and emphasise on voting as a fundamental right. At NM DLLE, this day was celebrated to encourage our students to participate in the upcoming election and exercise their right.

25th February 2022: Webinar on “Leave Policy for Working Women in India”

Maternity & Mensuration leave has become a topic of debate and discussion these days and has having correct information regarding the same is imperial. India as a country has seen quite a few progressive/regressive changes in the recent past and hopefully the progressive list would increase in the coming days. However, there are certain issues that have always been a taboo in our country and one such issue is of ‘Menstruation’. It is exceedingly difficult to have an open discussion about it as people seem to get extremely uncomfortable and prefer to discuss it behind closed doors. To break this taboo NMDLLE organised a webinar to discuss the leave policies for working women in India.

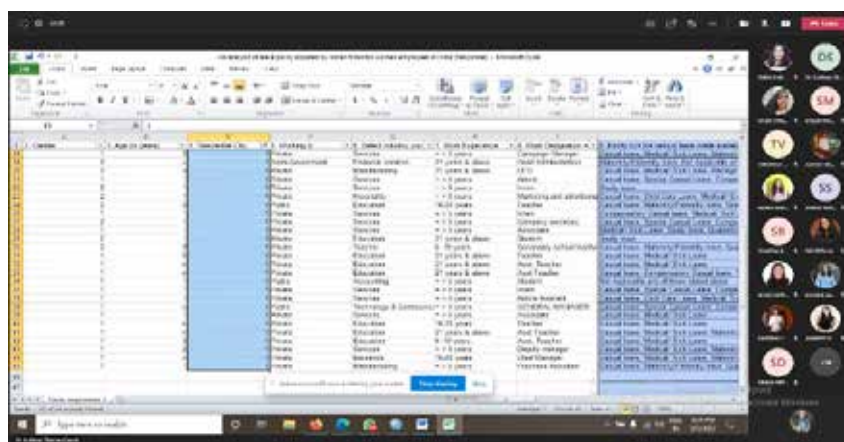

26th February 2022: Inter-collegiate Student Development Program on the topic of ‘KVIC- As an Engine for Growth & Development of MSMEs’

Micro, Small & Medium Enterprise or MSME’s as we like to call it is the backbone of Indian economy. With India set to take a fly, it will not be wrong to consider this industry as it is wing. KVIC is an indispensable part of this industry. Dr. Srinivasa Rao Nune, Director at KVIC, Government of India gave a detailed description about what is KVIC and how it is working towards the development of MSME’s.

He then went on to elaborate on the structure of KVIC and the various schemes and programmes introduced to promote small industries and artisans in village areas. All these schemes were discussed in detail so that the information floated can be used by students to spread awareness about these schemes and people can benefit from the same. The eminent speaker also talked about the various incubation centres under MSME and different institutions setup by government of India.

5th March 2022: WEBINAR ON TOOLS OF HYPNOTHESIS

Hypothesis testing is a cornerstone when we speak of research. To educate the students about the same, the speaker explained in detail the use and importance of hypothesis testing in research work. Hypothesis helps to find conclusion of the research. The speaker thought the students the use of SPSS for hypothesis testing. SWS students who must conduct hypothesis testing for their project report were highly benefited by this workshop. Thus, the workshop was very resourceful for all the DLLE learners.

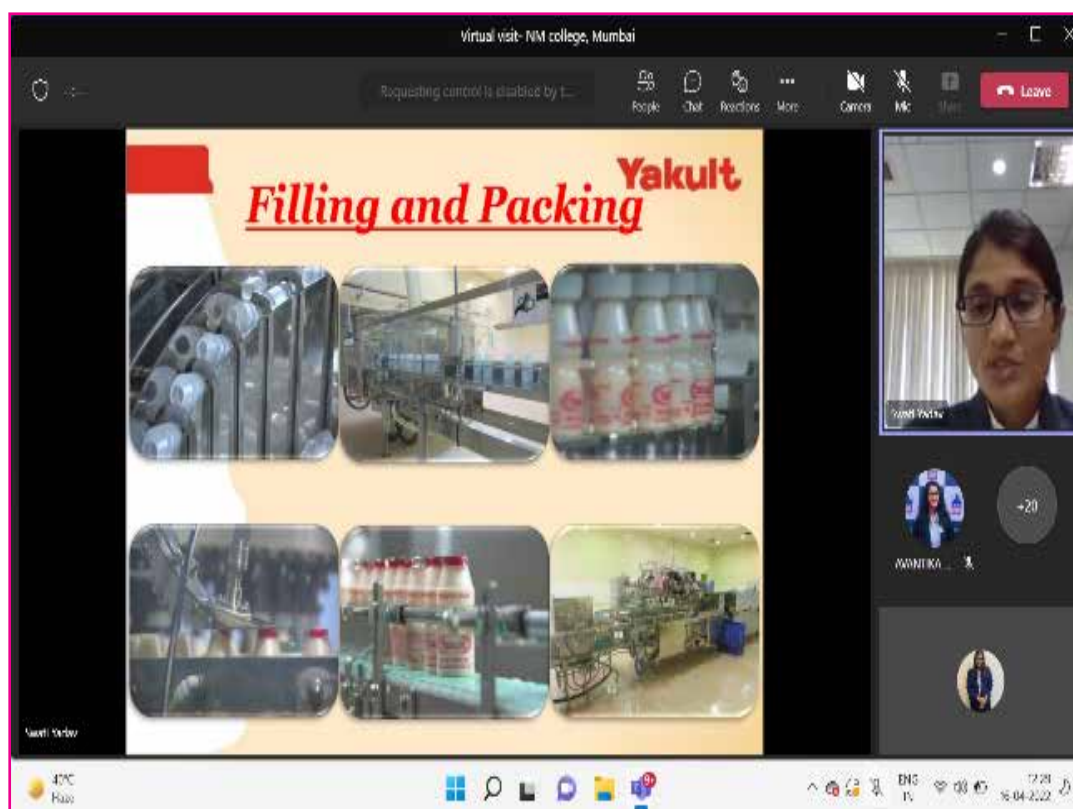

8th March 2022- 10th March 2022: UDAAN

Udaan-The flight of Extension is the annual extension festival hosted by Department of Lifelong Learning & Extension for all the participating colleges in and around Maharashtra. This year NM DLLE got a chance to host this festival. The fest included various events including Poster Making Competition, Powada Singing Competition, Short Film Making Competition, Elocution Competition and Creative Writing Competition in Online Mode where students of more than 15 colleges participated with full enthusiasm. The fest's objective is to maximize knowledge pertaining to various welfare programs, as well as to improve society by recognising and addressing social issues. Participants learned social responsibility during the three-day festival and were encouraged to engage on social work projects for the good of society. It inspired people to engage in social work in the areas of rural development, women's empowerment, poverty eradication, and improvements in education, health, food, employment, and the economy, among other things.

16th April 2022: Industrial Visit to Yakult Danone India

The seminar began with a brief history of the company, detailing how *Dr Minoru Shirota*, a Japanese scientist, developed a special drink containing *Lactobacillus casei Shirota* in 1930. It was proved to be quite beneficial for the gut and intestine of people of all ages. Yakult is a Japanese corporation that entered the Indian market through a joint venture with Danone France. It has now established a significant market and is able to cater to a large number of Indian customers.

The speaker went on to explain how the company's products are entirely natural, and that most of the products are manufactured with the same ingredients. The most significant and widely used is pectin. The speaker further mentioned that drinking Yakult helps people of all ages improve their digestion and boost immunity.

to combat various diseases. The students were then showcased the entire process of production, processing manufacturing, packaging, storage & distribution of Yakult. The session ended with a Q&A session to solve the doubts of all the students.

Apart from these activities there were certain project specific activities that students took up under their project. These activities included:

- The students from Career project interviewed not less than two people from the career field they are interested in. This included Questionnaire preparation, contacting people for interview, scheduling & conducting the interview, and documenting the interviews.
- The PEC students enacted a play on the topic 'Energy Conservation'. Their job started right from writing the script, shooting the script, and editing the script. The students took the effort to circulate the video as much as possible to spread awareness about the issue.
- The students from APY took up sales of KVIC products and products from small vendors. Right from a through market study to sales presentation, the students performed all the tasks that are done by entrepreneurs. This helped them to understand the market for the products coming from MSME's and in the process they spread awareness about the KVIC products
- Industrial Orientation Programme, as the name suggest is a programme to acquaint students to the corporate world. For the same, students applied to various organisations to seek internship. As they secured one, they were working with organisations on organisation's actual project. The students by the end of the internship were accustomed to working of an organisation and got a deeper insight into the departmental function they were performing.
- National Institute of Open Learning is an "Open School" to cater to the needs of a heterogeneous group of learners up to pre-degree level. It was started as a project with in-built flexibilities by the Central Board of Secondary Education (CBSE) in 1979. The idea of taking up this project is to spread awareness about NIOS and facilitate learning for those who are interested however due to certain circumstance could not continue their education. The students did a thorough research on NIOS and the courses offered by them. Based on their research and understanding they prepared material that can be circulated amongst people from where they can get to understand NIOS.
- In the SWS project the students conducted research on the topic of leave policy adopted by Indian companies in regards towards their woman employees. In the research student conducted survey and did the hypothesis testing of the collected data to find a conclusion. In the end, the compiled a research paper on the above topic
- **The Elysium festival** was conducted by B.L Amlani college, it was intercollegiate event where NM DLLE also participated. There were various competitions. NM DLLE students participated in events such as poster making competition, Elocution competition, Essay Writing competition amongst other competitions. Participating in such events gave DLLE students great insight.
- The students of DLLE participated in an industrial visit organised in the Apsara Ice Cream Plant which gave them a brief on the working, production, distribution, and marketing strategies adopted by the company.
- The students of SWS participated in a Webinar on Measurement Scale and Testing of Hypothesis where they were briefed about understanding questionnaire, how to input the data, types of measurement scale and various other important intricacies of the variable view that helped the participants in building the solid foundation to further understand the measurement scales and tests of hypothesis.

Activities of the Year

Events

1. Social Entrepreneurship & Innovation (A Speaker Session)

Date: 31st August 2022.

The session was conducted by Mr. Suraj Malik, a M&A deal expert and a professional in private equity. The session was conducted with the aim of bringing this concept in front of students and motivating the students to take this ahead. The session was very informative as Mr. Malik gave the attendees a deep insight into the concept of Social Entrepreneurship. The session was conducted online and was attended by around 90 students, consisting of both second year and third year. Over and all the event was a successful one.

2. Jeopardy! (Quiz)

Date: 16th October 2022

Jeopardy is a stimulation of America's TV quiz show of the same name, "Jeopardy" where the answers are posted and the participants are required to say out the questions. The event was open for students of all the colleges around India and we received around more than 200 registrations from more than 12 colleges for the event. We had a prelim round followed by the Jeopardy round.

3. We are all Winners!

Date: 27th November 2022

The following event was the flagship event of the year. The event was sponsored by "Nurture by Ankita". It was based on the UN Sustainable Development Goals. Each participant was allotted a SDG and the participants were required to develop a solution to that SDG through a business model. The event was judged by Mr. Saket Mehrotra, a CA/CS and an angel investor. The event received great responses and all the final pitches to the judge were greatly appreciated.

4. Christmas Donation Drive

Date: 25th December 2022

The entire Enactus NM team conducted this drive on account of Christmas celebrations and took cake and snack packets consisting of chips, juice and chocolate for students of Asha Foundation, Mumbai. The motive

behind conducting this event was to promote the core value of Enactus i.e., to serve and spread joy and care. The students at the foundation really enjoyed their time as the team also played games with them. The founder of the foundation Mrs. Anupama appreciated the efforts of team Enactus.

Projects

1. Edible Spoons

This project had the following things finalised:

- Ideation stage
- Costing
- Process
- Raw materials

We were completely ready for implementation.

However, due to the Covid lockdown restrictions, all NGOs in Mumbai had halted their operations.

2. Bio enzyme

Ideation stage and process stage of this project has been finalised, which would aim at creating organic house cleaners.

Lastly,

Towards the end of the year, a deal with a cluster of NGOs in Mumbai was completed for future collaborations.

This partnership is going to be highly beneficial for implementation of all our project ideas in the coming future.

ગુજરાતી સાહિત્ય મંડળની સ્થાપના આપણી માતૃભાષા, આપણી પ્રિય ભાષા- ગુજરાતીની જાગૃતિને વધારવા અને ઉત્થાન માટે એક સમિતિ તરીકે કરવામાં આવી હતી.

અમારી આખી સમિતિએ એક ટીમ તરીકે કામ કર્યું અને આ સમિતિને ખૂબ જ સફળ બનાવ્યું. અમે અમારી મુસાફરી દરમિયાન માત્ર મિત્રો અને યાદો જ બનાવ્યા એટલું જ નહીં, પરંતુ અમે અમારા સંચાર કૌશલ્યો પણ વધાર્યા, અમારા ટેકનિકલ અને નાણાકીય જ્ઞાનનો ઉપયોગ ઇવેન્ટ્સ પ્લાન કરવા માટે કર્યો, અને અમે એક યુનિટ તરીકે જવાબદારીઓ લેવાનું અને સમગ્ર વર્ષ દરમિયાન પરિવાર તરીકે કામ કરવાનું પણ શીખ્યા.

ગુજMASTI- ઓગસ્ટ 2021માં આયોજિત આ વર્ષની પ્રથમ ઇવેન્ટ એક જોરદાર પ્રકારની હતી! તેમાં વિવિધ કોલેજોના વિદ્યાર્થીઓએ MS TEAMS પર ઓનલાઈન સ્પર્ધાઓમાં ભાગ લીધો હતો. તે એક '3-રાઉન્ડની ઇવેન્ટ' હતી જેમાં વિજેતાઓને ઇનામો અને સહભાગીઓને પ્રમાણપત્રો વિતરણ કરવામાં આવ્યા હતા.

કાર્યક્રમોનું આયોજન કરવા ઉપરાંત, અમે GSM સમિતિમાં એ પણ સુનિશ્ચિત કર્યું કે અમે અમારા તમામ પારંપરિક તહેવારોની નિયમિતપણે ઉજવણી કરીને સંસ્કૃતિનું સન્માન કરીએ છીએ.

ગુજરાતી પરંપરા અને સંસ્કૃતિની વાત કરતી વખતે સૌથી પહેલું જે આપણા મગજમાં વાત આવે છે તે છે ગરબા. આમ, યુવા પેઢીઓને નૃત્યનું આ અનોખું સ્વરૂપ શીખવીને આ પ્રાચીન વારસો પહોંચાડવા માટે અમે સપ્ટેમ્બરમાં ગરબા વર્કશોપનું આયોજન કર્યું હતું.

તેવી જ રીતે, ઓક્ટોબરમાં, દશેરાના દિવસે- જે દિવસે ભગવાન રામે રાવણનો વધ કર્યો હતો, અનિષ્ટ પર સત્યની જીતને ચિહ્નિત કરવા માટે, અમારી ટીમના સભ્યોએ આ ઐતિહાસિક દિવસનું મહત્વ સમજાવવા માટે એક વિડિયો બનાવી લોકોને સંદેશો પાઠવ્યો હતો.

ટેકનિકલ ટીમે નવેમ્બર મહિના દરમિયાન અમારા ગુજરાતી મેગેઝિન- સાહિત્ય સરિતાને બનાવવા અને નવીનતા લાવવા માટે સખત મહેનત કરી હતી.

જ્યારે ટેકનિકલ ટીમ આ નવીન સામયિકની તૈયારીમાં વ્યસ્ત હતી, ત્યારે અમારી કોર કમિટીના મોટા ભાગના વરિષ્ઠ સભ્યોએ આંતર કોલેજ સ્પર્ધા "ગુજરાતી નમોસ્તુતે" ની વિવિધ ઇવેન્ટ્સ ભાગ લીધો હતો. ક્વિઝ સ્પર્ધા, નૃત્ય, નિબંધ લેખન, ગાયન, રંગોળી બનાવવી વગેરે.

છેલ્લા સેમેસ્ટર માટે ઓફલાઈન લેક્ચરની શરૂઆતથી અમારી કોર કમિટીમાં ઉત્સાહ ફરી વળ્યો હતો.

અને અમે બીજી એક રોમાંચક ઇવેન્ટને ગોઠવી અને જાન્યુઆરીમાં "શબ્દો ની શતરંજ"નું આયોજન કરીને 2022નું ખૂબ જ સારી રીતે સ્વાગત કર્યું.

અલગ અલગ મહાવિદ્યાલયોના સહભાગીઓ એકસાથે આવ્યા અને તેને બ્લોકબસ્ટર બનાવતા, ઇવેન્ટને મોટી સફળતા મળી.

જેમ અંત સારો હોય તો બધું જ સારું માનવામાં આવે છે..... આ જ રીતે ગુજરાતી સાહિત્ય મંડળ ની આ વર્ષની સમાપ્તિ આવી પહોંચી.....

શૈક્ષણિક વર્ષ 2021-22 ની અંતિમ ઇવેન્ટ ફેબ્રુઆરી-માર્ચમાં આયોજિત, ગુજરાતી મહોત્સવ આનાથી વધુ સારો ન હોઈ શકે...

સમગ્ર કાર્યક્રમ દરમિયાન ઘણા મહાવિદ્યાલયોમાંથી વિદ્યાર્થીઓએ ઉત્સાહપૂર્વક ભાગ લીધો, અને વિદ્યાર્થીઓ માટે ઘણા ઇન્ટરેક્ટિવ સત્રો, પ્રી ઇવેન્ટ્સ અને વર્કશોપ્સ તેમને સક્રિય અને ઉત્સાહી રાખ્યા.

આ સાથે, ગુજરાતી સાહિત્ય મંડળે આ શૈક્ષણિક વર્ષ માટે સમાપન કર્યું. GSM ના દરેક સભ્ય આ સમિતિનો ભાગ બનવા બદલ આભારી છે અને અમે આ શૈક્ષણિક વર્ષ દરમિયાન જે શીખ્યા છીએ તે ટીમ વર્ક, ધૈર્ય, જૂથ ચર્ચા જેવા તમામ પાઠની નોંધ લઈએ છીએ.

અમે આવનારી સમિતિઓની રાહ જોઈ રહ્યા છીએ જે અમને અનુસરશે અને અમે સફળતાની હારમાળા હંમેશા ચાલુ રાખવા માટે તેમને વારંવાર માર્ગદર્શન આપવાનું વચન આપીએ છીએ.

છેલ્લે, અમે બધા શિક્ષકોનો આભાર માનીએ છીએ જેમણે આખા વર્ષ દરમિયાન અમને ટેકો આપ્યો અને અમારું માર્ગદર્શન કર્યું તેમજ GSM પ્રત્યેના તેમના પ્રયત્નો અને સમર્પણને સ્વીકારીએ છીએ.

તેથી ખરા હૃદયથી તમારા સર્વે નો ખૂબ ખૂબ આભાર.....

આ જ રીતે આપણે આગળ વધતા રહીએ તે માટે CHEERS!!!!!!

Business Plan Competition

Date of the event: 30th September 2021

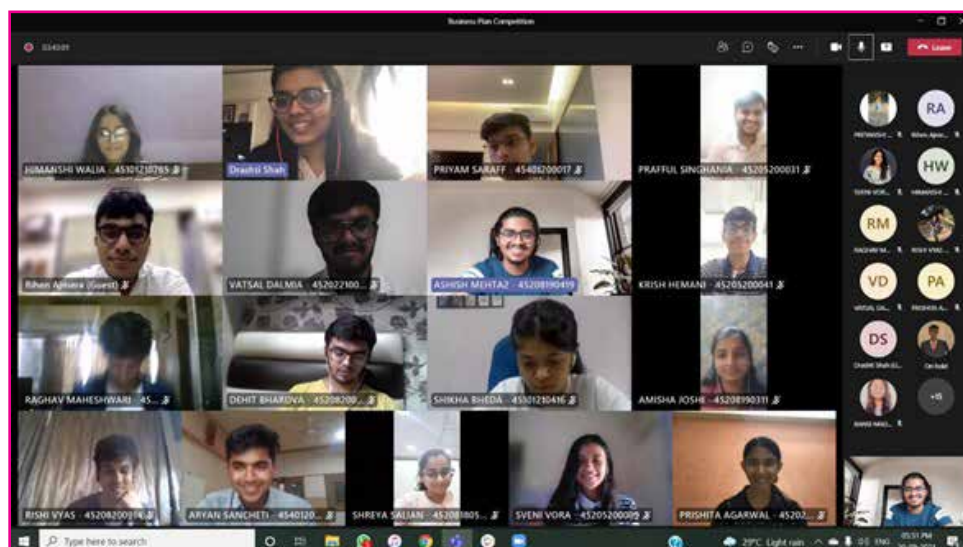

Venue: MS Teams

Every year, Intent organizes one of the most prestigious events with a zeal to bring out latent creativity and entrepreneurship in students. The motive of this competition is to learn developing the ideas about new start

up plans. Following the tradition, to bring the spirit of innovative motives and start up ideas that challenge to conceive of a new service or product offering by organising Business Plan Competition 2021-22. BPC was conducted in two phases. The first phase included submission of ideas which closed on 19th of September, 2021. After getting tremendously bewildering ideas, 8 plans were shortlisted for the second and final phase. The second phase included presentation of ideas in front of the judges, conducted on 30th of September, 2021.

The event started off with opening credits and welcoming of judges Mr. Rihen Ajmera, Founder and CEO of Framebazaar and Awestrich, Ms. Drashti Shah, Founder, Drashti Rajendra and Associates and Mr. Akshat Kundalia, Founder, TheUpMarkets, DigiBazaar.Org. Every participant presented their ideas in a Power Point presentation. Each participant was given a time of 20 minutes to put forth their intriguing plan followed by answering the queries raised by judges about their business plans. As the judges took a few minutes to discuss and declare the results, during this time the team organised a few rapid fire games for the participants and audiences. The event ended with some important insights from judges and the team's vote of thanks. Winners of the Business Plan Competition 2021-22 were

- 3rd prize (Rs. 10,000/-) - Prishita Agarwal, Dehit Bhardva

Participants waiting in anticipation as the winners are declared

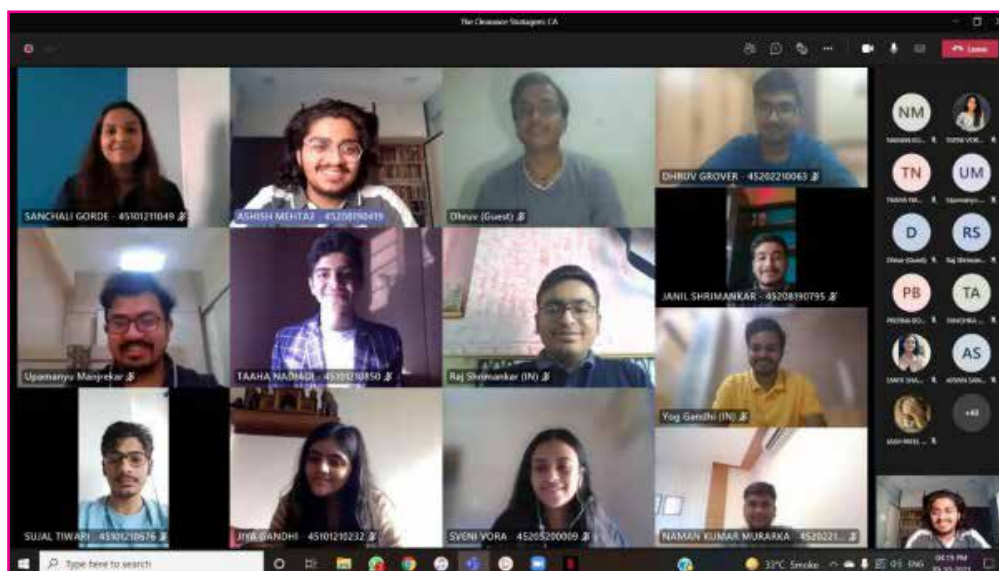

Interactive Session with Mr. Shubham Kedia

In between phase one and two of Business Plan Competition, an interactive session was arranged for the participants and Intent members with Mr. Shubham Kedia from ICICI Bank, which all of them found very interesting. The audience got to know about the INTENT'S flagship event BPC's winner. Mr. Kedia discussed his professional journey as well as how NM helped him incorporate the best of skills and led him towards his goals. Students learnt the basics to survive in the corporate world. The overall session helped the students gain so much more about the business planning, right from the scratch.

The Clearance Stratagem - CA Exam Dec 2021

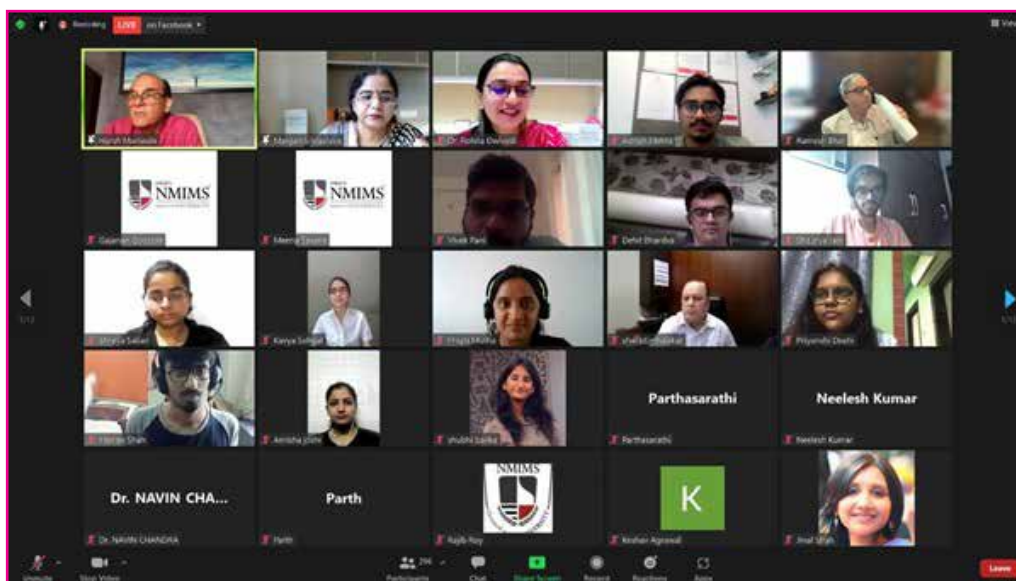

Intent – The Entrepreneurship Cell of NM College had organised an insightful mentoring session for our young aspiring students who are pursuing Chartered Accountancy as their profession. The speakers were visionary about their journey as a CA, and at the end were open to all questions from the audience. A map was laid out for our students on how to plan their CA journey? What study approach is to be adopted? How to manage articleship with ongoing college and so many related queries. Vision CA, a non-profit CA mentoring platform also did talk on various online webinars, leadership experience and planning and executing of more initiatives which lead the paths of our CA students. All participants were enlightened with our speakers and the event turned out to be a great success.

Audience understand and discuss strategies to clear the CA exams

Interactive Session with Shri Harsh Mariwala

The interactive session with Mr. Harsh Mariwala, Founder and Chairman of Marico- a Fortune India 500 company, was jointly organised by NMIMS and INTENT lived up to its potential. From questions of his journey, Marico's strategy to thenitty-gritties of entrepreneurship, he answered all the questions with patience and virtue. Everything but time was in our favour. For those who wish to learn more about his life, Mr. Mariwala's book 'Harsh Realities' is the hype train you should definitely catch! Intent was grateful to Mr. Mariwala for taking out the time and pushing our students to new heights. The session was bolstered by a more than 600 strong audience. The efforts taken by team Intent turned out the session to be a grand success.

Mr. Harsh Mariwala interacts with the participants

Session with Mr. Anubhav Dubey:

Mr. Anubhav Dubey, founder of the famous tea-selling chain, the Chai-Sutta Bar was invited to interact with the students and share insights as to how one can build a successful venture from scratch. The session was organized on the 20th November 2021 bringing an opportunity for the students to learn from the entrepreneur's success.

INTERNATIONAL CONFERENCE - "ENVISIONING THE NEXTGEN WORLD"

With extreme enthusiasm and excitement Intent Organised it's first ever international Conference "Envisioning the NextGen World" in the history of its events, which was completely conducted on a digital platform in line with the social distancing norms due to the Covid-19 pandemic. Objective / purpose of this conference was to understand the exposure executive managers and business owners are actively getting by the new AI use in finance and other areas to get a competitive edge on the market.

Packed with 12 speakers, 7 sessions across 2 days, Intent was out with its schedule for the Envisioning the NextGen World on 18th and 19 September 2021. With the help of technology, the **12 speakers from different time zones** were invited to share their knowledge. Experts from various fields ranging from finance, technology, magazines, space technology and marketing gathered to discuss various topics at the convention.

The international conference was a huge goal to be achieved for all of us! The work started with coming up with attractive captions for our social media posts so that more and more people would get attracted towards our posts and share them further. We also started new initiatives on Intent's Instagram page which included contemporary trends from the editorial point of view.

There were workshops and seminars with prominent leaders and entrepreneurs from various industries, who came in and gave insights about how there has been a generational revolution in the world and got into the depth of new ideologies to put forth unorthodox and innovative solutions. The thought to must go beyond the borders this time came true.

The conference was inaugurated by Principal Dr. Parag Ajagaonkar. We had keynote sessions with Yves Hilpisch is the founder and Managing Partner of The Python Quants and is also the founder and CEO of the AI Machine, Vivek Mahbubani, a Hong Kong bred bilingual stand-up comedian, musician and an emcee who has been ranked as one of the funniest people in Hong Kong, Mr. Manish Sharma, the Head of India, at Arabesque, Ms. Chiara Condi, founder Led by Her and The Other Half, an activist and a consultant who believes in gender equality and diversity inclusion at workplaces. Fireside chat with Mr. Gregory Zuckerman, a special writer and investigative reporter at the Wall Street Journal. Panel discussion with Anubrata Biswas is the MD & CEO of Airtel Payments Bank Ltd, John Ryan, the director general at Emerging payments Associates Asia, Ms. Amnah Ajmal Head of Merchants, digital partnerships and strategy and Mr. Matteo Rizzi is the Co-founder at FTS group.eu and is a published author of 'Fintech revolution'. Followed by one more panel discussion with Samson Williams, globally recognized expert on technology and crisis communications, George Pullen senior economist at US CFTC and with Ms. Parna Basu CEO and Founder of Brand and Buzz Marketing.

Finally marking the end, the conference closed on a positive note by thanking all the esteemed speakers and the audience for joining in at the conference. Team intent took immense pride in the success of this conference and hopes to only go onwards and upwards in its following journey.

Date: 18th September 2021 Time: 12:30 pm - 1:10 pm

Session 1: AI-First Finance - How AI is Reshaping an Industry.

Speaker : Dr. Yves Hilpisch, CEO, The Python Quants and the AI Machine, Germany

The Group Python for Quant Finance is one of the largest with 3500 people. Started with his books Python for Finance, Python for Algorithmic Trading, Artificial Intelligence in Finance. Also, talked about his special category books of Quant Finance with Python namely “Derivatives Analytics with Python”, “Listed Volatility and Variance Derivatives”.

He spoke on the history of finance over the timeline: the Ancient Period, the Classical Period, the Modern Period, the Computational Period, the Artificial Intelligence Period. Finance has had multiple phases from The Ancient Period (pre 1950), The Classical Period (1950-1980), The Modern Period (1980-2000) and the Computational Period (2000-2020). AI will be relatively successful after 2020. Finance is data driven. AI Finance is fast. It analyses the data in seconds which experts take hours to do with tons of experience.

He explained few AI Success Stories of Playing Atari Games (one of speaker's favourite), Playing the Game of Go, Speech Recognition, Recommendation Engines. About Deep Reinforcement Learning, how fast machines think? Gary Kasparov (grandmaster of chess) in his book “Deep Thinking” focused on how any chess app can rival any human grandmaster due to the ability of adapting itself with the game by use of technology.

He discussed about the book Physics Envy and The Beauty Math authored by Sabine Hossenfelder: Lost in Math – How Beauty Leads Physics Astray in his book shared “For decades, physicists waited for discoveries but the experiments didn't reveal anything new. What failed physicists was not their math, it was their choice of math.” Efficient Markets and Arbitrage Pricing are Cornerstones of Economics. He also emphasized that sample quantities and theoretical quantities don't match with the reality world.

While explaining on Data-Driven Finance, direct data is collected and then analysed and decisions based on it are taken from print media (newspaper, journals) and then posted on the web data, on the respective company's site. They can also be added to the terminals where you trade your stocks and just update you with the ongoing events immediately. This will help you trade quickly and easily by wasting no time and saving comparatively more human efforts.

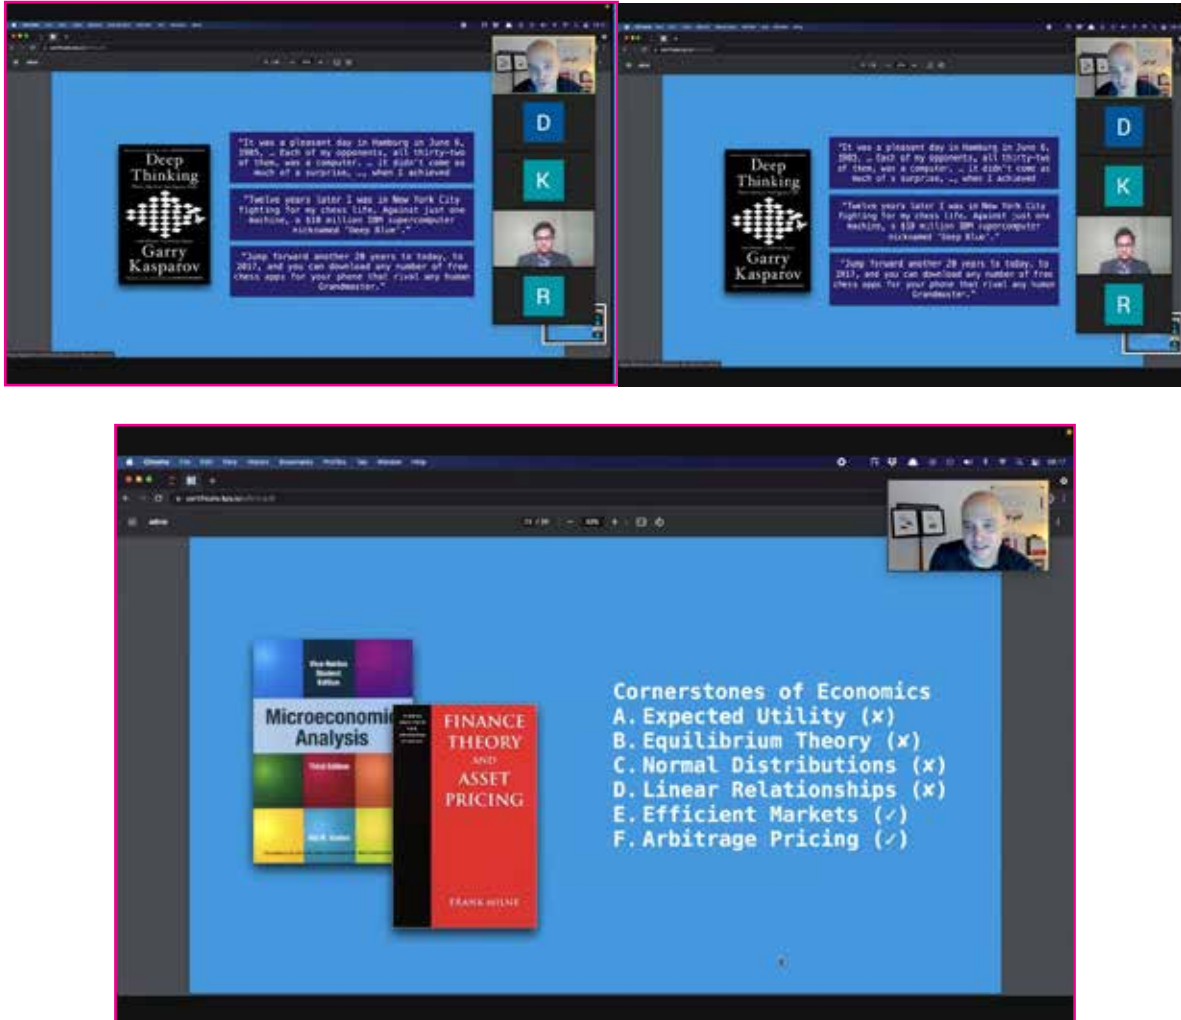

AI-First Finance he described machine learning is the scientific method. It follows the same process of generating, testing and discarding or refining hypotheses. The difference is while scientist will spend his entire lifetime doing this, a machine learning system will do the same in a second.

In concluding his session he has put forth few insights about AI on finance:

- Finance has long been driven by the “beauty myth”- elegant but too simplistic models, equations and approaches.
- Due to the availability of big data, AI is changing almost every area of our lives.
- Therefore, to be assumed that in the same way the combination of Data-Driven and AI-First Finance will influence and change finance, investing and trading for good.

- In the session, one can witness the fact of how AI is taking over the world.
- THE AI MACHINE is a new python-based project used by traders.
- Finance is complex but looks simple. It is a vast subject especially with the addition of AI.

Date: 18th September

Time: 1:30pm to 3:00pm

Session 2: Panel Discussion: The Future of Banking and Finance from a Global Perspective

Panellists: Mr. Anubrata Biswas, CEO and MD, Airtel Payments Bank.

Ms. Amnah Ajmal, Executive Vice President, Market Development, MEA for Mastercard, Women leader in financial Technology, UAE.

Mr. Matteo Rizzi, Co-Founder, FTS group.eu, Author of *The FinTech Revolution*, Portugal

Moderator: Mr. T. Bijoy Idicheriah, Deputy Editor, Informist Media.

Objective of the discussion was to understand the dynamic consumer expectations, new technologies and new business models that evolve banking and finance to change its future.

The points discussed by the panellists were:

1. The ways system of banking has developed from the past 15 years.
2. How different innovation has impacted banking and how we have done banking traditionally.
3. Transformative experiences on banking on payments and indeed how boarding of clients into the formal banking system has created a change.
4. Change of consumer behaviour and the business of managing money has still remained with banks with the front ends and consumer propositions having value driven experiences.
5. How Real Time money transfer without any hidden losses or charges to the consumer can enhance the future of Banking and Finance on a global perspective.
6. AI and Digitalisation will ensure that there is no compromise on the quality of service provided.
7. How large financial sufficiency income is necessarily based on the speculation of how a bunch of functions operating in a bank can help it work better in the near future.
8. Mr. Anubrata also gave a very detailed explanation of how UPI works in our country and how important it is.
9. There was also a discussion about how there are a lot of new experiments always taking place in the fintech industry, so how do these fintech companies make their customers feel secure and safe. Basically, how do they ensure that their customer's money is safe?
10. Fintech is gradually taking over the banking system or so it at least seems. The panelists discussed how the banks should work on their system to maintain the hold that they still have in the financial industry.

Date: 18th September 2021

Time: 7pm - 7:30 pm

Session 3: Funny is My Business.

Name of the Speaker: Mr. Vivek Mahbubani, Stand-Up comedian, Musician, Founder of Hall of Laughs. Hong Kong.

Objective of the session was to understand that the funniest stories were once tragedies. So, next time one needs to think about how an earlier pain would help them create an anecdote today. Perspective knowledge that if one looks at their life and finds a funny way to present it, people will start loving it and get inspired by your work because they will be able to relate with it.

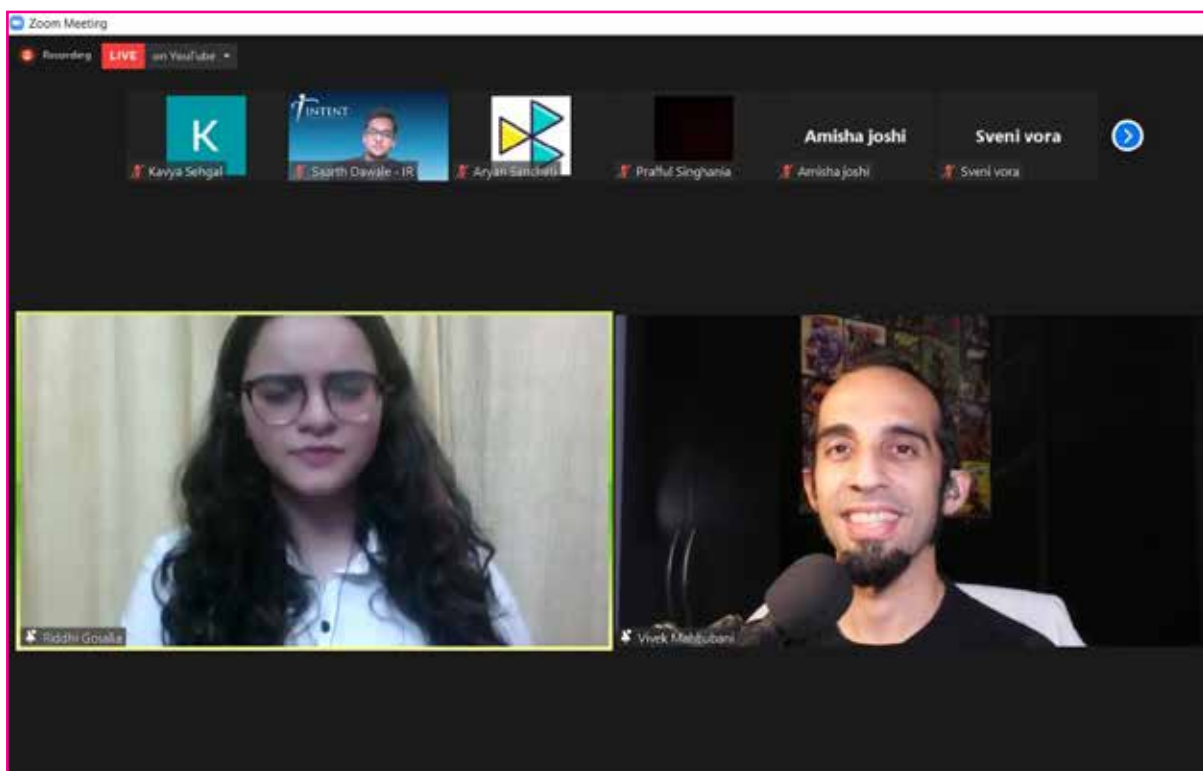

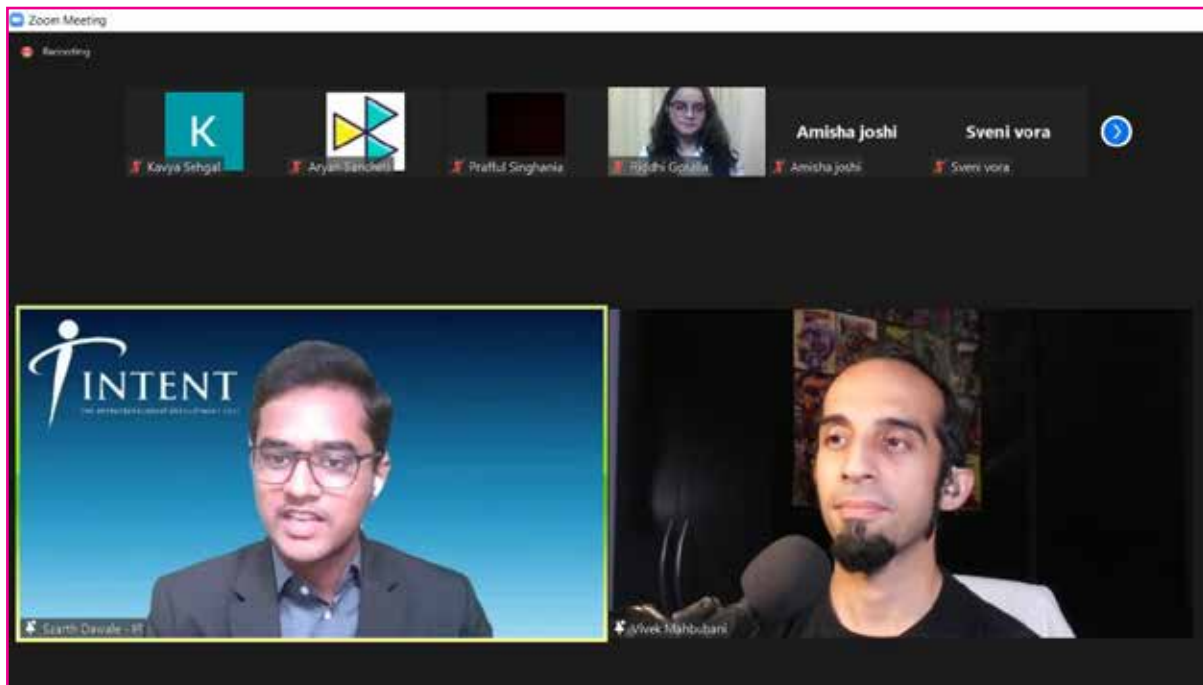

Points Discussed:

- Change in perspective of viewing things to find humour- As a comedian, he emphasized on how important it is to view things in your own way. The adage “same song, different day”, mentions similar life patterns. One of the lessons he learned as a comedian is that you have to learn to think differently. The thing about being funny is not to find funny things but see things in a funny way.
- Humour is not a skill or a talent, it's a different angle on life - What's more to a thing? Why do we do it?

Why is it done in a specific way? Anything and absolutely everything has a humourist angle. He focused on how everything around us has a potential of being funny and it's just a matter of point of view.

- Find something that's interesting because it will help you to find your own way of being funny. Never limit yourself in comedy by telling this is equal to this or else the curious kid in you will die.

Date: 18th September Time: 8:30pm-9pm

Session no 4: Fireside Chat: Financial journalism

Speaker: Mr. Gregory Zuckerman, Special writer at The Wall Street Journal and Investigative Author, USA

Moderator: Mr. Ushang Sheth

Objective: Opaque financial reporting and ongoing crisis happening in the corporate and financial sector require a critical voice that questions corporate practices and behaviour. The session highlighted chats based on all financial and investment markets and post-covid scenarios.

Mr. Zuckerman was asked about his thoughts on how the pandemic has affected the market momentum? He thinks that the pandemic has already had a lot of effects on the market. Especially the supply chain has been affected a lot, majorly because we are all used to the JIT (just its time) system and the pandemic completely disrupted it.

There was a short discussion about his published and mainly about his upcoming book: A Shot to Save the World- The Remarkable Race and Ground-Breaking Science Behind the Covid-19 Vaccines. His books are all available on Amazon.

He also gave some very insightful advice to all the aspiring journalists and writers. Make people comfortable to talk to you, be a good listener so that people are eager to talk to you, always show interest towards what the other person is saying, and ask questions. Show enthusiasm towards what they are speaking. Look for stories that haven't been told. Keep an eye out for stories, everyone can do analysis and everything but reading people is not something everyone can. These are just some words of advice from Mr. Gregory.

When asked about his success mantra, he said that everyone should have a niche of your own to have competitive advantage over others. Basically anything at which you're a little bit better than most of the people around you.

There was also a short discussion on how Mr. Zuckerman decided to become a writer/journalist.

DAY 2: Date- 19th November, 2021

Time- 2:30 pm onwards

Session 1- Speaker Session - Entrepreneurship and Women in Entrepreneurship

Speaker- Ms. Chiara Condi, the founder of Led by HER, France and The Other Half Podcast, is a gender equality, inclusivity advisor/consultant and entrepreneur who has more than 10 years of experience promoting gender equality through her work.

Objective of the session- To cultivate/ develop an entrepreneurial mind-set in the youth especially the females who would want to be an entrepreneur in the future.

The session had benefited more than 70+ participants.

Ms. Condi started the session by discussing why she chose to work for gender equality and inclusivity and what keeps her moving. She drew attention to the fact that most of the time, women entrepreneurs have an idea in their head but it never gets to see the light of the day. Thus, the idea never translates into a project.

To overcome this, Miss Condi presented her guide on Steps to turn an Idea into a Project

Step 1: Identify the WHY

Think about the experiences that are meaningful in your life. Work on something that gives you pleasure. Draw constellations by joining the dots of what you like, what is meaningful in your life and what you would want to carry out in the future. Turn your negative experiences into learnings.

Step 2: For your WHY, find HOW

People get disheartened when a project fails, and they think entrepreneurship is not for them and give up their ideas. In most of the cases, their WHY is correct but the HOW is wrong. Find out the right vehicle that can drive you to your destination. Find out unconventional ways in which you can turn your idea into reality.

Step 3: Build by doing and talk about what you are doing!

Take the first step, don't let the ideas die in your head! Start by taking baby steps, it's not necessary that you will find success every time. Prepare yourselves for failures but in the initial stage, take the steps that you know will not disappoint! Do anything that can help you start like sending mails, talking to experts in the same field, connecting to people with the same interests. Miss Condi reminisces her journey which was started by sending an email to a B-school and how it led her to being what she is now.

Step 4: Start the journey of a thousand steps and keep doing it!

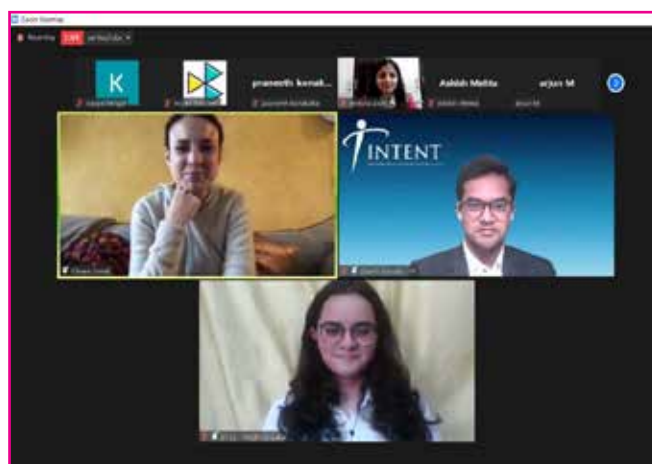

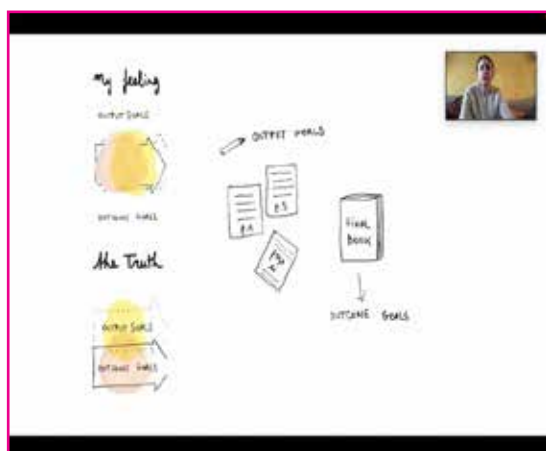

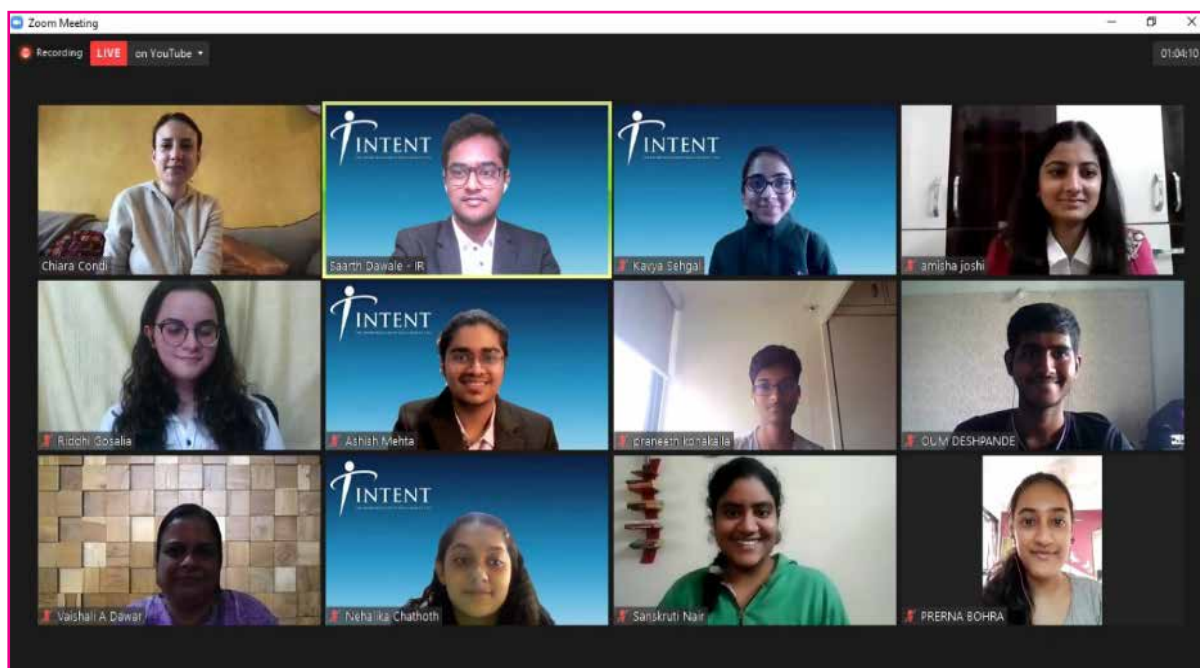

Identify your output goals that can take you to your outcome goals. Breaking the seemingly enormous goal into smaller, achievable goals can be beneficial as it gives a sense of satisfaction on its completion. And this is the most essential thing in the journey to keep on going!

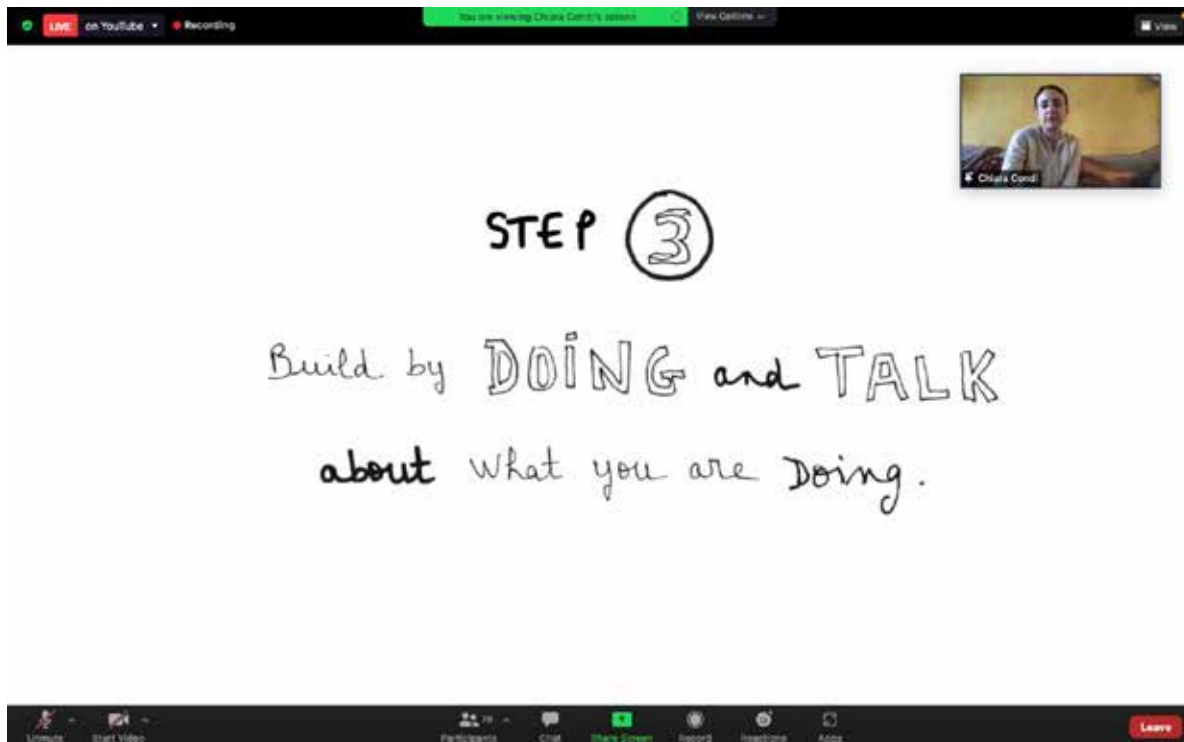

Step 5: Tell 100 people about your dream or whatever you have created!

Make a list of 100 people and contact 10 everyday! Expand your network, get along with people having the same interests as you, take inspiration and give back too. Make yourself visible in the crowd and don't wait for people to find you, reach out to them. Getting your first 10 customers is always more difficult than getting the next 1000! Create a trustworthy and loyal relationship with your initial customers and make them believe that you genuinely care about them, take feedback and criticism in a positive light!

Lastly, towards the end of the session, Miss Condi clarified some of the doubts and questions that the participants had and ended the session on a positive note with some valuable learnings from her journey.

Date: 19th September 2021 Time: 4:00 pm

Session 2: Speaker Session

Venue: Zoom Meeting.

Topic of Discussion: Sustainability and ESG Investing

Name of the Speaker: Mr. Manish Sharma, Head of India, Arabesque Asset Management Ltd., India. His Journey till now:

- He has been the Vice-president of Genpact.
- Manage operations at cross research and consulting practices for 14 years at Mckinsey and Co.
- The five word life purpose that is Mr. Sharma's thought of people to 'enjoy' life came out of the leadership development workshop sometime back and since then, he reinforced in his work, indeed a very noble mantra.

Introduction

With a mission to contribute to the mainstreaming of sustainable finance to investment services, we have with us the country head Mr. Manish Sharma. The Ed.Ms. The group is guided by a vision to make sustainable choices accessible to all stakeholders and how they allocate their capital. They believe that economic value creation can and should be combined with environmental stewardship, social inclusion and sound governance.

Summary of the session/Key Takeaways:

Sustainability: Started with how pandemic has brought the term sustainability more into the picture today and we are going to see more about it in future.

He summarized his The ESG Structure

Sustainability: the endurance of it, what we do with the resources, how we plan them, use them, create them & consume them in such a way that helps the planet.

Need: Today sustainability is the need of the hour, as he explained this statement with various examples: rise in the temperature, use of the existing resources judiciously.

He also shared some lime light on some unsustainable conditions:

- How first ever rainfall in Greenland affected the temperature and went above the freezing point and later came down as rain.
- Closer to our home, The great mangroves of sunderbans are being eroded due to rising sea water which lead to migration of plants and animals.
- Not only about the previous happenings but he also discussed the current air pollution prevailing in Delhi on the banks of river Yamuna.
- Flash floods in Germany, Heatwaves in Canada all these unusual activities happening around the globe.

“Society = Sustainability”

- Plan: ‘Plan is there, Execution is not efficient’. Government and Corporations to bring sustainability.

Some of the successful models implemented by governments in world:

- Kyoto protocol- which actually wanted to limit the GreenHouse Gas emissions
- Paris Agreement (2015) – which highlighted that by 2030, the world will work to arrest the temperature by not more than 1.5 degree Celsius.
- But, in the most recent IPCC report, it is not going to happen as No Government is acting actively towards reducing it. The world is going to spiral downward.
- India’s timeline for getting a net zero is estimated by 2070.

“You can only manage things, that are measurable” and thus came the plan ESG (Environment Social & Governance)

- ‘It is on us to balance people & profit for sustainability of planet’

- criteria set of standards for company's operations that socially conscious investors use to bring potential investments.
- Investing in business projects that are doing well in either of the three sectors.
- Long term returns with a lot of social impact.

Mr. Manish Sharma works as an entrepreneur who challenges others, solve a problem, fill a gap and work towards sustainability.

Mr. Manish also quoted, "The last decade belonged to digital, this is the decade for digital & sustainable".

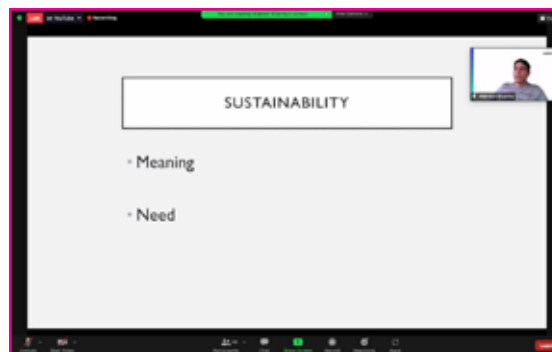

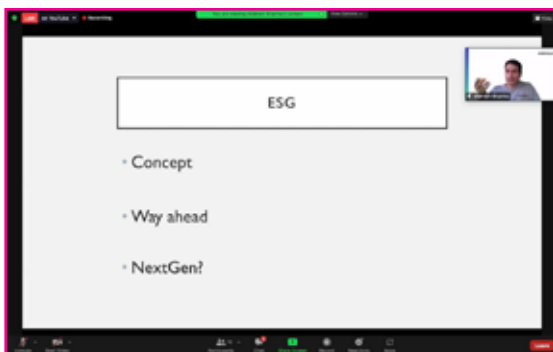

If steps aren't taken today, the future generations will suffer.

In the last he added, At Individual level we need to start in the most minimal way.

Learnings:

- Sustainability improves the quality of our lives, protects our ecosystem, and preserves natural resources for future generations. Our future generations will have a lot less of a planet to live on if these situations are not taken care of.
- Today, the latest data on sustainable development is below the expected ones – climate change is turning into a climate crisis.

- **The Research Roadmap: An Orientation**

On 9th August 2021, the Research Committee of SVKM's Narsee Monjee College of Commerce and Economics (Autonomous) in collaboration with Friends of Library had organised a webinar on the topic "The Research Roadmap: An Orientation" apropos of the current academic year's theme "Research and Innovation". The webinar was conducted on MS Teams by the institute's very own Dr. Kedar Bhide.

The session commenced at 4 pm with a brief introduction to the field of research. Renowned for his detailed explanations and doubt-solving skills, Dr. Kedar had the participants enthralled from the outset. The main purpose of the webinar was to encourage participants to enter the world of research and provide crucial guidelines by an in-depth analysis of the field. For better understanding, the topic was explained through 10 comprehensive steps, the first one being deciding the research approach. This was followed by an elaborate description of the various criteria necessary for choosing an appropriate research topic. Identification of the research problem by conducting systematic ROL, discerning the variables and developing a conceptual framework on its basis and alignment of the hypothesis with the objectives and research problem were some of the other steps described meticulously. The webinar was attended by over 50 enthusiastic participants who gained extensive knowledge pertaining to the field and ended with a quick Q&A session.

Event : “GOAL : Kickstart your Future”

Friends of Library of Narsee Monjee College of Commerce and Economics (Autonomous) had organised an interactive session called “Goal- Kickstart your Future”. Centered around a myriad of topics significant in this day and age, this session was presided over by the esteemed IAS Sonal Goel on 27th August, 2021 at 4 p.m. and streamed on two online platforms namely, Instagram and Google Meet.

The session commenced with an elaborate introduction of the guest speaker. Widely acknowledged for captivating the audience with her sincerity and eagerness to impart knowledge, IAS Sonal Goel Ma'am began answering the questions presented by the host with utmost integrity. Upon being asked the reason for choosing the career of a civil servant, she reminisced about her teenage years and the keen feeling of altruism that kept her determined to stay on the path of becoming an IAS officer despite all the hurdles like her parents' apprehension, low passing percentage of the examination and the discrimination that was prevalent against women at the time. It was followed by a brief discussion on UPSC examinations by the guest speaker along with a glimpse of the various decisions that need to be pondered on should one endeavour to attempt the examination. She further emphasised on the importance of fitness and praised all the Indian athletes for their sheer dedication in this year's Olympic games. She constantly encouraged the youth to engage in sports and various other physical activities. She further threw light on the predominant patriarchal structure that even today restricts women to reach great heights and elaborated on the various national schemes that aim at women empowerment. Many other things ranging from the lack of enthusiasm among the youth with respect to politics to the growth potential of India were also discussed.

The viewers were highly inspired and buzzing with energy by the end of the session due to the remarkable inputs given by the honoured IAS Sonal Goel. The host was elated and expressed his heartfelt gratitude towards the guest speaker for gracing their platform. The session ended with the host thanking the entire team of Friends of Library for their tireless efforts in organising such an enriching session.

• **Interactive Webinar - Research Publications and Awards**

A nationwide interactive webinar was organized by the Internal Quality Assurance Cell (IQAC) & Research Committee of Narsee Monjee College of Commerce and Economics (Autonomous) on the topic “Research Publications and Awards” on 28th August, 2021 at 11 am in its endeavour to increase awareness regarding the verification of various prominent journals. The webinar was presided over by the esteemed Dr. Sumit Narula. He holds the position of Deputy Dean Research (Publications and Research) at Amity University, Gwalior as well as Director/ Head of Institution in Amity School of Communication in Amity University.

The webinar commenced with the National Anthem followed by the College Prayer. The event was hosted by Dr. Rekha Katheeth Ma'am who warmly greeted the guest speaker after giving a short description of NM College. This crucial session was attended by 100+ participants from several parts of the country who were astonished by the important details regarding research journals that were exposed by Dr. Sumit Narula. He meticulously trained the participants in identifying cloned and predatory journals along with methods of recognising and reaching the original site through the portals- SCOPUS, SCIMAGO, UGC Care, etc. He went on to give a detailed explanation pertaining to cloned and predatory journals, further providing the specific features that are common in every cloned/ predatory journal's website and highlighted fifteen crucial points necessary for the distinction. He was also gracious enough to promptly resolve the queries expressed by

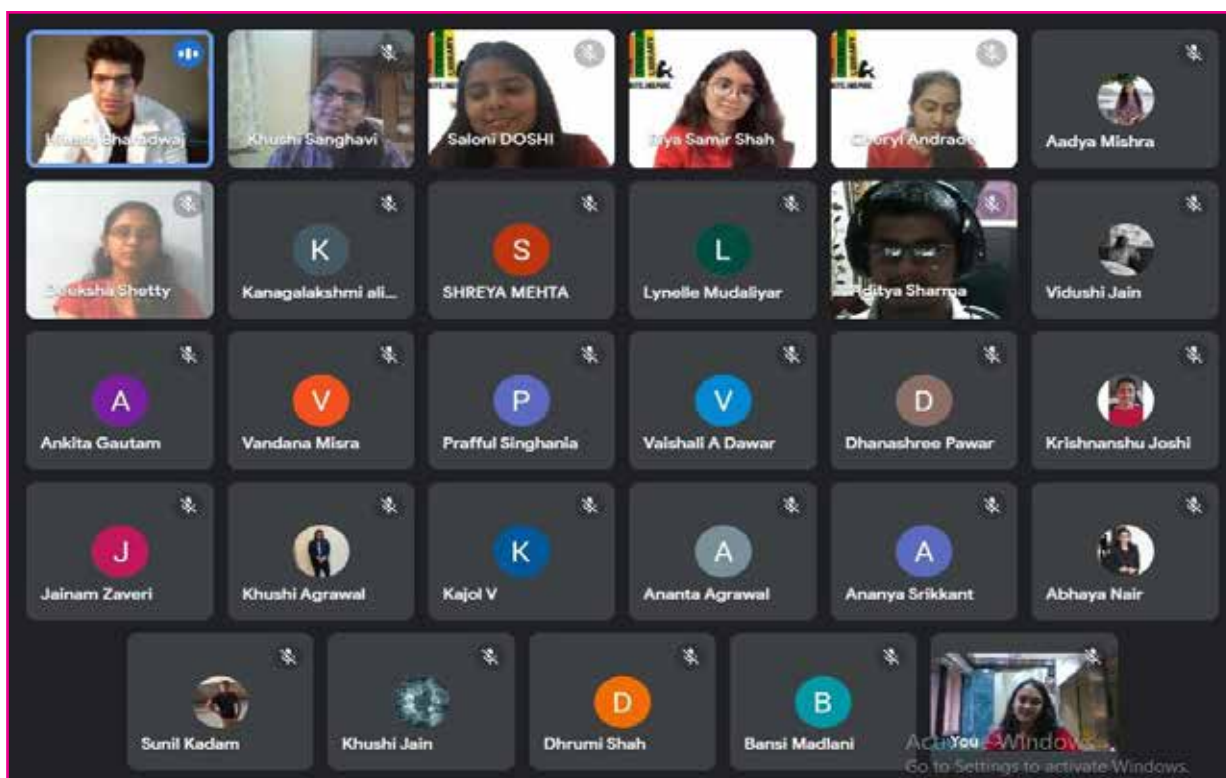

participants through examples in real time. Dr. Sumit Narula further threw light on the topic of publication fees and strongly emphasized on the significance of proper research before payment of the same since most of the journals demanding such fees are cloned or predatory. The session continued to become more informative as he discussed other aspects of research publications such as the Altmetric Attention score, Retraction Watch database, and necessity of having an ORCID ID and so on.

The respected host Dr. Rekha Katheeth Ma'am was thankful for the valuable inputs delivered by Dr. Sumit Narula and was extremely appreciative of the commendable efforts taken by the IQAC and Research Committee for initiating such a knowledgeable and informative session. Finally, Dr. Vaishali Dawar Ma'am expressed her heartfelt gratitude towards the guest speaker as well as the Principal and faculty of the college for their constant support and encouragement in organising such enriching sessions. She concluded the webinar by further thanking them for their exemplary efforts in providing such platforms to help the participants reach great heights of success.

• **Event: Yeh Dil Maange More**

A poetic evening for literary enthusiasts was held on September 5, 2021 in the presence of Mr. Hitesh Bharadwaj. Known for his literary prowess and charming words, he enthralled all the participants as well as the audience. After a brief introduction of Mr. Hitesh, the event proceeded to poem recitals from some of the most talented individuals. The participants spoke their heart out on a myriad of interesting topics ranging from women empowerment to self-love. Impressed by their skills, Mr. Hitesh asked several questions to each participant regarding their history and source of inspiration. He further went on to recite a few of his own poems which touched all our hearts. There was also discussion about airing the poems recited by our participants on his radio show which was followed by massive applause. This beautiful evening ended with the organizing team expressing their heartfelt gratitude to Mr. Hitesh along with the college faculty and the participants.

We wholeheartedly thank the Friends of Library students and all other student volunteered during Research Fair, who helped in a great way for success of this Research Fair.

- **ILLUSION 2022 REPORT (Online Fest)**

Inaugural Ceremony

Name of association: Friends of Library

Name of the event: “ILLUSION’22 – Opening Ceremony”

Date: 26th February 2022, Time: 12:30 – 1:00 pm

No. of Participants: 15 – 20

Venue: Microsoft Teams

Objectives:

- To kickstart the festival and infuse enthusiasm and exhilaration among the youth.
- To aim at inculcating leadership and communication skills through the various events conducted, in order to culminate all-round personality development in a fun-filled way.
- To encourage the youth to think out of the box, generate and explore their skills and ideas through event participation.

Outcome:

ILLUSION’22 was conducted on 26th February and 27th February 2022. Like every year, this festival, organised by the Friends of Library Association, celebrates all aspects of art, culture and literature, and depicts it in a fun and comprehensive manner. Their vision is to position art as an equally important discipline which is essential for a well-rounded life.

The opening ceremony for Illusion’22 commenced with the Ganpati Vandana followed by a brief introduction to Narsee Monjee College and the FOL Illusion Committee. Thereafter, it continued with words of wisdom given by the convener Dr. Mukta Manoj Ma’am and co-convener Dr. Vaishali Dawar Ma’am who beautifully graced the commencement of the event with their valuable words.

The selected theme for Illusion’22 was “Tribute to the Global Cinema”, to celebrate the golden Era of Bollywood. All programmes of Illusion’22 focus on infusing enthusiasm and motivation among the youth while at the same time incorporating the Bollywood theme through all their events. The event was conducted online on MS-Team.

**Name of Event: Illusion's Jaadu-e-Alfaaz**

Date: 26th February, 2022

Time: 1 pm

No. of Attendees: 24

Guest Speaker and Judge: Bindu Parmar Maam

Objectives:

To introduce the attendees to the various forms of poetry.

To pay a tribute to global cinema through a poetry writing competition.

To encourage participants to keep writing and help interact with kindred spirits.

Outcomes:

The event commenced with the host quoting Robert Frost, followed by the importance and beauty of poetry.

The guest speaker was then introduced to the attendees along with her various qualifications. The rules for Round 1 were then introduced to the participants and they were allotted twenty minutes to turn in their entries on the topic, A Tribute to Global Cinema.

A total of seven entries were received during this round out of which only one entry was eliminated. After the end of Round 1 for fillers, participants were asked to read out any piece of poetry that they had previously written. This was very interactive and quite a few participants presented their pieces. The results of everyone who moved forward were declared and Round 2 commenced. For this round the participants were provided with a list of names of characters from different genres and they had to spin a poem around any one of their choice.

The entries were judged by Ma'am for this round and Priyanka was declared as the winner.

While declaring the results, ma'am delved into great depth about each poem and provided constructive feedback to the participants with utmost sincerity and goodwill.

The event was a huge success and ended with a note of thanks by the hosts.

Outcome:

The workshop commenced with a brief introduction describing what to expect from the session followed by a warm welcome to the Makeup Artist – Miss Muskaan Punjabi, a professional in Hairstyling and Makeup Artistry.

The format of the workshop was designed for beginners and basic makeup products were used in order to make the entire process easy to follow and execute. The makeup application was executed on a model starting with application of moisturizer and finishing it off with highlighter and lipstick to complete the final look.

Spectacular achievements of the makeup artist and her knowledge, skill and experience in the field of hair and beauty were clearly evident as she shared her genuine recommendations while executing and provided practical suggestions.

Name of the event: “Bollywood Night” (Antakshari)

Date: 26th February 2022, Time: 4:15 – 7:00 pm

No. of Participants: 15 – 20

Venue: Microsoft Teams

Objectives:

To promote and nurture creative, cultural and linguistic skills and talents of the youth.

To create a platform for the youth that provides sufficient opportunities to overcome stage fright, exhibit their capabilities and enhance their confidence.

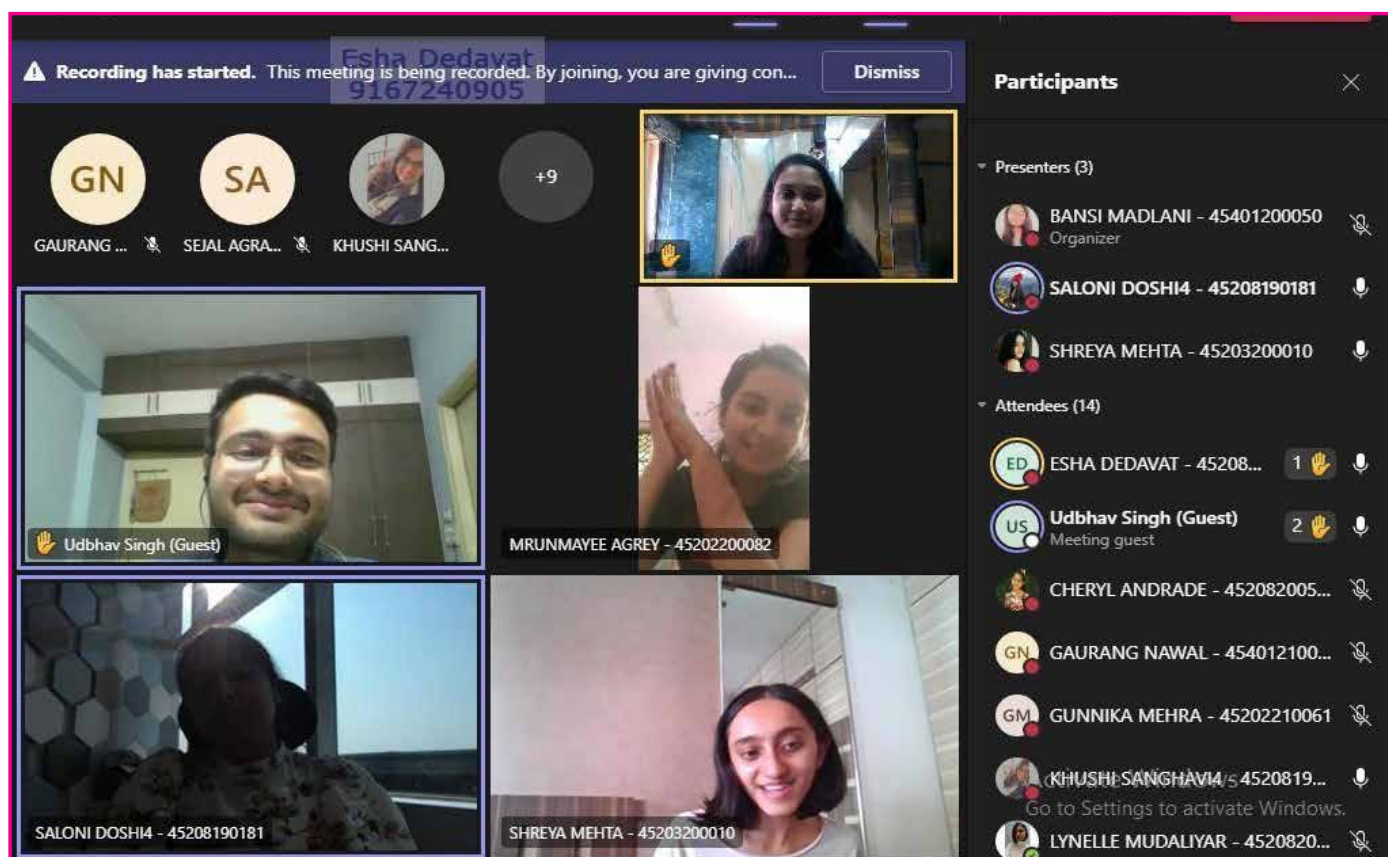

Outcome:

Music binds our souls, heart and emotions. To bring out the singing talents of the youth – “Bollywood Night”, a musical Antakshari event was organised by FOL's Illusion. The selected theme was “Tribute to the Global Cinema”. The event commenced with a brief introduction describing the Event. Further, it included two rounds: First round – Complete the Lyrics: For this round, participants were required to complete the lyrics of a Hindi Song and sing the following lines. ‘Gallan Goodiyaan’, ‘Illegal Weapon’ were some chosen melodies in this round.

Second round – Original Antakshari: For the next round, participants teamed up and sang the song with the letter provided. ‘Ek Do Teen Char’, ‘Gulabi Aankhen’, ‘Roop Tera Mastana’ were some of the iconic songs sung.

Everyone participated either solo or as a team. The event provided an opportunity for the youth to showcase their calibre and fondness for Bollywood and Indian Music through their mellifluous singing. It was a perfect blend of entertainment and recreation. Furthermore, it concluded on a good note which became possible through the overwhelming support and participation offered by the organising committee, participants and the audience leading to the success of the event. Overall, it resulted in a melodious experience and a refreshing evening.

Mission Enlight, yearlong:

We had 20+ volunteers teaching the children of Spark-A Change foundation. Each volunteer taught the child for 40 hrs. Volunteer also did extra activities along with teaching which were social media, photography, administrative work etc. This goal was successfully fulfilled and the volunteers and the children of Spark-A Change foundation had so much fun during this entire programme.

Children's day celebration, 14th November

The session was for 1.5 hour where the children also were interacting. There were more than 50 children in the session. We started by asking them simple questions as to what do they do in their day or what is their hobby and they told us all about it. We also told them important things about children's day as to why is it celebrated and how it started. Later we had prepared a ppt asking all types of general knowledge questions and the children excelled in that. They knew about everything from studies to current affairs to movies. That day we all also became children with them and enjoyed children's day with them.

Social awareness through social media:

Spread social awareness among people by posting various informational stories on Instagram on voter registration and safer internet day.

Event 1: Bazaar (9th September 2021)

We couldn't have found a better event than BAZAAR to kick start the year. The event witnessed an overwhelming response of 40 participants inventing unique product pitches which were out of the block. In Round 1 participants were asked to buy commodities in an open bazaar with stipulated budget. On the other hand, Round 2 saw a trading session among the teams which was followed by the final round where product pitch had to present before the judge. The top 2 teams were given certificate of excellence and cash prizes of 1000 and 500 respectively.

Event 2: What If (9th October 2021)

An event created to attract Marvel & Economics aficionados, this event was a mix of Marvel alternate realities and macroeconomics. With Marvel fans from every corner of our college, the first round was an elimination round testing around 30 participants on their MCU knowledge. The second and final round was an extempore debate along with question and answers round on the basis of which winners were adjudged. The top 2 podium winners were given prizes worth 600 and 400 respectively and Certificates of Excellence.

Event 3: Epsilon (5th February 2022)

The Economics Association of NM College held its flagship event on 5th February, 2022. Epsilon is a battle of words among intellectual researchers to test one's true skill about the economic world that can transform and leave an impact on people's perspective. It is a research paper contest that lets our participants express their wisdom on modern economics related topics. Our event attracted massive participation from colleges all over India. The first round of the event was judged by Dr. Ambili M Thampi (Hinduja College) and Mr. Anirudh Tagat (IITian and Researcher). The second round judge was Dr. Sadaf Haseen Hashmi (Founder of FinLab) and we had around 10 super amazing research papers. The winners were given cash prizes worth ₹10,000. Thus, Epsilon 2022 turned out to be an insightful and intriguing event of the year!

Activities of the year

Forum:

“Freedom is hammered out on the anvil of discussion, dissent, and debate.”- Hubert H. Humphrey.

This year we were honored to launch our official forum dedicated to helping people navigate the complexities of politics, philosophy, ethics and current happenings around the globe through extensive debate and discussion. It was also a matter of great pride to host the forum on our Club Website, built and managed exclusively by the Club. The forum was a platform for various discussions, from the Taliban's takeover of Afghanistan to the symbolism of taking a knee during national anthems. The platform became a true representation of our motto: #VoiceYourOpinion.

Bizpol:

The inaugural event, Bizpol started the year off with a bang for the NMC MUN Club. It was conducted on 24 November, 2021. The perfect mix of BIZ-ness and POL-itics, Bizpol was an opportunity for students to put their diplomatic skills and business acumen to the test as they discussed and debated the burning issues of the modern BIZPOL arena! Participants were allotted portfolios of some of the leading companies in India along with Agendas. The Participants were required to represent and defend their company's stance on the Agenda. The event tested the student's ability to think on their feet and make the best possible case given the situation.

Break the Code:

An event designed for all the puzzle lovers of the student body, Break The Code was a novel event consisting of an online simulation of the dreaded yet thrilling Escape Room. It was conducted on 24 December, 2021. The

Event put to test the analytical skills of the participants as they attempted to break out of a locked room using cryptic clues and their own ingenuity in a race against the clock. The Event witnessed large scale participation and garnered loads of appreciation from the student body.

Students are seen participating in the event of BIZPOL

The Dissent:

The Dissent was a two round debate, organized in collaboration with Arthashastra and the Planning Forum. The first round consisted of a Lincoln-Douglas debate where the debaters were allotted the debate question and their position, Affirmative or Negative, prior to the start of the Event. The Event concluded with an Oxford Style debate between the participants shortlisted from the first round. The Dissent was a prime example of a healthy debate and discussion, with the debaters respectfully disagreeing with one another through civilized and well articulated discourse.

Conference 2022:

Our flagship event, the fifth edition of the Annual NMC MUN Conference is a platform for the youth to voice their opinion on global issues, and discuss and formulate policies that might very well shape the future of humankind. It was a three day long conference held from 4 March to 6 March, 2022. Through the conference we strive to nurture the leadership potential we are all born with but only some ever truly manifest. It gives us immense pleasure to announce the completion of this.

Spanning over three thrilling and fun-filled days, 4th to 6th March, we simulated 3 committees- UNHRC, AIPPM and IPL Auction, in a test of our delegates' oratory, diplomatic and strategic skills. The delegates partook in lively and animated debates on burning issues ranging from a review of 8 years of the NDA Government to discussions on combating religious and racial discrimination. The conference was a unique and exciting experience for all the delegates, providing them a platform to voice their opinions, fine-tune their arguments and hone their skills. But above all else, it was the camaraderie forged between the delegates in spite of ideological differences that made the Conference a memory worth cherishing.

TRIAL BY TRIVIA

- ▶ **DATE:** Friday, 3rd September 2021
- ▶ **TIME:** 4:00 P.M. to 6:00 P.M.
- ▶ **PLATFORM:** Zoom and Quizizz

The first event of the academic year was designed to test the entrepreneurial, accounting and decision-making skills of the participants. A triathlon of thrilling rounds, this enticing time-bound battle of wits set the perfect tone for the events that Team AOA had in store for the rest of the year. The event sought to test the entrepreneurial and accounting acumen of the participants in a time-bound setting, albeit in a fun and engaging

manner. The event also aimed to simplify several accounting concepts viz. sole proprietorship, partnership, company accounts through meticulously crafted questions. Finally, the most crucial objective of them all, to change the perception of the subject and illustrate how fun and dynamic the field of accounting truly is. The event comprised of three rounds with eliminations and increasing level of difficulty. Since speed was of the essence, the ones to submit the correct answers the quickest scored the highest points, thereby emerging victorious. Trial by Trivia garnered a footfall of about 30 students from both Junior and Degree College.

A through and through crowd-puller, it had two enticing segments which enabled our eager attendees to delve deeper into this lucrative field. The objective of the event focused on imparting knowledge to the students by giving a practical perspective on Equity Research and Analysis. The main aim of the event was to showcase the numerous career options to the students to explore from. The esteemed speaker CA. Suraj Unadkat

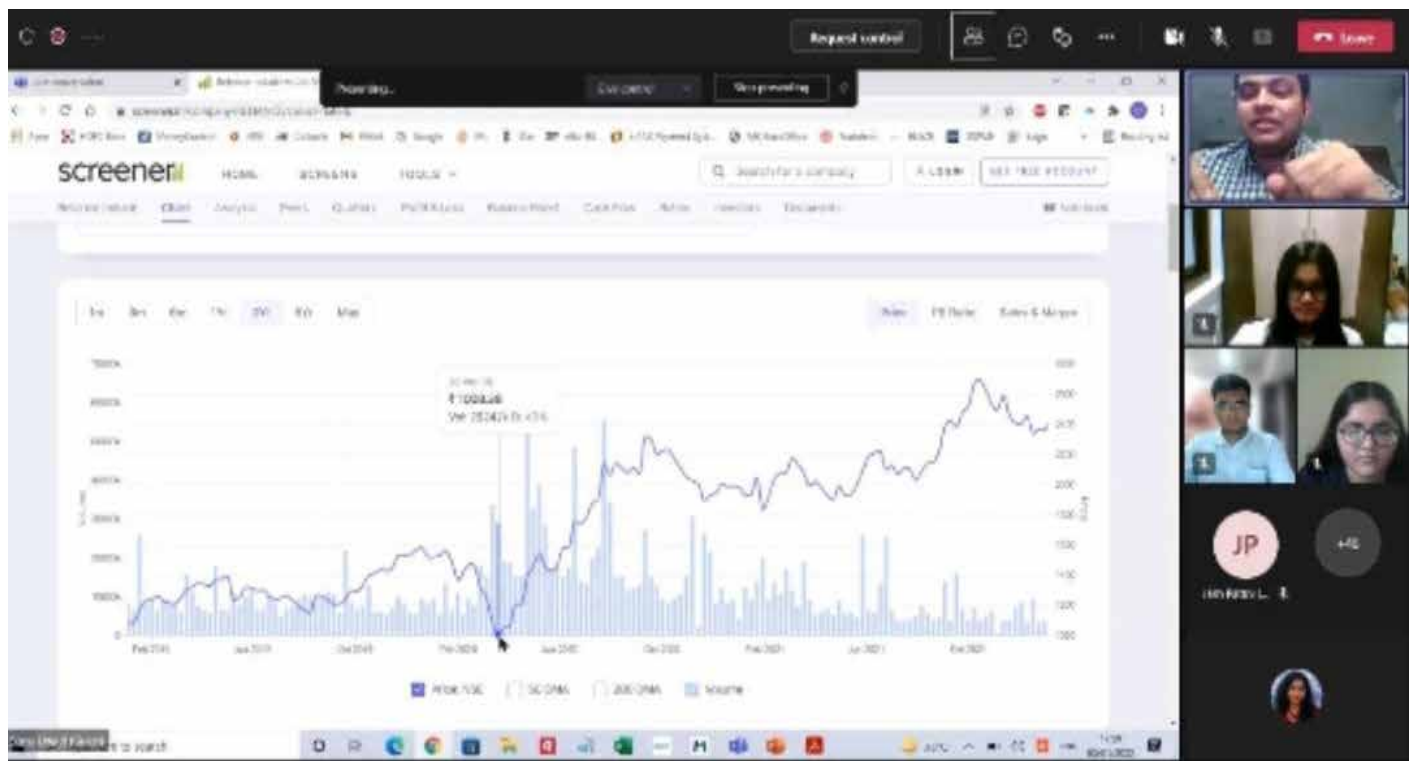

also is an MS in Finance candidate at the University of Illinois Urbana-Champaign and has previously worked at InCred Capital and CGS-CIMB Securities as an equity research analyst. An NM alumnus, his expertise on equity research and analysis made for a highly informative session. The speaker spoke on an enticing range of topics viz. the specifics on types of analysts, job profile, required skills and tools, further appended by real-life sample equity reports, left us yearning for more. He recommended valuable resources for further research. This was followed with an interactive Q&A round. An eclectic range of out-of-the-box questions and equally remarkable responses gave us further insight into the world of equity research and analysis. The session garnered an attendance of around 60 college students. A friendly environment was maintained throughout the event where students were free to clear their doubts or queries. The event was a huge triumph as students gleaned an extensive overview of the following subject

Some excerpts from the Session

A. Work-life Balance: Mr. Unadkat made sure our attendees understand the dedication this career option demands. He mentioned that having to pull late nights and additional research independent of work hours was common.

B. Educational Requirements: He mentioned that although starting your career as an equity research analyst with the degree of Chartered Accountancy or with level 1 of Chartered Financial Analyst was a good idea, it ultimately comes down to an individual's grasp on the subject and work.

THE EMBEZZLER

- ▶ **DATE:** Saturday, 5th February 2022.
- ▶ **TIME:** 4:00 P.M. to 6:00 P.M.
- ▶ **PLATFORM:** MS Teams and Quizizz

Our flagship event necessitated participants to get their hands dirty and step into the shoes of an 'embezzler'. Their goal? To literally get away with it, by racing against both time and tax officers using their accounting skills, numerical accuracy and wit in the most appealing way possible. The culmination of a year's worth of efforts, the objective of the event was to represent the semi-formal theme that we'd set for the academic year, i.e. entertaining and educational. The event also aimed to test the accounting, number-crunching and financial acumen of the participants in a time-bound setting. The event was conducted in two exciting rounds comprising of concepts like 'Wild Cards' and 'Jail'. Team AOA ended the year on a largely satisfying note with roughly 30 enthusiastic participants attending the event. The participants not only got to experience a virtual board game of sorts, but also acquainted themselves with various accounting concepts in an engaging manner.

Noteworthy Highlights

Jail: The most dreaded place for the best of embezzlers.

Library Report 2021-22

The college library was open during pandemic for books circulation. The library reading room started working since the day college premises made open for the students after government recommendations to follow the precautionary measures. The library is working on physical as well as digital online mode.

Library Modernization:

Division wise **Google groups** for all courses were updated immediately after admissions and used for regularly sending various academic instructions and notices and information about library resources. The Google Groups were also used to provide library services online such as sending interactive library newsletter, instructions for using online databases, etc.

The **remote** access to online database was provided through links on the library webpage on college website and individual ID and password were provided to all staff and students. The library has institutional membership of NList consortia of INFLIBNET providing access to numerous e-journals and e-books. The online resources of Taxmann Publication providing information on business laws, accountancy and taxation through email service regularly. The SVKM has provided 33 databases on e-books, e-journals, companies, law, statistical information of India, case study, research, marketing, etc. The details about subscribed databases and Sage publications printed and online journals were brought to the notice of students regularly every week through Google groups and library newsletter.

The **Information Repository** containing subject bibliographies, library newsletters archives and previous question papers of all classes was regularly updated on library webpage on the college website. The Other Online Resources portal in digital library on college website also provides links to various online resources useful for staff and students for assignments, competitions and competitive exams was periodically updated.

The library was constantly in contact with faculties, staff and students during the whole year through Google Groups, Institutionalised Outlook Email, MS-Team and WhatsApp. The library had spared no efforts to get the soft copies of books, case studies, newspapers and journal articles required by faculties and students, as per their demands from time to time throughout the year.

Library usage (June 2021- April 2022):

SVKM Databases	Nlist Database	Printed Books Circulated	Library Reading room
37387	1356	594	9800

Library Newsletter:

A regular monthly publication Library Xpress – a library newsletter proved very useful to take library to the users. As it is published online in information repository on the college website and also circulated via emails through Google Groups ensures that it reaches to every student and all faculties and staff members. All the archives are made available in Information Repository on library webpage of the college website. The newsletter include articles giving details about various important online information resources along with

the clickable links on different topics from various syllabi. It also gives information such as cover pages of new books arrived in library along with links to the review of these books, detail of the services provided to students, details about different databases, cover pages with links for reading promotion, students flair on the articles and poems written by students, feedbacks, etc.

Services to Ex-students:

During this academic year the certified copies of syllabus were issued to 4 students for their further studies. Total 46 ex-students used library reading room facility when college reopened for students after pandemic.

Library Committee:

The library committee had taken initiatives to suggest books for library and asking faculties to suggest for library books and periodicals procurement. Vachan Purna Diwas with teaching and non-teaching staff is also celebrated online with MS-Team app.

The Library Committee took initiative to encourage the Friends of Library Students to be active in reading, writing and research activities throughout the year.

Staff achievements:

Librarian Dr. Vaishali Dawar received Global Librarians' Award from AKS Education Awards on 08 August 2021. She had attended National Webinar on 'Research Publications, Awards and Collaborations' organized by Research Committee of N M College on Saturday 28th August, 2021. Also attended 64 hours of learning on various faculty development programs conducted by the Central Training facility by SVKM HR department.

JUNIOR COLLEGE ASSOCIATIONS

NEWSLETTER

With a view of canvassing societally-pivotal topics we have our newsletter titled,

“Transitioning Times- Bringing the real to you,” which is a Junior College initiative led by a team of students who are on a path to shed light on indispensable subject matters. An issue is published every month with differential topics, thoroughly researched, articulated with written pieces and graphics. As a result, the transitioning crew has managed to gain expertise and gravitas on various concepts and have an aim to proliferate it further via the medium of their work. The team consisted of five students with one aim- Editor-in-Chief Divya Rathi, Designer- Vini Mehta, PR head- Brinda Gada, Assistant Editor- Vidhi Khanna and Assistant Designer- Pushti Mathuria. The competent team was led, mentored and guided by the teachers-in-charge Mrs. Geetha Menon and Mrs. Meenal Deshmukh.

Fear of Exams Seminar, 3rd December 2021

The Session was conducted by the "Conscious Citizens' Club of NM College." Psychologist Ms. Neha Patel was the expert invited to speak at the session.

Principal Dr. Parag Ajgaonkar, in his inaugural speech, gave away some useful tips like, "Just focus on the process rather than the result." and "The journey to success starts only when you go out of your comfort zone."

Neha Ma'am gave a lot of insights on how to cope with the fears arising out of the pressure of examinations. She revealed that while some stress is important as it will give us the power to act, excessive exposure to constant stress can kill. Keeping the distractions away and watching what you feed your mind with is vital.

The students could relate to most of what she said and admitted that it did give them confidence for the upcoming semester exams next week.

The Seminar was conducted in hybrid mode, with students attending it via Microsoft Teams meeting, as well as the spacious Seminar Hall. This was the first event our college was conducting in this unique way, since the lockdown in March 2020.

The Game Changers, 16th December 2021

“The Game Changers” is a documentary that follows the journey of global athletes as they train, prepare for, and compete in major sporting and athletic events. It depicts the journey of James Wilks as he travels the world on a quest for the truth about meat, proteins, and the health, strength, and vitality of the human body.

The documentary shows how many professional athletes improved their performance, recovery from injuries and fatigue as well as overall health by permanently shifting to a completely plant-based diet. The documentary was filmed to make the students aware of the importance of having a healthy diet.

The documentary was screened via Microsoft Teams. The key takeaways, as per the students, from the film, were as follows:

1. A vegan diet increases one's strength and stamina levels, helping one to be physically and mentally more active and sharper.
2. A vegan diet greatly reduces the risk of many heart-related diseases and reduces the level of cholesterol in the body, aiding the body's metabolic activities.
3. It is very important to understand the dynamics of our bodies with the food we eat and to ensure the most efficient diet to help take appropriate care of it till we live.

It was an eye-opener for all of us, with all the latest scientific research and surveys pointing towards a plant-based low-fat whole food diet to enhance one's health in the long run.

Teachers' Day - 16 September

Teachers' Day celebration was organised by the Students' Forum of junior college on 16th September, Thursday on MS Team. Interesting fun games with some music of the bygone era were organised for the teachers which was a very refreshing experience. The next part of the celebration was very unique where representatives of various committees of junior college expressed their affection and gratitude for teachers in their own extraordinary way. Lastly, a video by the members of the Students' Forum was presented expressing their feelings. It also included moments of the past years' celebration making everyone nostalgic.

Clash of Committees - 29 November

The signing off event of the Students' Forum, the Clash of Committees, was conducted on 29th November on MS Teams. All the thirteen committees of the junior college participated in the event and competed to win the title of the best committee of the year. It was conducted in four rounds. Each round involved testing of

various skills and talents. The Computer Society won the title and the trophy of the Best Committee of the Year 2021/22 with their students exhibiting their wit and intelligence throughout to deserve the title.

Trivia Smuggle, 8th September 2021:

A Glimpse from the Event

With alacritous spirits, The Wildlife and Nature Club (Jr.) hosted its opening event 'Trivia Smuggle'. The first round, 'Quiz it up', challenged the participants to unravel tricky questions on 'Kahoot'. The next round, 'Pictorially Caged' involved scrutinizing a presented documentary and answering compelling questions from the same. In the final, most staggering round, 'Poach De Bait', the top participants locked horns in a passionate and rational debate on the topic, 'Are zoos sanctuaries or prisons?'. Exceptional arguments were laid on the floor and equally brilliant counter-arguments were made. The path for the winners was paved by the fine judgement by English Teacher Mrs. Levinda Alphonso. The event aimed to spread awareness about the jeopardy faced by animals in peril. Essentially, a truly gripping event, one that shall be etched in memory.

**Ethereal Earthlings, 25th November 2021:***Live Shot from the Event*

An evening filled with limitless excitement, paved way for the second event 'Ethereal Earthlings'. It was conducted on Microsoft Teams. Spreading awareness about the endangerment of animals was the motto of this event. In the first round, 'See, Spot, Run', teams used their analytical abilities to crack riddles through the course of a narration including captivating animations and voice-overs. In the following round, 'Selection Day', participants acquired themselves a team in exchange for points. The deftest teams, set out for the last, most invigorating round, 'Law of the Jungle' wherein each team went against another in an attack and defense battle using their acquired teams. Two teams proved victorious owing to their competence and quick-thinking. Overall, the event was successful and well executed: A phenomenal experience to say the least.

Clime of the Realm, 20th December, 2021:*A Peek from the Event*

'Clime of the Realm': A global Environmental awareness event took place on MS Teams. Its engrossing rounds focused on spreading awareness regarding the climatic problems of different countries, in a convivial manner. The first two rounds 'Word Boggle' and 'Cityscape' revolved around global climate issues and put the promptness and delivery of the participants to test. The swiftest responders from the third, game-like round, 'Around the World' were awarded with victory. The multiple rounds were accompanied by aesthetic visuals with active participation and eagerness from participants. The event received gratifying feedbacks from its participants hence, safely deemed a success.

**Report:**

The Hobby Centre Jr of NM College had organized three events in the year 2021 that celebrated creativity and passion, served as a link between talent and opportunities and provided a platform for aspiring students.

Ode To Joy, 7th September 2021

The first round was conducted on the quiz conducting platform of 'Kahoot', wherein the participants had to answer some questions related to childhood cartoons and games.

The top 12 participants qualified in round 2. In round 2, '10 Questions' one of the participants had to guess the given word within one minute. The main twist in this round was that the teammate had to guess the word only by asking 10 questions to his/her partner.

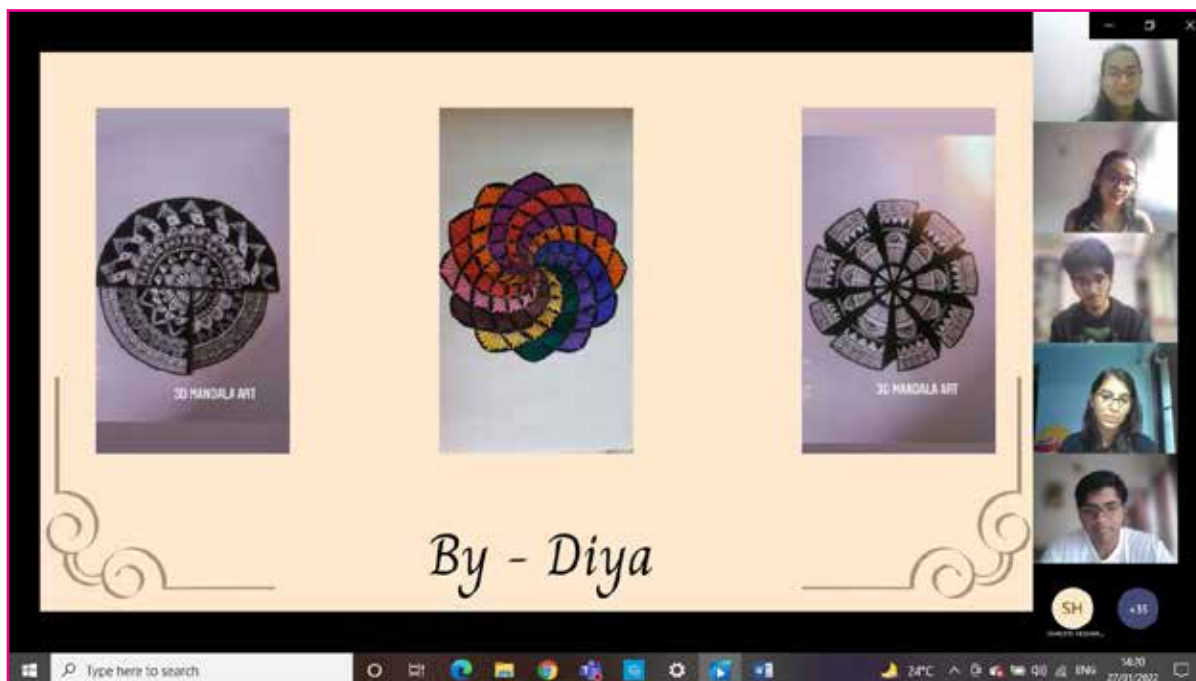

The top three teams were qualified for the final round. In the final round named 'Pictionary', one of the teammates had to draw the given word and the other had to guess it within minimum time.

When Ink Meets Art, 1st December 2021

The second event was a workshop that was headed by the highly skilled and experienced Mrs Mallika Agrawal. We kicked off the workshop with the basics of calligraphy, such as how to hold the pen and the rhythm required to gain momentum.

The participants were then introduced to the basic calligraphy strokes that serves as a base.

We gradually took it up a notch by naming art in calligraphy, as we learnt how to write alphabets with the strokes taught to us earlier.

3D Mandala art by student participant

Talentino, 22nd December 2021

The event experienced mass participation from several distinct categories, namely: Painting, Drawing, Graphic Designing, Writing, etc. where participants were told to send their artwork. We made the event more compelling by organizing 5 game rounds for everyone present, ranging from guessing a song through its English translation to guessing the movie with the help of emojis. Those who gave correct answers, were rewarded with exciting gifts. The winners were chosen through a voting system wherein the event's viewers voted for their favourite piece of art on our Instagram story.

EPILOGUE

All the three events conducted were a great success and adored by our participants. We were lucky to have the consistent support of our teachers.

1. SYNCPHONY

Date: 22nd September, 2021 Time: 5.00 p.m.

Platform- MS Teams

Our first event was a music competition, where young singers and musicians got an opportunity to showcase their talent.

Two rounds were held for vocalists and instrumentalists.

First round had two parts namely- “Festivista” (for vocalists) where participants had to sing a song based on one of the festivals of Indian culture. This was a theme based round where they were informed about the theme on the day of the event. “Sun Meri Dhun” (for instrumentalists) in this part all the instrumentalist were asked to play any song of their choice on their preferred instrument.

Second round also had two parts namely- “The Jack of Tracks” (for vocalists) where a compilation track of 10 songs were send to the participants and they were asked to sing any one of the songs from the track on the spot. “Andhadhun” (for instrumentalists) in this round all the instrumentalist was asked to play any song of their choice but blindfolded.

Her performance inspired the participants.

2. RHYDHUN

Date: 30th November, 2021 **Time:** 3.00 p.m.

Platform: MS Teams

Our second event was a dance competition, where young dancers got an opportunity to showcase their talent. Two rounds were held namely, Rab Ne Bana Di Jodi – where participants were competing against each other in sets of 2. Each of them were given a Bollywood movie pair and they had to perform on one of their songs in the limited time frame.

The second round was All Hails The 2000's. In this round all participants were sent a track consisting of 10 Bollywood songs from the early 2000's, a day in advance. Each participant was allotted a song from the track before their performance and they had to perform on the spot in the limited time frame

Our winner Natasha, performing for her first round.

Report:

The Debate and Literary society of NM College hosted a panoply of exciting events during the academic year 2021-2022.

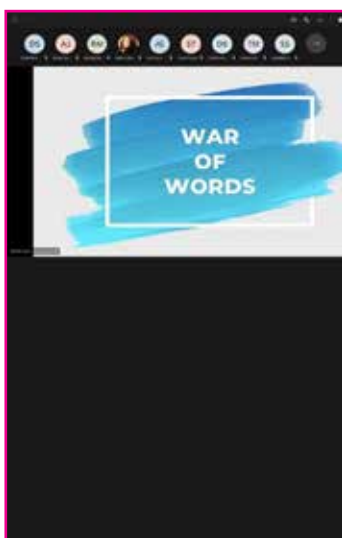

Reader's Dozen, 23rd September, 2021.

Our first event, designed for the bibliophiles, revolved around the theme of books and novels of all genres. For the first round, collages comprising pictures of famous books with a brief description were presented to all the participants. They had to guess the names of these books. Five participants with the highest scores qualified for the second round. Here, they were given six books from which they had to choose one and come up with a fan theory based on a hypothetical question. It was indeed amusing to hear these unique stories about the characters we have grown to love. Our judges were ex-NMites and members of the society - Shreyas Chaturvedi and Suhani Agarwal. Shikha Bheda secured the first position.

Spookify, 15th November, 2021.

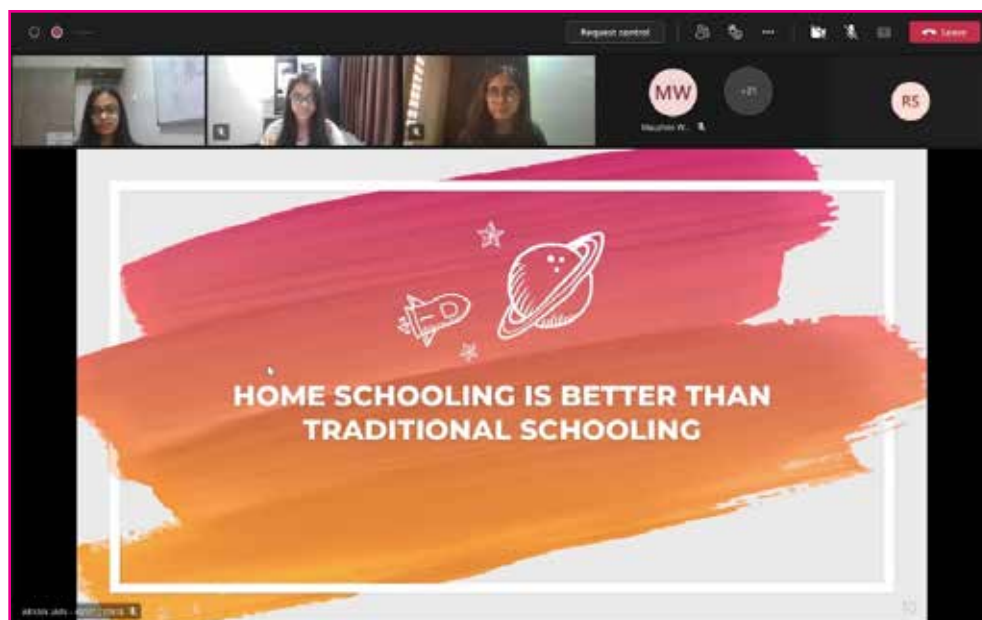

Jump scares are a thing of the past! Spookify was a step towards bringing about a change in the monotonous tune of things. In the first round, the participants were asked to choose from a myriad of writing prompts and write a paragraph within sixty seconds. After every minute, a word was unveiled to the participants to be incorporated in their story. The round concluded with all the participants reading out their spooky stories to the audience. In the next round, five finalists had to spontaneously weave a haunting tale using a picture presented to them. Their potential to twist relatively normal pictures into frightening anecdotes was astounding. Mrs. Meenal Deshmukh and Mr. Jaikrishnan Subramanian were our judges for the event. Kiara Karir was declared the winner.

War Of Words, 4th January, 2022.

Would the debate society conclude the year without a debate? Of course, not! Our last event was an energetic debate where all the participants were divided into groups of two and each pair was given a topic to debate upon. After preparation, each of them was allotted two minutes to put across their views. They were then given a minute each to counter-question their opponents and this was followed by questions from the judges. The event was judged by Ms. Maushmi Wagle and Ms. Sonal Trivedi. The five rounds of debate concluded with Yashovardhan Jain emerging as the winner.

सचिव(Secretary):व्योम गाला

उप-सचिव(Joint-Secretary) : नंदिश देढिया

कोषाध्यक्ष(Treasurer) : साक्षी राय

मंडल के सदस्य (Core Committee Members): करण मजूमदार, युविका जैन, हर्षिता जैन, कृष्णा मधानी, हर्षिका शेटी, ध्रुमि अजमेरा, श्राविका रूनवाल, सिद्धि जैन, ध्रुव कोठारी, हितार्थ देसाई, अंजलि मेहता, आंचल जैन, प्रियंक बाफना।

विवरण (REPORT):-

इस वर्ष, हिंदी साहित्य मंडल ने २ कार्यक्रमों का आयोजन किया। इंस्टाग्राम पर पहला इवेंट २८ अक्टूबर २०२१ से ३ नवंबर २०२१ तक 'द ग्रेट पोएट्स वीक' था। हर दिन, लोग हिंदी साहित्य के कुछ महान कवियों के बारे में जानकारी प्राप्त करते थे और इसके साथ छात्रों की प्रतियोगिता (कवि का कमाल) भी थी, उसमें कई छात्रों द्वारा विभिन्न-विभिन्न विषयों पर कविताएं लिखी गई थी। इस कार्यक्रम का उद्देश्य छात्रों को हिंदी साहित्य के कुछ महान कवियों के बारे में जानकारी देना तथा छात्रों को हिंदी भाषा में कविताएं लिखने के लिए प्रोत्साहित करना था।

हिंदी साहित्य मंडल ने २३ दिसंबर २०२१ को बॉलीवुड प्रीमियर लीग (BPL) नामक दूसरा कार्यक्रम का आयोजन किया था। यह कार्यक्रम विशुद्ध रूप से बॉलीवुड अभिनेताओं, फिल्मों, गायकों आदि पर आधारित छात्रों से कुछ प्रश्न पूछे गए थे। इस कार्यक्रम में ४ राउंड थे जो पूरी तरह से अद्वितीय और काफी दिलचस्प थे। पहला राउंड बझर राउंड था और कई तरह के प्रश्न दिखाए गए थे जैसे कि अंग्रेजी अनुवाद या इमोजी द्वारा फिल्म का अनुमान लगाना और भी बहुत कुछ। दूसरा राउंड सुनो, देखो और पहचानो था जहां सभी प्रश्न पूरी तरह से ऑडियो या छवि पर आधारित थे। तीसरा और चौथा राउंड मेंटी डॉट कॉम पर चलाया गया जहां सटीकता की जांच के लिए दिए गए कम से कम समय में सही उत्तर प्राप्त करना था। इस आयोजन का मकसद छात्रों को कुछ बॉलीवुड फिल्मों देखने के लिए प्रोत्साहित करना था जो छात्रों के लिए ज्ञानवर्धक, मनोरंजक और आगे चल के जीवन के लिए मार्गदर्शक साबित होगी।

तांत्रिक कार्य: रिद्धी सावंत, चिन्मय वैती

कोषाध्यक्ष: दिशा पै

नरसी मोनजी वाणिज्य व अर्थशास्त्र महाविद्यालय येथील 'मराठी साहित्य मंडळ अतिशय अत्यंत उत्साहात कार्यरत आहे. महाराष्ट्रातील प्रत्येकाच्या दैनंदिन जीवनातील प्रत्येक गोष्टीत मराठी भाषा आणि संस्कृती भिनलेली आहे व तिचा आदर राखून आपण तिचे कायम संवर्धन केले पाहिजे याच भावनेतून मराठी साहित्य मंडळ काम करते आहे. २०२१-२०२२ या वर्षी देखील कोरोना महामारीचा विळखा कायम राहीला. प्रत्यक्षात कार्यक्रम आयोजित होऊ शकले नाहीत, पण ऑनलाईन माध्यमातून अतिशय उत्साहाने मराठी साहित्य मंडळ नव्या रूपात कार्यरत राहिले.

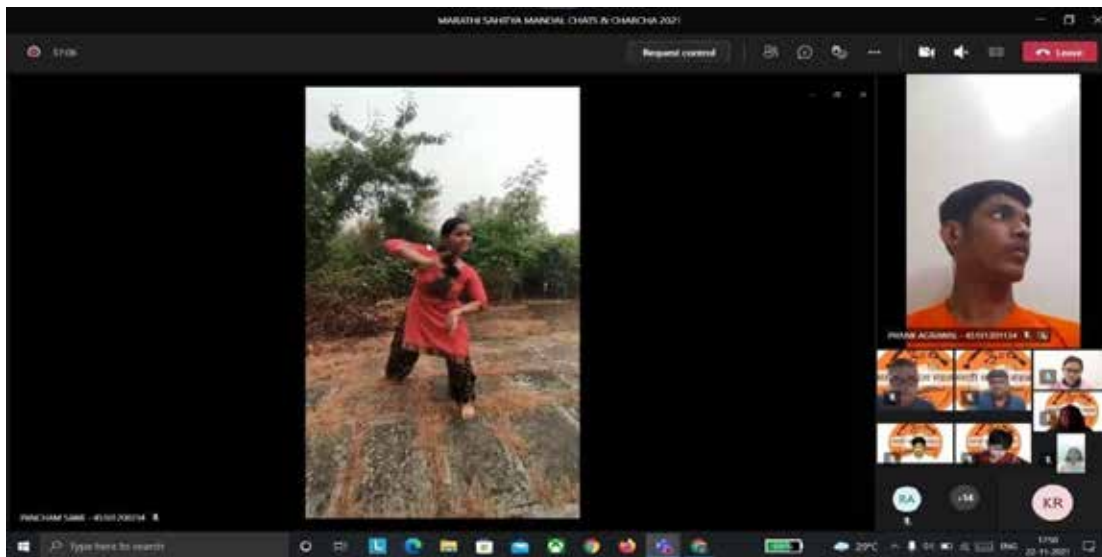

गुरू पौर्णिमा व शिक्षक दिनाच्या शुभेच्छा

२०२१-२०२२ या शैक्षणिक वर्षात मराठी साहित्य मंडळाने गुरूपौर्णिमा तसेच शिक्षक दिनाच्या निमित्ताने खास विडिओ प्रस्तुती सादर केली. गुरूपौर्णिमेसाठी आपल्या जीवनात गुरूंचे महत्त्व सांगणारी एक पौराणिक कथा सांगितली तर शिक्षक दिनाच्यासाठी सर्व विद्यार्थी सदस्यांनी आपापल्या घरून कविता वाचनाच्या माध्यमातून शिक्षकांचे आभार व्यक्त केले.

अविर्भाव स्पर्धा

“हृदयाची प्रत्येक भावना व्यक्त करण्याचे माध्यम म्हणजेच नृत्य” हेच मनात ठेवून मराठी साहित्य मंडळाने अविर्भाव नृत्य स्पर्धा १ ते १० ऑक्टोबर दरम्यान आयोजित केली होती. या स्पर्धेसाठीही खुप चांगला प्रतिसाद मिळाला. स्पर्धकांनी विविध मराठी गाण्यांवर नृत्य सादर केले. महाविद्यालयातील वरिष्ठ शिक्षिका श्रीमती सोनल त्रिवेदी यांनी या स्पर्धेसाठी जज म्हणून काम पाहिले. ‘जान्हवी शिराली’ व ‘खुशी कठारे’ यांनी ही स्पर्धा जिंकली.

मराठी साहित्य मंडळाने २२ नोव्हेंबर २०२१ रोजी संध्याकाळी ५ वाजता 'चॅट्स अन् चर्चा' या कार्यक्रमाचे आयोजन केले होते. या कार्यक्रमाचा उद्देश्य होता, चर्चेतून सगळ्यांचे ज्ञान वाढवणे तसेच एकमेकांचे विचार समजून घेणे. पहिल्या फेरीत सगळ्या स्पर्धकांनी सामान्य ज्ञानावर आधारित प्रश्नांची उत्तरे देण्याचा प्रयत्न केला तर दुसऱ्या फेरीत भारतीय सणांवर आधारित शब्दकोडी सोडवली. तिसरी व शेवटची फेरी 'वाद – विवाद स्पर्धा' होती. या फेरीसाठी महाविद्यालयच्या पर्यवेक्षक श्रीमती शिवानी भट्ट यांनी जज म्हणून काम केले. खूप तर्क-वितर्क, प्रश्न, प्रतिप्रश्नांनंतर 'तान्या सहानी' व 'आर्यन उकिडवे' या स्पर्धेचे विजेते ठरले.

REPORT:

The French Association organized various informative as well as enjoyable events throughout the year. The important feature of these events was the inclusion of French element in each of them which builds a curiosity and an affinity towards the language and the culture. The motto of the French association, 'Que la fête commence' is what inspired the team to plan all the event around the fact that not everyone knows French but making them aware about the culture need not be through the language only.

EVENT 1

NAME - 'Jeux de mots'

DATE – 2ND SEPT 2021

JEUX DE MOTS – 2ND SEPT 2021

On the 2nd of September, 2021 The French Association of N.M College had

organized “**Jeux de mots**” also known as **Game of Words** . It was conducted online through the “Microsoft Teams” platform at 4pm.

The event consisted of 3 challenging rounds which would test the participants on their vocational skills, vocabulary and literature.

The first round was **2 pics and 1 word**. In this round the participants were given 2 pictures of a random object and they had to guess the object. Participants had to answer 4 questions each.

The second round was a **Game of Kahoot**. In this round the participants were given a link to the kahoot platform where they were asked some out of the box questions. Here, the participant’s understanding of the language was tested at its best. This round kept the participants super captivated and engrossed to compete against each other.

The third and final round was a game of **Rapid Fire**. For this round, each participant was given 30 seconds each to guess as many slides possible. This round definitely gave all the participants a brilliant knowledge about French vocabulary.

Miss Labdhi Patwa won the first place. Master Pratham Kiri secured the second place and Miss Nishi Darji won the third place.

Cash Coupons and rewards from our sponsor ‘**House of Cakes**’ were offered to the winners.

**EVENT 2****NAME – 'Faisons Cuire Ensemble'****DATE – 14TH OCT 2021****FAISONS CUIRE ENSEMBLE – 14TH OCT 2021**

On the 14th of October, 2021 the French Association of N.M College had organized “Faisons Cuire Ensemble” which was a Workshop for Tartes Aux Pommes (Apple Pie). It was conducted online through the “Microsoft Teams” platform 5pm onwards. The participants were taught the recipe of apple pie and were shown how to make this delicious dessert step by step by our very own student Aria Fernandez, who is also a part of the French Association. Along with the dessert, a refreshing French drink- the French Soda was also taught in the event.

People from all age groups including parents, students and teachers joined the event. Various fillers relation to French cuisine were arranged to keep the audience entertained. This event proved to be very informative and taught an amazing recipe which can be learnt and used by anyone.

**EVENT 3****NAME - 'À La Mode'****DATE – 18TH DEC 2021****A LA MODE – 18TH DEC 2021**

On the 18th of December, 2021 the French Association of N.M College had organized “A La Mode” which was an event based on French fashion, and the winners of the event won the title of **mademoiselle française et monsieur français**. It was conducted online through the “Microsoft Teams” platform from 5 pm onwards. In round 1, the participants were required to dress using various accessories in colours of the **French Flag**. The second round judged the creative and thinking skill based on the HYERES FESTIVAL of FRANCE. The third and final round demanded participants to style themselves with any French element depicting their culture. The judging depended upon appropriateness of the costumes, their relevance to the theme, creativity and style. Along with these, the participants were also judged on their understanding of the French culture and the element that they depicted. While the participants prepared, fun fillers were arranged for the audience.

TECHBASH'21

1. Bidder's Crown – 24th August, 2021:

The Computer Society (Jr.), like the year before, continued to conduct its events on the online platform-Microsoft Teams. This particular event was an online debut of our annual IPL auction. The event began with a challenging quiz based on cricket trivia followed by the auctioning of various IPL players, keeping the participants on the edge of their seats as they bid for their favourite players.

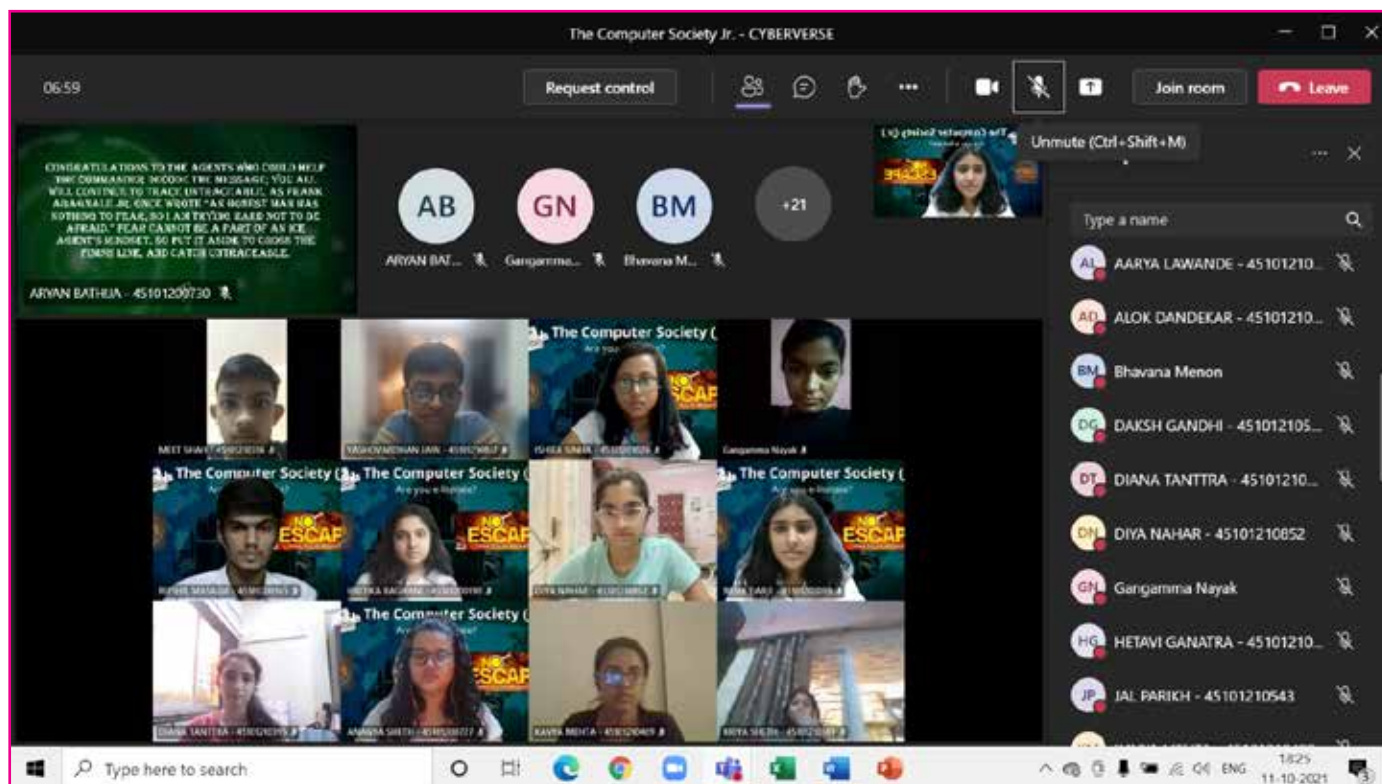

Teams bidding for various players

2. Cyberverse - 11th October, 2021:

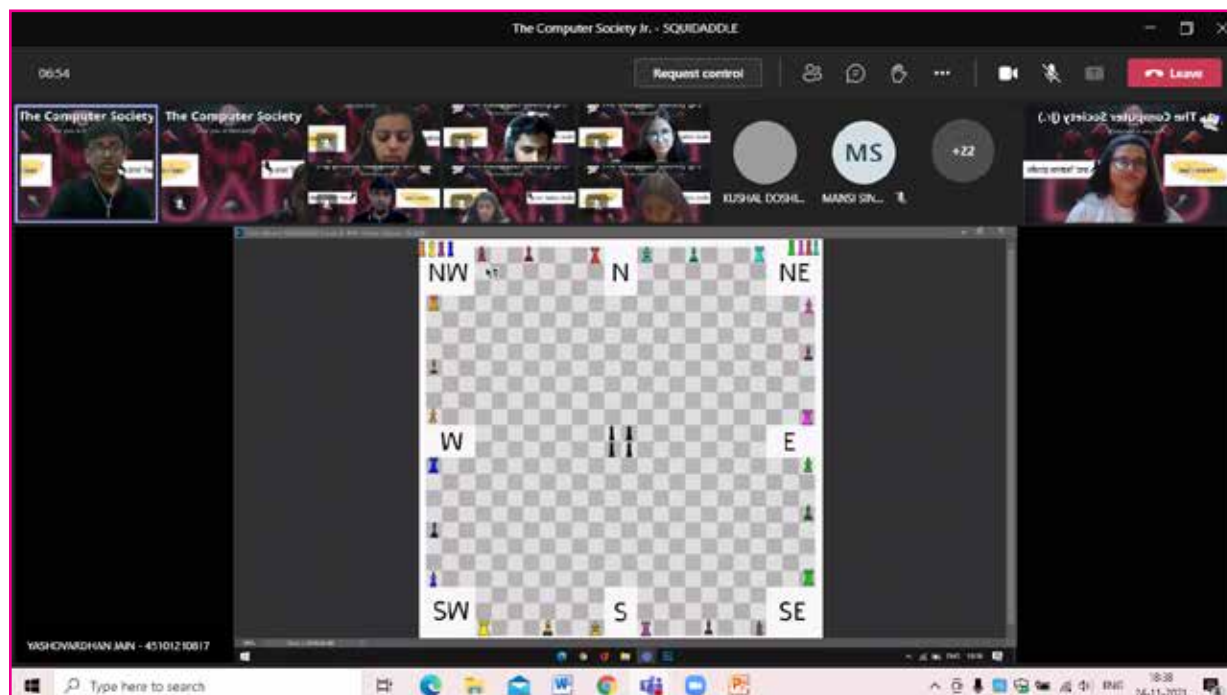

This was an event based on tracing a notorious hacker called Untraceable through a secret agency called ICE (Intelligence and Counter-Espionage). The event consisted of a challenging quiz and a mind-raking crossword as the beginning rounds, but the highlight of the event was the treasure hunt, which consisted of a custom designed website which would lead the participants to various social media accounts of Untraceable, helping them uncover his identity. To move forward from one site to the next, the participants had to decode several clues which tested critical thinking and problem-solving abilities.

Participants solving the treasure hunt

3. Squidaddle – 24th November, 2021

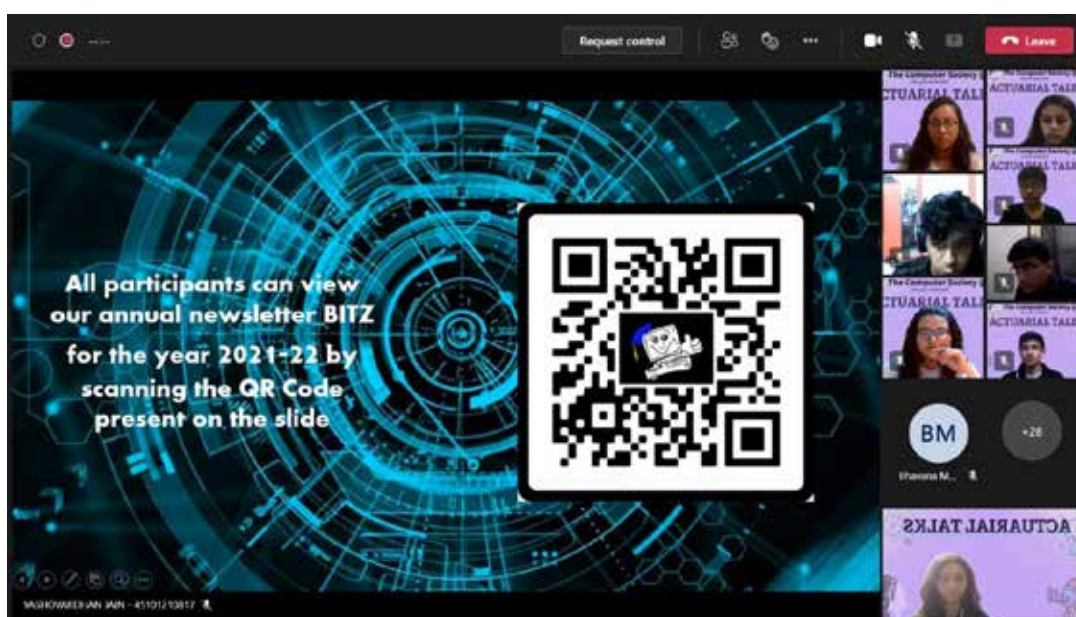

This event was an amalgamation of traditional games that were modified to fit to the inspiration of a trending Korean Drama Series called Squid Games. Participants were expected to successfully answer multiple logical reasoning questions under time constraints. For the final round, a unique 8- player chess game was specially designed and prepared.

Participants playing on the customized game board

4. Actuarial Talks- 17th December, 2021:

From what actuaries are, all the way to how to become one, the session was productive indeed. The Actuarial Society and Mr. Akash Rughani, the program director at IAQS(Institute of Actuarial and Quantitative Studies) joined us in conducting this wonderfully informative session. Followed by the webinar and a fun round of QnA, we released our annual newsletter Bitz 2021-22.

Report:

Event Name: Venture Up

Date: 24th September, 2021.

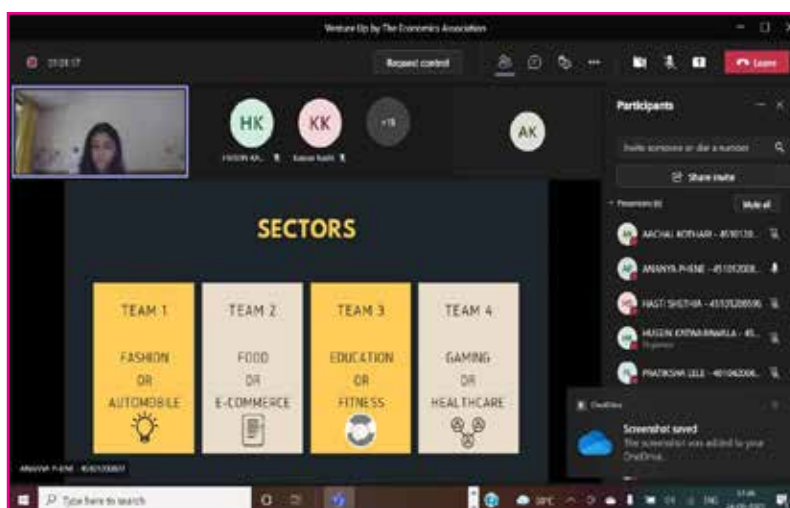

The first event for the academic year 2021-22 was called Venture Up and it was based on the overall concept of start-ups. In the preliminary round, participants were quizzed on a wide array of global start-ups and they put up an expeditious display of knowledge. The second round tested the innovative and cognitive skills of participants who had to spontaneously create and pitch an original start-up idea based on the sector allotted to them, along with a partner.

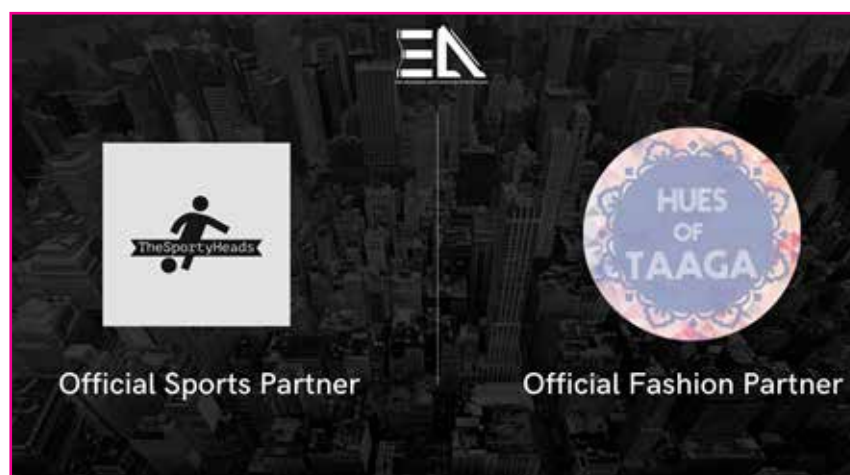

The sponsors for this event were:

Event Name: Escapology

Date: 26th November, 2021.

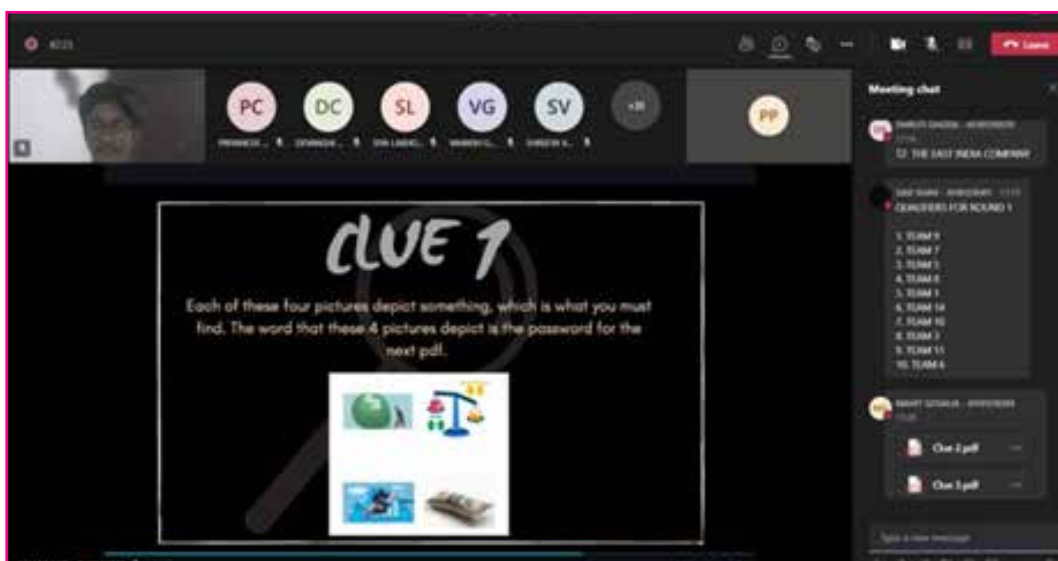

The second event of the year, Escapology comprised a variety of distinct rounds. First round tested the overall awareness of participants with respect to Economics. 10 participants qualified to the next round which revolved around the idea of a virtual escape room. There were a series of pdfs containing mind-boggling questions on different logical and economical concepts. Each pdf was password protected and one had to solve the question correctly and apply the resultant answer as the password for the successive pdf. This riveting round garnered a positive response from all and the top 3 teams proceeded to the final round. The last round was a debate on the topic: 'Which sector contributes the most to Indian Economy- primary, secondary or tertiary'. An academic discourse with varied opinions followed.

The Social Dilemma

It was 4000 BCE when the human civilization had just commenced establishment. The practice of agriculture had led to the inception of human societies. The primitive man dawned to converse; exchange the thoughts and emotions internalizing the norms and ideologies of the society. Consequently, humans began to socialize and today, are widely referred to as social animals.

Social Media: Emergence

Intellectuality requires information. Information needs a medium to flow. The mass media is referred to as the means of communication and exchange of information. It is solemnly regarded as the tool of transforming society into a utopia.

With the advent of the internet, man's virtual companionship grew outside his four walls. His impulse to communicate fuelled the evolution of social media. Social media kept on becoming deeper and denser to set off a stigma on human social behaviour.

Social Media: Harm to Harmony

Harmony is peace. It is tranquillity. It includes the concept of societal friendship. Social media is not the link connecting us and society, rather it is a barrier between peace and us. The truth is: We do not live real life but rather imprison ourselves in the realm of this dilemma.

In a deeper sense, social media lends the feeling of pleasure making us addicted to its usage. Today, this materialistic world lacks the peace and tranquillity which our forefathers had had. Social media and its weapons: like, share, comment, have ramshackled our life. Under the guise of socialization, it has risked our privacy too. This demon has also fragmented us from our family. All of these circumstances leave us in the 'social dilemma'.

It's our society; where our family lives and where we do get the virtue of peace and harmony.

'True harmony is No reverberations on the social network.'

BALLAD OF A DEAD SOLDIER

The wind struck the tree, the leaves fell
The tree bears no harm at all, they tell
What's the reality? Is it even that bad!
Selfish opinions, who knew the pain the tree had

People say he's so young, Is life even more complicated?
They can't see the shiver, problems undebated
It's the human nature, as far as I think
To Sabotage the saviour and sacred sin

He wanted to share but who was even bothered
Even life givers just wanted him to be honoured
It was like the hit which we feel later
The lonely darkest hours made him feel safer

Paranoiac feelings, all he thrived for was some rest
when everyone gave up only cancer was left
Everyone was devastated but he smiled
Because he knew there would be a last night

Why we just cry our issues and do not listen
Are we so lost that we cannot find a reason?
He was not an army man nor at a war scene
He died fighting society; he was just 18.

SHE CHANGES

From a foal to a horse,
From a bud to a flower,
Liberated by joy from remorse,
From a drop to a shower,
It's evolution that I endorse.

She gallops forward like a horse,
And beautifies like a flower.
Her presence is refreshing like a cool shower,
It's pure happiness that she'll endorse.

She feels the moods constantly shift in the air,
From heavy and foggy to light and fair,
Not for a long time does she allow the foggy gloom to bug,
She always learns to rejoice with a hug.

She is composed of wonders and blunders,
She sees days with sunlight and thunder,
They often vary back and forth,
It's in changing with all this change where lies a lot of her life's worth.

Clouds

When I look at you,
I don't know what to say,
For all I know,
You are a bunch of cold drops,
Moving so slow that feels like time has come to a stop.
Probably observing us from above and reporting to the eternal God.

No one knows what you look like,
For all I know a rabbit, a sandwich or a swaying kite!
You keep changing from time to time,
Always fading when it's time to dine.
One look at you can make me mesmerized,
Like you have the power to hypnotize!

No one knows what you feel like,
For all I know you run as fast as a bike.
I stretch my hands to touch you,
But - "Bang!!", you vanish without giving any clue.
Still, you leave moisture on my hands
As a symbol of my love,
Which I am sure to keep till reminiscence.

No one knows what you're made of,
For all I know you are a backpack of rivers...
You give them homes when the earth abandons them,
And cry as hell when they abandon you.

No one knows what I am thinking,
For all I know you will stay in my heart, always and forever.

Lockdown Realisation

The realisation hits me,
In tough times of lockdown.
Their thoughts make me happy,
Their absence makes me frown.

Don't wonder much, for it's
My professors I'm talking about.
Troubling them with our fits,
Compelling them to shout.

With a deep-laid respect for them,
We tease them with a made-up name.
They make us dream with their knowledge stem,
They wake us too, with a chalk and an aim.

They make the lessons interesting,
With our pens, we go on adventures,
Formulas become our lyrics to sing,
They make our minds imagine & venture.

Shaping our characters with their stories,
They're the valuables, I never wanna part.
College is now a treasure of memories,
With the priceless values they impart.

The realisation hits me,
In tough times of lockdown.
Their thoughts make me happy,
Their absence makes me frown.

The Teardrop : My Looking Glass

On my way back home, I asked myself.
'Do I matter?' as a teardrop fell.

Sapped and broken, I felt weak.
Bland, lifeless and bleak.

Sullen, I turned to my right.
A beautiful palette within my sight.

A palette of shades of orange and red.
With tints of pink and yellow spread.

At this moment, on this day, who'd view.
And appreciate this beauty, this marriage of
hues?

Who'd take out time, to stop and stare.
At the sunset, this instant and share.

Share their thoughts and lines.
On how a sunset coerces one to shine.

Shine through words and experiences
flourished.
Those to be written, remembered and
cherished.

For if one, in future, has a bad day like mine.
Then a sunset like this will act as a good sign.

Another teardrop fell off my cheek.
This time, no sadness, but an inspiration to
me.

My teardrop is now my looking glass.
I reflect on myself as the hues pass.

Pillow

Mundane life, tiring day
A mind entangled with thoughts
I needed to escape, I needed to rest
Off to my room, to release the knots.

My head rested on the pillow
And covers that welcomed me
The soft fabric under my skin so dry
Now moist with tears, honey.

The pillowcase, now stained
The dampness unfelt under my skull
But the edges of the pillow
Subtly lifted, like arms around me, but arms
null.

Perhaps it's confined structure
Unable to tuck me in
Though I felt enveloped

Like a child around her mother's arms,
pleasant.

For which, a thought feasibly void
Perhaps the pillow, with arms null
Unable to comfort us, but surely
Makes one feel comfortable.

Perhaps it helps us fall asleep
To disentangle those knots, one by one
Migrate to the land of dreams
With nothing left undone.

Perhaps the pillow, with arms null
Unable to enclose me, for real
But give so much more instead
To make my next morning surreal.

I woke up the next day
Laughing at my night-time reverie
Those stains on the pillowcase, I see no more
Mayhaps the pillow really helped me set my
mind free.

HUSTLER OF PATRIARCHY

Taught to be subservient
Why my efforts not counted for
GDP too tiny to accommodate my efforts
I'm taken granted for

They say unpaid work don't add value
Justifying their short sightedness
But why demand so, and
pay the man for the volunteering

Working all day long
Duty as per Maleonomics
But working 9-7
Ahaha! An addition to the economy

We the greatest reserve for the patriarchy,
Pay low wages and see our contribution
To the industry, so stereotypical and
Low regarding

Always tagged as a homemaker
But donated beyond belief
Can't step in my shoes
My dear need to roll up the sleeves

Bernard's maid an earner
If made wife a Burden
Women a caretaker, love doesn't take anything
Men, a breadwinner who doesn't need anything
Ignoring the 90% of us
OH! Dear economist what you've been doing all along

A Prisoner Of Love
When day sets in, I am a hustler

I await the day when my work
Even if unpaid finds
its way in a well-deserved place.

परेशानी

जीवन के चारों तरफ है परेशानी परेशानी
घर के बाहर कदम रखो तो
सामने आती परेशानी
घर के अंदर कदम रखो
तो परेशानी ।

क्या कहूँ किसे कहूँ
समझ नहीं पाता
दिल में है कुछ अलफ़ाज
जिसे मैं किसी से कह
नहीं सकता ।

सिर्फ़ क्षण भर मिलता हूँ उससे,
जो साथ है मेरे सदियों से
मिलता हूँ मैं उससे
हर चाँदनी रात में
मिलता मैं नियन्ता से ।

जब जाता उसके धाम
तब याद नहीं आता

और कुछ काम ।

पूरे दिन की गाथा गा
देता उसके सामने
शांती से बैठा रहता
वो मेरे सामने ।

वहीं बैठकर सिखा
देता मुझे,
तू भी शांती से
रहना सबसे ।

ये कलम खुशमिज़ाज
हो जाती है उससे मिलके
पर इसकी भी है कुछ भावनाएँ
जो आज हम कोरे कागज़
पर लिख रहे।
